15TH APRIL 1887, No. 673 L., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From W. AUSTIN, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 21st January 1887, No. 41.

I have the honor to submit the district consolidated budget of this board for 1887-88, together with the usual statements and a road map.

2. The budget, as prepared by the sub-committee, has been approved by the district board in their proceedings, No. 351, dated 22nd December 1886, copy of which is enclosed.

3. The receipts from Fishery rents and Avenues have again* this year been credited to the district board, as the state of the taluk funds was very unsatisfactory and large amounts had to be transferred from the district to the taluk funds: *vide* paragraph 2 of the budget estimate. It was therefore deemed advisable to retain the above receipts under the district board this year, to leave a balance of 5 per cent. of estimated receipts. Further, the receipts, if transferred to the taluk boards, will not benefit them individually, as the amount allotted to each will be small, while as a lump sum, they will prove of some advantage to the district board to bear the extra charges imposed on it by G.O., No. 1611, dated 29th November 1886.

* *Vide* paragraph 3 of G.O., No. 574 L.F., dated 26th May 1886.

2. All the unions in the district have not yet been formed, nor have they begun to work regularly. When they are all formed and when the taluk boards have transferred funds to them (*vide* rule 4), Statement VIII will be prepared and submitted.

—

ENCLOSURES.

PROCEEDINGS of the District Board, Trichinopoly, at a meeting held on Wednesday, the 22nd December 1886.

* * * * *

Proceedings, No. 351 *of* 1886.

Read consolidated budget estimate of the District Board, Trichinopoly, for the year 1887-88, prepared by the sub-committee appointed for the purpose.

Resolution.—The board approve of the budget estimate but determine to increase the maintenance allotment on Road No. 3 by Rs. 1,045.

—

REGULAR ESTIMATE FOR THE YEAR 1886-87.

A. RECEIPTS.—*Balance on* 1*st April* 1886.—The amount entered is the figure advised by the Accountant-General after audit of the past year's expenditure. This exceeds the budget allotment by Rs. 38,218. It is due to short expenditure, owing to want of allotments in the sanctioned budget, and to prompt collections. *Vide* annual report for 1885-86.

The balance under General Funds will be credited to the district fund, while that under the Endowment Funds to the taluk funds as sanctioned in the current year's budget. But the state of the taluk funds generally is very unsatisfactory, and that of the Ariyalúr taluk board is particularly so. The sub-committee therefore propose to allot from the balance in favor of the district board under General Funds, Rs. 6,000 to Ariyalur, Rs. 2,500 to Trichinopoly, and Rs. 2,000 to Musiri, to cover the deficit in each and to leave a small balance.

2. *Education*—(*a*) *School Fees.*—The decrease is due to the introduction of a lower rate of fees in the practising department of the Kulitalai Normal school (*vide* Proceedings of the Director of Public Instruction, No. 6744, dated the 7th October 1886), and to the closing of certain schools (*vide* G.O., No. 1078, dated 2nd September 1886).

(*d*) *Income from Endowments.*—Credit has been taken for Rs. 95, out of which Rs. 50 represent the interest up to 31st March 1886 on a sum of Rs. 1,142 handed over to the District Board by the manager of the Anglo-vernacular (now middle) school, Kulitalai, when the school came under the control of the board, and which is utilized in paying a Sanskrit teacher on Rs. 7 per mensem. The remaining Rs. 45 is the interest that will accrue on 31st March 1887 on Rs. 1,142 *plus* Rs. 58 since contributed by the manager to raise the sum to Rs. 1,200.

(*e*) *Miscellaneous.*—This item includes the unexpected balance of the amount drawn for purchase of books and refunded into the treasury, and the recovery of travelling allowance overdrawn by an inspecting schoolmaster.

3. *Medical*—(*c*) *Contributions*—(3) *From Private Individuals.*—Credit has been taken for Rs. 200, being the amount placed at disposal of the taluk board, Musiri, by the Zemindar of Turaiyúr to meet the expenses during the three months of the current year of the dispensary sanctioned at Turaiyúr: *vide* G.O., No. 1523, dated the 12th November 1886.

