2nd July 1887, No. 1771 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from W. A. HAPPELL, Esq., President, Local Fund Board, Godávari, to the Chief Secretary to Government, dated 26th May 1887, No. 63:—

The district board, at their meeting of the 29th September 1886, having sanctioned an estimate, amounting to Rs. 26,816, for constructing a road from Yelesweram to Timmapuram, I have the honor to forward the same herewith, and request that Government will be pleased to sanction it.

2. The estimate has been scrutinised by the Superintending Engineer, I Circle, who altered the original amount to Rs. 27,256.

3. Estimates for portions of this road were submitted, for sanction, with this office No. 78, dated 30th October 1885, but were returned with the remark that the splitting up of the estimate of a single work into a number of smaller estimates is objectionable (*vide* G.O., No. 68 L.F., dated 14th January 1886). A consolidated estimate for the whole work is therefore submitted.

4. A portion of the estimate, amounting to Rs. 6,146, was sanctioned as noted in the margin.

5 Read letter No 78 of 24th August 1886 from LF Engineer forwarding an estimate amounting to Rs 26816 for constructing a road from Yelesvaram to Timmapuram

Estimate Sanctioned. Rs 2197-11-0 was erroneously spent out of agency funds on miles 4.7.4 under the impression that that portion was outside the Local Fund District. It has now been ascertained that the agency tracts begins at mile 7-4. The amount so expended should therefore be refunded by Local Funds to agency

The Board accordingly sanction this refund.

Signed W. A. Happell
President.

Letter No. 343

Dated the 11th June 1887

From the Secy: to Govt: Local & Municipal Deptt:

MW 21.6.87

NOTE OF REMARKS.

The estimate under review is for the construction of a road from Yelswaram to Tirumapuram a distance of 7 miles 4 furlongs and amounts to Rs 27,256 including a previous sanction of Rs 6146 which if deducted leaves a balance of Rs 21,110 requiring sanction.

The following is a summary of the work proposed to be carried out.

The road is to be formed and metalled 6 inches in depth to a width of 12 feet and covered with 3 inches of gravel —

To pass the cross drainage 16 Culverts are provided of these 9 were apparently previously sanctioned, 7 of which have been constructed and 2 are nearly completed, the 7 remaining culverts are to be taken up when this Estimate is sanctioned.

The positions, size, and cost, of these Culverts are as follows.

1 Culvert at 2 miles 2 furlongs 135 ft
 6 ft span Rs 520 -
1 — do — 2 miles 3 furlongs 417 ft
 4 feet span Rs 440
1 — do — 2 miles 6 furlongs 108 ft
 4 feet span Rs 380
1 — do — 3 miles 1 furlong 126 ft
 3 feet span 260 Rs
1 — do — 3 miles 2 furlongs 315 ft
 3 feet span Rs 260
1 — do — 3 miles 3 furlongs 27 ft
 2 ft span Rs 210
1 — do — 3 miles 4 furlongs 45 ft
 2 feet span Rs 210

Remarks 1771/4

The difference in cost between the culvert at 2 miles 3 furlongs and that at 2 miles 6 furlongs appears to be due to the depth of the foundations and the height of the side walls of the latter being less than that of the former.

The culverts appear to be placed very near each other but this cannot be questioned without a knowledge of the country, the data however on which the capacity of these works were determined should have been stated, The rates have been checked and are found to be fair.

The ~~plan and~~ Estimate have been countersigned by the president of the Local Fund Board.

20/6/87.

The Est may be sanctioned
