To

Secretary to Government D. P. W.
Ootacommand

Honored Sir

In continuation of my petition dated 25th July 1881 with enclosure I beg most respectfully to state that I was employed as a Daily Overseer in Salem District and during the late reduction of 29th February 1880 in the D. P. W. I was thrown out of employ, when I succeeded in securing a place as an Overseer in the Local Fund Department of South Arcot District. While I was there to take charge of the Appointment, I was, in consideration of the services rendered by me in working in the Vaniar and Avaniperur Projects and in several important works of the said District, telegraphed by the Divisional Officer to the effect that my service was ordered by the Chief Engineer P. W. D. to be retained, when I forthwith resigned my Appointment as

Enclosure 1

as L. F. Overseer and resumed my appointment as a Talug Overseer at Salem. After the elapse of a month, to my surprise, I was informed that my papers for pension were already passed by Government and consequently my retention was to be cancelled, as could be seen in the enclosures attached to my application dated 10th January 1881 to the Deputy Chief Engineer. Chipauk Thus I was left in disolute condition As I now understand that there are vacancies in Supervisor and several grades of Overseers, I request that your honor will be kind enough to take into due consideration of my unfortunate case by the perusal of my testimonials &c. and to favor me with any one of the vacancies which your honor deems proper.

I beg to remain

Honored Sir

I, C. Varadaragoolu mudaliar overseer No. 1 Tank Division, most respectfully, beg to bring the following few lines to your honor's kind consideration, fully believing that my claims for an overseer's place in the permanent establishment, will meet with success.

I have passed the surveying, Drawing and overseer's Tests and had been employed first, as a Draughtsman in the Chittoor Range in August 1875 and then as a Taluq overseer in the D.P.W of Salem District in march 1876, which post I held out without any interruption, till February 1880. But owing to the reduction in the D.P.W in the same year, I was thrown out of employ on account of my short service. Afterwards I was offered an overseer's place in the Local Fund Department of South Arcot Dt., when I was called upon to resume my former duties

duties in the Public Works Department, and did as ordered, but was informed that my services are not required and was given a pension of Rupees 4 per mensem and a Bonus of Rs 180/.

Again I reverted to the Local Fund service and continued in the same till 1883, when I sent in my application for an overseer's place in the Tank Maintenance scheme in which I succeeded — From that time up to date I hold the same footing.

The papers herein enclosed will show to your honor that I was obliged to retire, on account of my short service.

Under the above circumstances I humbly beg to request your honor will be graciously pleased to confer on me an overseer's place now vacant in the Permanent Establishment —

I beg to remain
Honoured Sir

To

Secretary to Government P.W.D.
Ootacamund

Sir

I beg leave to introduce the sad circumstance of my lot to your honor's notice and pray that you will after careful enquiry into my claims do me justice

I passed the Overseer's Test in 1875 and entered the P.W.D. as draughtsman in that same year. In 1876 I was appointed Taluq Overseer 3rd grade and served in that position till the reduction of the Department in 1880, when owing through short service (4 years) I was thrown out of Employ at the age of 30 years on a pension of Rs 4 per mensem. That my services were not dispensed with for any fault of mine can be judged from the fact that after being relieved I was telegraphed to return as I had by mistake been thrown out of Employ The delay however in detecting the

the mistake proved prejudicial to me for when I returned (throwing up the Local fund appointment I was then holding) it was found that the Examiner's office had forwarded on my case for pension and orders had already been passed on it. The superintending Engineer deeply regretted the misfortune but was unable to do anything more for me. By this mistake I lost not only my Government appointment but also the Local fund post that I gave up on the representation of the superintending Engineer that my service had been retained in the D. P. W. Not to trespass farther on your time I beg that you will kindly take the following circumstances into your kind consideration and grant me one of the first temporary or permanent appointments in your gift:—

(1) I passed the Examination in 1875 and entered the Department in the same year

(2) I did good service as overseer from 1876 to 1880 and went through all the arduous work that devolved on the Department during the great famine

C.22-4.87 R.27-4.87

(3) That my services were by mistake dispensed with only owing to my short service

(4) That by the mistake of the P. W. D I lost also my appointment in the Local fund Department

(5) That from 1883 to 1887 I did good service as temporary overseer in the Tank Division and was recommended for a permanent overseer-ship

These facts I cheerfully lay before your honor knowing well that your justice and mercy will not allow an old servant of the Department to cry in vain to you for help
