From

THE SUPERINTENDING ENGINEER,

To

THE Chief Engineer's
P.W. Department.

SIR,

Enclosures.

I have the honor to point out
the necessity for a permanent
store room for the use of the
P.W. Workshops near the Pier
in the Harbour.

Hitherto the General Superin-
tendent P.W. Workshops has
had the use of a room to the
North of the Pier, in a house
occupied by the pliers of the
Harbour Works. But the Harbour
Trust Board have now requested
him to vacate it - and offered
the use of a portion of an open
shed on the South side
of the Pier - but this will not
meet Mr. O'Connell's requirements.
Large consignments can be & are
always

nearby Trust vessels.

always best dealt with on
landing by renting 2 or 3 grounds
at 6 Rs per ground per mensem.
the General Superintendent re-
quires in addition to this a
room wherein to lock up small
packages awaiting shipment -
or on receipt from ships in a
damaged condition - these
must be locked up or they would
be stolen - I would suggest
therefore that a piece of ground
be reserved by Government
in the harbour for the use
of the P.W. Department.

I have the honor to be
Sir
Your Most Obedt servant

W. H. Burton J. L. P. C.
Superintendent Engineer