(*d*) *Income from Endowments.*—This represents the interest accruing on the amount of Rs. 2,000 contributed by the zemindar of Turaiyúr and invested for the present in the savings bank. Further, to enable the board to open a dispensary at Perambalúr, a sum of Rs. 1,500 has been collected as contribution, and a further contribution of Rs. 500 is expected to be realized within the year, amounting in all to Rs. 2,000 to the credit of the institution. It is proposed to invest temporarily this amount as well in the savings bank. Credit has therefore been taken for a sum of Rs. 35, being the probable amount of interest accruing on the above sum during the next six months.

Hence the increase over the budget.

4. *Interest*—(*b*) *On arrears of Revenue.*—The chief item of revenue under which interest may be derived is that of land-cess. But the arrears under this item is small, and credit has only been taken for Rs. 90 in all. Hence the decrease under the estimate.

5. *Miscellaneous*—(*b*) *Choultry Rents*—

The Musiri and Manaparai markets in which the renting system was tried last year, were again leased out for the current year for Rs. 160 and 1,295, respectively. The system having been found to work well, the Kattapalli market was also leased from 1st September 1886 for Rs. 103. The collections during the first six months in this market were Rs. 75, and the probable collections of the next six months have been based with reference to the above amount of the lease.

(*d*) *Bungalow Fees.*—The following entry shows the bungalows in charge of the district board and the fees expected to be realised from them :—

(*l*) *Sundry Receipts.*—This is the sale-proceeds of rubbish, &c.

6. *Public Works*—(*b*) *Sale of Tools and Plant.*—Old and unserviceable tools to the value of Rs. 283 were sold by public auction, and this amount has been entered under this item.

(*c*) *Sale of old Materials.*—This is the amount realised by the sale of old materials of certain tool sheds, school buildings, &c.

(*f*) *Miscellaneous.*—Rs. 41 have been taken credit for, being the refund made by the overseer, Thanakotty Pillai, of pension overdrawn by him, as per the instructions from the Accountant-General (*vide* his letter, No. 307-J.A.D., dated 17th August 1886). The amount overdrawn is Rs. 279, which the overseer repays in monthly instalments of Rs. 20. The above Rs. 41 is the portion expected to be recoverable during the current year.

7. *Contributions from Provincial*—(*a*) *Education.*—The construction of school-houses at Ambil and Iluppur, sanctioned in the budget for 1885-86, was completed during the current year, and the Director of Public Instruction has been requested to sanction building grants from Provincial funds, which is roughly estimated here at Rs. 400.

Under Results Grants to local fund schools from provincial funds, Rs. 1,020 taken credit for in the budget, has been allowed to stand. Gymnastic and other salary grants are not likely to be recovered during the current year. Hence the decrease under the budget.

8. *Contribution from Special Funds*—(*a*) *Pound Fund*—(*b*) *Canal and Ferry Fund.*—The amounts proposed to be transferred to local funds as per special fund budgets have been entered here.

(*f*) *Public Bungalows*—(2) *Contingencies.*—It is not likely that Rs. 10 provided for contingencies will be spent in this year. It will be cut down in the regular estimate.

(*g*) *Contributions to*—(1) *Provincial Services*—(1) *Medical College*, (2) *Sanitary Inspection*, (3) *Medical Reserve Staff.*—The increase over the budget allotment under this head is due to the contributions having been calculated with reference to the actual receipts of the past year.

Grant IV—Miscellaneous—(*b*) *Establishment in the Collector's office, including Auditor's pay*—

(*e*) *Pensions.*—The amount of the budget grant includes the pension sanctioned to Overseer Thanakotty Pillay (*vide* G.O., No. 467, dated 30th May 1883). But as that officer has overdrawn his pension and it has to be recovered from him, the pension sanctioned will be withheld for the present. Hence the decrease under the estimate.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 16th March 1887, No. 1411.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Trichinopoly District Board for 1887-88.

2. *Receipts.*—The exact amount of receipts appertaining to education cannot be ascertained, as the whole of the statement I (A) has not been furnished to me. The fee income is estimated at Rs. 2,680 against Rs. 7,140 in the current year's budget. The decrease is due to the proposal of the Board to convert the present board salary-results schools into private schools aided on the combined system. Under this system, fees will be appropriated by the managers direct. Credit is taken for a grant of Rs. 1,560 from provincial funds.

