Proceedings of the Board of Revenue, dated 8th October 1886, Mis. No. 7480.

From S. H. WYNNE, Esq., Acting Collector of Tinnevelly, to the Secretary to the Board of Revenue, dated Viravanallur, 10th September 1886, No. 478.

I have the honor to forward, herewith, the estimate and plan, &c., for the construction of a subsidiary jail to the taluk cutcherry and second-class police station-house at Otapidáram, sanctioned in G.O., No. 1986, dated 13th July 1875, and No. 435 W., dated 26th February 1880, and to request that you will be good enough to submit the same for the sanction of Government.

*Resolution*—dated 8th October 1886, Mis. No. 7480.

The estimate, amounting to Rs. 9,600, and the plan, will be submitted for the approval of Government and for the provision of the necessary funds. The estimate is for the construction of a police station-house and sub-jail of the standard design at Otapidáram, in the Tinnevelly district.

### MEMORANDUM.

The plans and estimates received with the foregoing papers are for two distinct buildings—a sub-jail and a police station at Otapidáram, in the Tinnevelly district. The plan and estimate have been approved by the Collector and the Government in the Revenue Department, but the proposals for constructing a police station have not been submitted through the Superintendent of Police, the Inspector-General of Police, and the Government in the Judicial Department.

2. The Superintending Engineer is therefore requested to submit distinct plans and estimates for the two buildings. Those for the sub-jail should be transmitted direct to this office, but those for the police station should be forwarded to the Superintendent of Police, for submission through the proper channel.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

10th December 1886.

To the Superintending Engineer, VI Circle, with eleven enclosures.

From Major A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 21st December 1886, No. 393 T.N.

With reference to your memorandum, No. 4402 C., dated 10th instant, I have the honor to forward, for your approval and sanction, the estimate, amounting to Rs. 6,510, with site plan, &c., for constructing a sub-jail at Otapidáram, in Tinnevelly district.

2. The estimate for the construction of the police station at Otapidáram is forwarded to the Superintendent of Police as directed in the memorandum under reference.

From Major A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 17th January 1887, No. 437 T.N.

With reference to your No. 76 C., dated 10th January 1887, I have the honor to state that, in constructing the sub-jail at Otapidáram, the bricks, tiles, wood, nails, &c., are to be taken from Tinnevelly by rail to Tattaparai, a distance of 27¼ miles, and from thence to Otapidáram by carts, a distance of 6 miles—lime within a circle of two miles and sand within a circle of half-a-mile. Hence the cause of high rates allowed in the estimate for brick-in-mortar and clay.

Order—dated 21st January 1887, No. 177 W., Public Works.

The estimate, amounting to Rs. 6,510, for constructing a sub-jail at Otapidáram, in the Tinnevelly district, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial, No. 165 W. of 1886-87, and classified as Civil Buildings, Original Works.

The plans & estimates for the Sub Jail with out houses & the Police Station, should be submitted separately & require the approval of the Departments concerned.

The site plan does not require alteration; but the cost of the compound wall & the compensation for land will be divided rateably between the buildings.

The papers should be returned to the S.E. in order that they may be put into shape.

Subject to your approval the accompanying estimates with plans must be returned to S.E.VI. for resubmission in correct form.

As it now stands two distinct estimates, one for a subjail and outhouses and the other for a police station house, are combined together and submitted as a single estimate — the general abstract being countersigned by the Collector of the Tinnevelly district and the estimate approved in the Revenue department, while the Superintendent of Police at Otapidaram and the Inspector General of Police are apparently ignored

The provision for a jail latrine is made at the request of the collector of the district.

4. The proposed compound wall of the jail is to be 180 feet in length, 1½ feet thick and 5 feet high above ground level. It is to be built of brick in mud, and is to be plastered on both faces.

5. When judged by comparing them with the rates set down in the last Tinnevelly schedule of rates as obtaining in the district for corresponding items of work, the greater number of the rates allowed in this estimate appear too high — S.E.VI, however, states these to be fair though he has omitted to explain the circumstances which render them so.

— It is stated that this work may be completed within 12 months from the date of its commencement.

6. The site plan and estimate are countersigned by the Collector of the district, and are approved in the Revenue department.

The plans & estimates may be sanctioned, but the attention of the S.E. VI might be called to the great increase in the rates for brickwork both in mortar & in clay —

The last schedule of rates from Tinnevelly dated July 1885 gives the maximum rates for brickwork at 15 Rs & 14 Rs for 100 c. ft in mortar & clay respectively; the estimate now sanctioned allows 22 Rs & 15 Rs for similar work.
