G.O. No. 1766 P.W.D

dt. 2.7.1887

2nd July 1887, No. 1766 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From Colonel C. A. PORTEOUS, Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 3rd May 1887, No. 2152.

I have the honor to forward, for sanction, the Public Works Department estimates, &c., for Rs. 3,215, for the construction, on the standard design, of a first-class police station-house, with compound-wall, at Nellore.

Approved, and transferred to the Public Works Department.

(By Order.)

(Signed) A. G. CARDEW,
Under Secretary.

Ootacamund,
13th May 1887.

No. 156 D.

Forwarded to the Superintending Engineer, II Circle, for explanation on the following point.

2. The estimate for a first-class police station at Nellore amounts to Rs. 2,600 exclusive of the item compensation for land. No schedule of rates for the Nellore division has been received in the Chief Engineer's office, and the rates in the estimate cannot therefore be checked; but the approximate cost of a similar building, according to Madras rates, is Rs. 2,000. The undersigned desires to be informed why a building which costs Rs. 2,000 at Madras should cost Rs. 2,600 at Nellore.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

26th May 1887.

From G. D. WYBROW, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Madras, 24th June 1887, No. 43 C.

With reference to your memorandum, No. 156 D., dated 26th May last, I have the honor to resubmit the estimate for the first-class police station at Nellore, and to inform you that, by reducing the rates for brick and wood work, I have effected a saving of Rs. 100 on the estimate, and do not see how a further reduction can be effected. The standard estimate allows for flooring with square tiles,* which would cost Rs. 6 per square. The present estimate provides a laterite floor on 6" concrete pointed with cement, at Rs. 18 per square. This accounts for an excess of Rs. 70.

2. The schedule of rates has since been forwarded.

* Good tiles cannot be made in Nellore.

ORDER—dated 2nd July 1887, No. 1766 W., Public Works.

The estimate, amounting to Rs. 3,115, for constructing a first-class police station-house, with compound-wall, at Nellore, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial, No. 47 W. of 1887-88, and classified as Civil Buildings, Original Works.

Public Works Department. 1766/4

Current No. 3711
Letter No. 1951
Dated the 13th May 1887
From the Secry. to Govt. Judicial Dept.

Note of Remarks.

1. The accompanying plan and estimates provide for constructing a 1st class police station house with compound wall at Nellore.

The amount of this estimate is Rupees 3,215 and is divided as follows:–

(a) Constructing 1st Class police Station house	Rs 3,000,
(b) compound wall for the above	Rs 215,
Total Rupees	3,215.

2. The Police station is to be built in accordance with the Standard design 1A approved in G.O. No. 1828W of 2nd August 1880.

3. Foundation, basement & steps are to be built of laterite in mortar. The superstructure and

and flat arch work are to be built of brick in mortar.

4. The foundation and the coping of the compound wall 2 ft & 6 inches in height respectively are to be built of laterite in mortar, and the wall between 4½ ft high is to be built of brick in mud, and plastered with chunam.

5. All wood work is to be of teak.

6. Report has been submitted.

7. The rates cannot be checked, for want of a District schedule, but seem fair.

. A sum of Rs 400 is provided in the estimate for land compensation.

. Petty supervision for station house and compound wall is charged at 2 and 6½ percent respectively & contingencies for station house and compound wall are separately charged at 2½ percent.

10. The plan and estimates have been countersigned by the Acting Inspector General of Police and approved in the Judicial Dept.

19-5-87.

The approximate cost of the building at Madras rates is 2000 ~~Rs~~ & this has to be added 400 Rs compensation for land, making the total 2400 as compared with 3000 Rs in the present Est.

~~The flat arch work should be built of brick in mortar, and all wood work should be built in with mortar~~

The Est. may be sanctioned

21.5.87

F The Nellore schedule of rates should be obtained
