GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from A. JOYCE, Esq., General Superintendent, Presidency Workshops, to the Examiner, Public Works Accounts, dated Madras, 15th June 1887, No. 658 W. :—

I have the honor to address you with regard to a question, which, if agreeable to you, it would, I consider, be advisable to settle at once. In charging for work for State Railways done in our workshops, are they to be treated on as favorable terms as ordinary Public Works Department? I can find an order, with regard to the stores department, declaring that they shall not be so treated, but none with regard to the workshops. I allude especially to those railways constructed in the presidency of Madras itself, and which will, in all probability, be eventually worked and controlled by the Provincial Government, and which are now being constructed out of the revenue set aside for the prevention of famine. I am myself in favor of granting them the same rates as the ordinary Public Works Department.

No. 160 S.E. 5th.

Forwarded to the Secretary to Government, Public Works Department, with the remark that, if Government approve, there appears to be no objection to placing the State Railways on the same footing as other Imperial works in the matter of charges for work done by the Presidency workshops. These works are not charged any extra percentages to cover the cost of Public Works supervision, &c.

10th June 1887. (Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

ORDER—dated 24th June 1887, No. 1698 W., Public Works.

The proposal to place State Railways in the Madras presidency on the same footing as other Imperial works, in the matter of work done for them by the Public Works workshops at the presidency, is approved and sanctioned.