3. *Charges.*—The expenditure proposed under Grant II aggregates Rs. 22,240 as shown below :—

	1886-87.	1887-88.
	Rs.	Rs.
Inspection	2,650	4,750
Training schools	2,150	2,210
Local Fund schools	18,120	3,380
Salary grants	..	1,500
Results grants	8,550	10,000
Miscellaneous	380	400
Total ..	31,850	22,240

4. *Inspection.*—Under this head, Rs. 2,100 are provided for contribution to provincial funds towards the moiety of the salaries and allowances of the two deputies employed in the district. The item should be raised to Rs. 2,320. This will bring the total cost of inspection up to Rs. 4,970.

5. *Training Schools.*—The allotment for the up-keep of the Kulitalai Normal school is Rs. 60 over the current year's figure. The increase is explained in the budget covering letter.

6. *Local Fund Schools.*—There are two salary schools under the management of the board—those at Kulitalai and Lálgudi. A sum of Rs. 3,380 is provided towards their maintenance against Rs. 3,170 in the current year's budget. The proposals of the board to employ a Sanskrit pandit on Rs. 7 in each of these schools, and to raise the pay of the gymnastic instructor of the Lálgudi Middle school have my approval.

7. *Salary Grants.*—The board, having resolved to abolish their salary results schools as such, and to aid them on the combined system, have allotted Rs. 1,500 for fixed stipends to teachers. It is not clear on what data this amount is based. The estimated outlay on fixed stipends, as per current year's budget, was Rs. 8,590. The deputies estimate the item at Rs. 6,852. But as the rates of stipends proposed are susceptible of reduction in view of the appropriation of the fee income by the masters who will probably, in most cases, be the managers, I would recommend that Rs. 5,000 be entered for salary grants. The Inspector recommends an allotment of Rs. 4,000, calculating stipends at the Malabar and Coimbatore rates. In fixing the stipends, care should be taken to see that the amount represents, as approximately as possible, one-half of the total probable results earnings.

8. *Results Grants.*—The assignment for results grants appears to me to be inadequate. The Inspector recommends that Rs. 12,000 be provided with reference to the actuals of 1885-86, and I support his recommendation.

9. *Miscellaneous.*—Under this head, Rs. 50 are entered as commission on sale of books. The estimated receipts amount to Rs. 150, and the commission at 15 per cent. of this sum will be Rs. 22-8-0. A provision of Rs. 30 will be ample.

10. The total charges, if my proposals be approved, will be Rs 27,940 against Rs. 31,850, the sanctioned grant for the current year.

From Surgeon-Major J. A. LAING, Officiating Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 1st April 1887, No. 351.

I have the honor to report, for the information of Government, that the District Board, Trichinopoly, proposed to allot a sum of Rs. 10,930 for the sanitary requirements of the district. It is about the same (Rs. 10 in excess) as the grant for 1886-87 and the distribution also, as shown hereunder, is the same. It may be accepted :—

	Rs.
Improvement of water-supply	2,000
Do. of village-site	1,000
Conservancy	6,530
Other sanitary outlay	1,000
Cholera charges	400
Total ..	10,930

The vaccination grant amounts to Rs. 3,700 which also is the same as that for 1886-87. It seems to be adequate.

2. *Revised Estimate for* 1886-87.—Excluding debt heads, amounting to Rs. 62, the opening balance of Rs. 54,737 exceeds the budget estimate by Rs. 38,157, the increase being due to enhanced receipts under Land-cess and to short expenditure under Grants I and III in 1885-86. In addition to the sum of Rs. 8,747 appertaining to endowed institutions which is credited to taluk funds, it is proposed to transfer to these funds Rs. 10,500 of the general balance, besides the special allotment of Rs. 2,643 sanctioned in G.O., dated 1st November 1886, No. 1440, L.F. The proper course, however, is to credit to the district fund the whole of the balance available for general purposes, and to show any grants made therefrom to taluk funds as "allotments from the district fund." This will now be done. The current receipts of the year are estimated at Rs. 1,78,969 against Rs. 1,79,170 in the budget, the principal items of variation being land-cess, tolls, market rents, and provincial grant for education. Land-cess is expected to yield Rs. 1,30,997 against Rs. 1,32,200 in the budget. The income from tolls is estimated at Rs. 15,734 against Rs. 13,300 owing to brisk competition at the sale of the farms. The receipts from market rents are put down at Rs. 5,430 against Rs. 6,000, with reference to the amount for which they were actually leased out. Contributions from provincial funds on account of education are estimated at Rs. 1,590 against Rs. 2,560 as the gymnastic and other salary grants are not likely to be recovered during the year 1886-87.

