Read—also the following papers:—

From the Accountant-General, dated 10th December 1886, No. L.F.D-144.

Abstract.—Forwarding revised statements of receipts and charges under Local Funds Act V of 1884, for the year 1885-86, with remarks.

From the Accountant-General, dated 20th December 1886, No. L.F.D.-152.

Abstract.—Forwarding statements of receipts and charges of Endowment Funds—Local Funds Act V of 1884—for 1885-86, with certain remarks.

Order—dated 4th July 1887, No. 1276 L., Local and Municipal.

The reports of the several District Boards for 1885-86 having been separately reviewed from a financial point of view in the proceedings read above, the Government now proceed to review them collectively.

2. The reports and the accounts accompanying them have been prepared in accordance with the new Local Fund Rules; but notwithstanding the fact that the date prescribed for their submission has now been altered from the 1st June to the

15th of July, the Chingleput report alone was received in time. The reports from fifteen other districts were submitted within the end of August; those from Kistna, Vizagapatam, Tinnevelly, and Cuddapah not till September; while the Ganjam report, which was the last, came in only on the 1st October last. Every endeavour should be made to secure punctuality in future.

I. GENERAL.

3. *Administrative Changes.*—On the 1st April 1885, the Madras Local Boards Act, V of 1884, which superseded Madras Act IV of 1871, was introduced into all the districts of the Presidency, except the scheduled tracts of the Northern Circars and the Collectorate of Madras. From this date, the control over Local Funds formerly exercised by the Board of Revenue was assumed directly by Government, and the audit of Local Fund accounts, which had till then been conducted in the Presidents' offices, was transferred to the Treasury Deputy Collectors.

4. The following are the principal changes effected by the new Act:—

(1) The administration of the local affairs of each district (municipal towns being excluded) is now vested in a single District Board, consisting of a President and of not less than twenty-four members. Formerly a district was often divided into two Local Fund circles, each of which had an independent Board of its own.

(2) All Revenue officers in charge of divisions of the district are now members of the Board *ex officio*, whereas formerly they had to be gazetted by name. As the Revenue divisional officer was always made a member of the Board, the new practice saves much trouble and delay.

(3) Under present arrangements, the Collector continues to be President of the District Board; but the proportion of official members has been reduced from one-half to one-fourth of its total strength.

(4) The new Act provides for the establishment of "Taluk Boards" working in subordination to the District Board for sub-divisions of districts; and

(5) For the constitution of the larger villages into "unions" under the management of local committees or "panchayats." The panchayat is subordinate to the Taluk Board in whose jurisdiction the union is situated, or if no Taluk Board has been constituted, it works under the District Board direct. Each Taluk Board consists of the Revenue divisional officer as *ex officio* President, and of not less than twelve members, the proportion of officials being fixed at one-third of the total strength. A "union" may comprise one or more revenue villages, and its "panchayat" is to consist of not less than five members, the headman of every village included in the union being an *ex officio* member. The executive work of the panchayat is entrusted to one of the members as chairman.

(6) Formerly Local Fund Boards had no power to levy taxes on their own authority, but could only administer the funds raised on their account by Government. By the new Act they are placed on the same footing as Municipal Councils, *i.e.*, they are empowered to levy, with the approval of Government, any of the taxes authorized by the Act.

(7) In addition to the taxes and tolls hitherto levied, the new Act provides for the imposition of fees for licenses granted—

(*a*) for the temporary erection of pandals and such like structures in streets and other public places in unions; and

(*b*) for the temporary use of cart-stands, and of markets, market sites, and other similar public places, on the occasion of fairs and festivals.

As a matter of fact, however, fees for the use of markets and cart-stands have long been levied, though not under statutory authority.

(8) The house-tax, which was leviable under the old Act in connection with education, but had for some years been held in abeyance, is re-imposed in the new Act in village unions to provide funds for their administration. It was not levied anywhere during the year, but steps were taken for its introduction into some of the more important unions in 1886-87.

5. During the year under review, the necessary measures were taken for the formation of 65 Taluk Boards and 157 panchayats in the 16 districts noted in the margin, but none of these local bodies commenced to work before the 1st April 1886. Rules were also framed for the guidance of Local Boards and their agents and the officers of Government in matters connected with the carrying out of the provisions of the new Act, but they were not finally sanctioned until after the close of the year.

Anantapur, North Arcot, South Arcot, Bellary, South Canara, Chingleput, Coimbatore, Cuddapah, Ganjam, Kistna, Madura, Malabar, Salem, Tinnevelly, Trichinopoly, and Vizagapatam.

6. *District Boards.*—The number of circle boards having in the preceding year been reduced to 21, the introduction of the new Act caused no change in the number of District Boards, which consisted of 607 members—148 official and 459 non-official—against 624 members—268 official and 356 non-official—in 1884-85. The aggregate maximum number of members fixed by Government for these boards under the new Act was 788, but pending the constitution of Taluk Boards, additional members were not appointed except in Chingleput, Nílgiris, Trichinopoly, and Vizagapatam, where the existing number was below the minimum fixed by the Act. The *personnel* of the several boards was, however, revised with reference to the provision of the Act that the number of official members should not exceed one-fourth of the whole.

Appendix I.

