SUPERINTENDING ENGINEER'S OFFICE,
V CIRCLE, MADRAS,
Bangalore Chepauk, 4th July 1887.

From

Coll. H. M. Vibart. R.E.
SUPERINTENDING ENGINEER,
V CIRCLE,

To

THE Chief Engineer
P.W.D

SIR,

Enclosures.

I have the honor to report that the Stock of timber in the P.W. Stores is 20,000 C.ft. The quantity used a year, according to the Accounts for the last 2 or 3 years is about 5000 C.ft. The Railway Department are in need of some timber & I propose that they be allowed to have what we can spare from the P.W. Stores, and there will be then left in the Stores a little over 10,000 C.ft. or two years supply on stock. This will be sufficient for our requirements, if 10,000 C.ft. of timber be always kept in stock, the stock to be replenished every year by 5,000 C.ft. from Burmah.

I have the honor to be
Sir
Your Most Obedt. Servant

H. M. Vibart Coll R.E.

Superintending Engineer
5th Circle.
