GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from G. D. WYBROW, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Pulicat, 21st June 1887, No. 28 C:—

I have the honor to forward, herewith, a statement showing the amounts of stock reserves sanctioned for the Nellore and the late Sangam Project divisions and the limit now proposed for the combined Nellore division, and to request you will be good enough to obtain sanction of Government to the limit of Rs. 16,500 now proposed. The large reserve asked for under building materials is in connection with the buildings which it is proposed to construct in Nellore. The original provision for metal for the Nellore division was found to be inadequate, and hampered the work of the shops; an increase of Rs. 300 under this head is now asked for. The decreases in the limits of the other articles have been proposed, as there is no necessity for such large amounts.

Sir

The Executive Engineer Nellore Division
applies for permission to increase the reserve
stock of his Division, by Rs. 1000 under Metals,
and Rs. 200 under Miscellaneous.

2. The sanctioned limit of Reserve Stock
is Rs. 6800 vide G. O. No. 840 W of the 6th April
1885, the proposed limit being Rs. 8000.

3. Captain Henderson explains that the
limit for metals must be raised, because,
he is no longer able under the present rules,
to purchase small supplies of English stores,
as they are wanted in the local market.
The limit for Miscellaneous is proposed to be
raised, because all works done for other

Departments costing Rs. 50 each will have to be debited to this head until they are paid for.

4 Under these circumstances, I have the honor to request you will be good enough to obtain the sanction of Government to the limit of Reserve Stock being raised to Rs. 8,000.
