Sir,

In accordance with G.O. No 2973 W dated 11th November 1886, I have the honour to request that you will be good enough to submit for the favourable consideration and approval of His Excellency The Governor in Council, the enclosed Estimate and Plan, for improvements to the Chancel of St Andrew's Church, Bangalore, which I have received from the Superintending Engineer, V Circle.

The Estimate — Rupees (1162) Eleven Hundred and Sixty Two — considerably exceeds the amount which the Kirk Session were originally of opinion would be required to execute the improvements. In my letter, dated Bangalore 19th October 1886, I asked for a grant of Rupees (250) Two Hundred and Fifty only. But

in

in view of the greater outlay that will be necessary, I venture humbly to express the hope that His Excellency the Governor in Council will be pleased to sanction a larger grant, or the Grant usually given to Government Churches in such cases.

The improvements are urgently needed, as the Chancel and its fittings are in a condition not worthy of the Church — one of the handsomest in the Presidency outside the City of Madras — and the Kirk session and congregation are willing and ready to bear a part in making this portion of the Church what it should be.
