CHIEF SECRETARIAT. MADRAS.

# PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper

Endorsement in the A. & D. dy 11th June 1887 No. 192 D
on letter from the Chief Superintendent, Government
Telegraphs, Madras Division, dy 1st June 1887 No. 1252.

In compliance with your docket No. 156 j
dy the 6th ultimo on Government of Madras Order
No. 822 dy the 15th April last, which is herewith
returned as requested, I have the honor to forward
an Estimate of the charges for establishing Com-
munication by Telephone between all the principal
Police stations in Madras and to inform you
that the work will be carried out immediately
the charges are accepted by the Madras Government.

2. The Commissioner of Police informed me
that it would be most convenient if the
Police stations were connected with his office which
is in a very central position, that it is essential
that his office should be able to communicate
with any of the Divisions, and that it is de-
sirable that the latter should be able to in-
tercommunicate, I have therefore provided for

an

an Exchange Indicator Switch at the Commissioner's office similar to that now in use in the Fort St. George Exchange.

The Exchange would be worked by Police officials who would have no difficulty in learning how to do so.

—

Statement of charges for Connecting the Police Stations at Madras by Telephone to the Office of the Commissioner of Police.

Distances by nearest practicable Route.

| | | |
|---|---|---|