3. The charges are estimated at Rs. 1,82,658 against Rs. 1,79,160 in the revised budget sanctioned in G.O., dated 2nd September 1886, No. 1078 L.F. Under Grant I Rs. 99,392 are provided against Rs. 93,540 in the revised budget, the increase being due to subsequent allotments. The cost of public works supervision is given in statement IX as Rs. 230, whereas the amount due at 23 per cent. on the expenditure of Rs. 600 incurred by that department is only Rs. 138. The discrepancy should be explained. The provision under Grant III is Rs. 32,915 against Rs. 30,890 in the revised budget, the increase being accounted for by the opening of two additional dispensaries at Turaiyúr and Perambalúr. The contributions for the Medical College and sanitary inspection, calculated at ·5 per cent. of the actual receipts of 1885-86, should be Rs. 1,084 in each case. The revised estimate as modified by Government closes with a balance of Rs. 51,042, of which Rs. 36,946 appertains to the district fund and the remainder, Rs. 14,096, to taluk funds.

4. *Budget Estimate for* 1887-88.—As in the revised estimate, the district board propose to supplement the resources of the taluk boards by transferring to the taluk funds Rs. 12,000 of the district fund opening balance, but, as already observed, the proper course is to credit the district and taluk funds with their respective balances and to show any transfer from the former to the latter as a separate allotment from the district fund. The receipts of the year are estimated at Rs. 1,54,505 against Rs. 1,79,170 in the last year's budget, the decrease occurring mainly under Land-cess,

school fees and provincial grant for education. Land-cess is estimated to yield Rs. 1,13,080, or Rs. 19,120 less than in the budget for 1886-87, with reference to the average collections of the last three years. The gross receipts from tolls are estimated at Rs. 28,000, of which, according to the arrangement sanctioned in G.O., 2nd September 1875, No. 1759, Rs. 13,000 goes to the Trichinopoly and Rs. 1,000 to the Srírangam municipality. Besides this Rs. 1,000 the board had, under G.O., of 20th February 1880, No. 373, been in the habit of making a yearly grant of Rs. 1,000 to the last named municipality for the maintenance of the piece of road between the Cauvery and Coleroon bridges. This latter grant was, however, retrenched for the year 1886-87 by one of the board's resolutions sanctioned in G.O., 2nd September 1886, No. 1078, L.F., and has not been repeated. The result is that no provision for the upkeep of this important piece of road is made in the Srírangam municipal budget for 1887-88. The importance of the traffic over this road is admitted in the President's letter of 23rd December 1879, No. 65 (G.O., dated 20th February 1880, No. 373), in which the amount of the tolls realized therefrom is put down at Rs. 10,000. Under these circumstances Government consider that the amount of toll contribution to the Srírangam municipality should be raised to Rs. 2,000, of which the municipality will allot at least one-half to the maintenance of the road in question. It is considered further that the share of tolls allotted to the Trichinopoly municipality (one-half the total receipts deducting the collections at the Iyar bridge) is excessive, and that it will be sufficient in future to give the municipality one-third share of such receipts. The division of toll revenue will then be as follows :—

	RS.
Srírangam municipality	2,000
Trichinopoly municipality (one-third of total receipts deducting those at the Iyar bridge)	8,700
District Board	17,300
Total ..	28,000

5. The district board propose, on the recommendation of the inspector of schools, to convert the existing Local Fund salary result system schools into private schools, and the income from school fees and the provincial grant for education are thus reduced by Rs. 4,460 and Rs. 1,000, respectively. In the circumstances stated in paragraph 3 of the President's letter, the receipts from fishery rents and avenues will be credited to the district fund as in the last year.

