

Cuddalore
11th May 1887

To

J. W. Martin Esquire
Executive Engineer
South Arcot Division

Most Respected Sir,

Begging pardon for intruding upon your
honour's precious time, I most respectfully beg leave
to request, that your honour will be pleased to lay
my case before the noble Government, through the
Superintending Engineer 5th Circle, and obtain their
sanction, for exempting me from the rules in force,
relating to the age bar, as the Examiner of Public
Works Accounts has disallowed my pay, from the
months of March last.

2 The facts connected with my case are as
follow.

(a) I was a student of the Civil Engineering
College at Madras, and passed the first class
Draftsman examination in the year 1874, and
entered the Department as Head Draftsman of the
District Engineer's office Godavari District. I held
this post for a period of two years & for four years in
the Executive Engineer's office, Western Division.

(b) In the year 1880, I was recommended by

X¹ S. D.

by J.C. Larmine Esquire, then, my Executive Engineer,
for the post of L. St. Oversee (salary Rs 60) in the Godavari
District, and got the post which I held for 5 years.

(C) In April 1885, I was appointed as Temporary
Oversee 2nd grade in the D.P.W. and posted to the Godavari
Central Division vide the Enclosures A, B, C & D, I
accepted this post which was a promotion and served
in this office till 1st November 1885.

(d) On the 1st November 1885, I fell sick, as
owing to the hard work I had to perform day & night
in this new appointment, at the construction of
Behintalapudy Lock, in the Amalapur Canal, and
this illness made me to apply for two months' sick
leave on Medical Certificate; but the leave solic-
-ed was refused, and I was consequently compelled
to resign my appointment, which resignation was
accepted, by my Executive Engineer, vide enclosures
marked E, F, G, & H.

(e) Thus I was compelled to resign my last
appointment, under circumstances over which I had
no control. I was on sick bed for two months i.e.
till the end of December/85; and was recovered from
the illness about the end of the month of January/86.

(f) After my recovery from the sickness, I was
without employment for 3 months that is up to the

the end of April 1886.

(g) In May 1886, I got an appointment of
Temporary 1st class Draughtsman in No 4 Tank Division
Coimbatore, where I remained till the end of February
1887, when my services were dispensed with, as per order
of the superintending Engineer's Circular No 107 dated
17th January 1887. Vide enclose I.

(h) I have now got the present post, as per the
Correspondence marked J.

3 I have above stated the history of my
Case, I now enclose a copy of my service Register's
for your perusal, so that your honor may form
an idea as to the degree of estimation, in which
I have been held, by the gentlemen under whom
I have served.

4 In conclusion, I beg your honor
will be pleased to take the above circumstances
into your favorable ^{consideration}, and obtain the sanction
of Government, for exempting me from the rules
in force, in respect to the age bar, & thus confirm
me in this appointment. I have already sub-
-mitted the health and vaccination Certificate, as
obtained from the District surgeon, Gauthi Arcot.
Earnestly begging your honor to do me this favor.

I

Sir