6. The total expenditure is estimated at Rs. 1,86,895, against Rs. 1,79,160 in the revised budget for 1886-87. Under Grant I, Rs. 13,110 are provided for new communications against Rs. 7,550, and the allotment for road repairs is Rs. 73,810 against Rs. 63,550, the increase in the latter case being due to the restoration of the maintenance grants which were reduced in the last year. The proportionate shares of the cost of the Local Fund Engineering establishment debitable to the district and taluk funds with reference to the outlay on works should be Rs. 10,800 and Rs. 5,350, respectively. The allotment for educational purposes is Rs. 22,240 against Rs. 29,820 in the revised budget for 1886-87, the decrease being explained by the abolition of the Local Fund salary results system schools referred to in paragraph 4. The grant for inspection includes a sum of Rs. 2,100 on account of contribution to provincial funds with reference to G.O., dated 29th November 1886, No. 1611 L.F. This will be raised by Rs. 220 with reference to paragraph 4 of the Director's letter, and the whole amount (Rs. 2,320) shown under (*f*) Contributions. The entertainment of a Sanskrit teacher on Rs. 7 per mensem in the Lálgudi middle school, and the increase of the salary of the gymnastic instructor by Re. 1 are sanctioned. Under Grants-in-aid, Rs. 11,500, or Rs. 2,950 more than in 1886-87 are provided, the increase being mainly intended to meet the salary and results grants of the former local fund schools above referred to. The allotment for salary grants will be raised by Rs. 3,500 as suggested by the Director in paragraph 7 of his letter and the attention of the district board drawn to his remarks in this connection. The provision for result grants, which the Director thinks inadequate, need not be increased since the actuals of 1885-86 amount to Rs. 10,250 only. Commission on the sale of books, calculated at 15 per cent. on the estimated sale-proceeds (Rs. 150), should be Rs. 20 and not Rs. 50.

7. For medical services, &c., under Grant III, Rs. 33,870 are provided against Rs. 30,890 in the revised budget for 1886-87, the increase being due, as in the revised estimate, to the opening of two new dispensaries at Turaiyúr and Perambalúr. It is observed that provision is made for only three-fourths of the salary, &c., of the medical subordinates to be attached to these dispensaries. A formal application should be submitted through the Surgeon-General for the grant of the remaining fourth from provincial funds. The remarks of the Surgeon-General have not yet been received. For vaccination and sanitation the budget grants for 1886-87 are repeated. The contributions for the Medical College, sanitary inspection, and the medical reserve staff, calculated on the revised estimate of receipts for 1886-87, and that for the cutler's establishment, fixed with reference to the actuals of the previous year, should be Rs. 890, Rs. 890, Rs. 70 and Rs. 10, respectively. The contributions to municipalities and private individuals for dispensaries, &c., will be debited to the respective taluk boards in which the institutions are situated as required by rule. Under Grant IV, the contribution for controlling establishments at the presidency, including the cost of printing Government Proceedings, should be Rs. 1,770, the actuals of 1885-86.

8. As the taluk fund expenditure has been increased by the distribution of charges adopted by Government, the allotment from the district fund will be raised to Rs. 21,770. The budget, as modified by Government, closes with a balance of Rs. 18,220, of which Rs. 11,380 appertain to endowed institutions, Rs. 4,470, or 5 per cent. of receipts to the district fund and Rs. 2,370, or 3·9 per cent. of receipts to taluk funds.

9. The following is a summary of the budget as now sanctioned :—

(1) The year will open with a balance of Rs. 51,040. The receipts of the year are estimated at Rs. 1,57,800 against Rs. 1,78,969 in 1886-87 (revised estimate), and Rs. 1,90,882, the average of three years ending 1885-86. The charges are estimated at Rs. 1,90,620 against Rs. 1,82,664 in 1886-87 (revised estimate), and Rs. 1,95,047, the average of the three years ending 1885-86. There will thus be a closing balance of Rs. 18,220, or 11·5 per cent. of the estimated receipts.

(2) The main sources of income are—
Land-cess, Rs. 1,13,080, or 71·7 per cent. of the estimated receipts;
Tolls, Rs. 17,300, or 10·9 per cent.;
Endowments (Choultry and Market rents), Rs. 7,820, or 4·9 per cent.; and
Contributions from Special Funds (Canal and Ferry Fund), Rs. 8,000, or 5·1 per cent.

(3) The principal heads of expenditure are—
Public Works (Grant I), Rs. 1,08,300, or 56·8 per cent. of the total expenditure;
Education (Grant II), Rs. 25,930, or 13·6 per cent.;
Medical Services, &c. (Grant III), Rs. 33,430, or 17·5 per cent.; and
Establishment and Miscellaneous (Grant IV), Rs. 7,960, or 4·2 per cent.; besides a reserve of Rs. 15,000, or 7·9 per cent.