7. Each board had on an average 29 members, of whom 7 were officials and 22 non-officials, the corresponding figures for the previous year being 12 and 17. The several boards held altogether 279 meetings during the year against 301 in 1884-85. The average number of meetings for each board thus fell from 14 to 13. The Bellary, Salem, and Tinnevelly boards met only 11 times during the year; the Kurnool and Malabar boards 10 times; the Vizagapatam board 9 times; the Cuddapah, Nellore, and Nílgiri boards only 8 times each. In Cuddapah, Kurnool, Nílgiris, and Vizagapatam, the small number of meetings held is ascribed to delay in the reconstitution of the board, and this was probably the case in the other districts also. The average attendance for all boards was 12 members per meeting (3 officials and 9 non-officials) against 10 (4 officials and 6 non-officials) in the preceding year. It was specially good in North Arcot, being over one-half of the total strength of the board. The attendance of the official members was very poor in Anantapur and Salem. The attendance of non-official members was, the Government are glad to note, generally satisfactory.

8. *Financial Position.*—Appendices II and III, furnished by the Accountant-General, show in detail the receipts and charges of the several District Boards, while in Appendix IV, from which the following totals are taken, the financial position of each Board is concisely summarized. The total results for all the Boards taken together are as below:—

—	Opening balance.	Receipts.	Total assets.	Expenditure.	Closing balance.
	Rs.	Rs.	Rs.	Rs.	Rs.
1884-85	22,94,944	54,46,589	77,41,533	58,96,693	18,44,840
1885-86	18,44,840	60,56,463	79,01,303	58,44,018	20,57,285

Excluding debt heads and contributions from one District Board to another, the actual receipts of the year amounted to Rs. 60,40,686 against Rs. 54,37,284 in 1884-85, and the charges to Rs. 58,19,675 against Rs. 58,89,732. All the districts except Anantapur closed the year with balances to their credit. The Anantapur deficit (Rs. 2,731) was not made good as usual by an advance from Provincial funds—apparently, because it represented merely the amount of cheques issued but not cashed before the close of the year.

9. *Taxation.*—Appendix V shows the incidence in each district of Local Fund taxation per head of the population with reference to the census figures of 1881. The average was Annas 2-10 per head including, and Annas 2-6 excluding, tolls, against

As. 2-6 and As. 2-3, respectively, in 1884-85, the increase in both cases being the result of enhanced receipts under Land-cess and Tolls. Taxation was lightest in South Canara (As. 1-11 per head including tolls), and heaviest in Kistna (As. 4-10).

II. RECEIPTS.

10. In Appendix VI the aggregate receipts of District Boards under the several heads are compared with the budget estimates for the year and the actuals of 1884-85. The year opened with a *balance* of Rs. 18,44,840, against the budget estimate of Rs. 13,01,880, the general increase of Rs. 5,42,960 being the net result of increases ranging from Rs. 10,382 to Rs. 1,51,169 in twelve districts, counterbalanced by decreases varying from Rs. 66 to Rs. 22,691 in nine others. The increase was large in Godávari (Rs. 1,51,196), Malabar (Rs. 1,15,537), Tanjore (Rs. 93,401), Tinnevelly (Rs. 70,224), Coimbatore (Rs. 57,596), Salem (Rs. 55,203), and Kistna (Rs. 53,190), and was generally due to short expenditure on public works in 1884-85. The decrease, which occurs principally in Nellore (Rs. 22,691), Anantapur (Rs. 22,038), Chingleput (Rs. 15,383), South Arcot (Rs. 13,812), and Cuddapah (Rs. 11,908), was the result of short collections under Land-cess.

11. The *current receipts* amounted to Rs. 60,40,686 against Rs. 54,37,284 in 1884-85, the increase occurring chiefly under Land-cess and Tolls. The following statement compares the receipts under the several heads with those of the preceding year:—

	1884-85.	1885-86.	Percentage of total receipts of 1885-86.
	RS.	RS.	
Rates and Taxes—			
Cess on land	39,57,211	44,42,936	73·55
Tolls (including the contributions from municipalities)	4,52,928	5,00,442	8·28
Education —			
School Fees	70,549	96,351	1·60
Income from Endowments	2,621	5,305	·33
Other items	15,489	14,705	
Medical—			
Income from Endowments	103	1,393	·25
Other items	21,850	13,888	
Interest—			
On Government Securities	38,334	38,541	·70
On Arrears of Revenue	10,028	4,037	
Miscellaneous—			
(*a*) Choultry Rents	1,99,561	2,21,389	3·67
(*b*) Market Rents	60,944	68,450	1·13
(*c*) Bungalow Fees	11,797	11,538	·19
(*d*) Ferry Rents	23,375	20,724	·34
(*e*) Fishery Rents	91,737	97,750	1·62
(*f*) Avenues	48,238	45,875	·76
(*g*) Other items	61,165	33,912	·56
Public Works	26,072	43,970	·73
Contributions from Provincial Funds	2,02,071	2,27,135	3·76
Contributions from Special Funds—			
(*a*) Pound Fund	30,059	40,227	·67
(*b*) Canal and Ferry Fund	1,13,152	1,12,118	1·86
Total	54,37,284	60,40,686	100·00

12. *Land-Cess.*—The cess on land continued to be levied at the rate of two annas per rupee of the annual rent-value in Malabar, and at one anna in all the other districts except Godávari, where it was 9 pies only. It is by far the most important source of local revenue, the collections under this head amounting to Rs. 44,42,936, against Rs. 39,57,211 in the previous year. The increase occurs in all districts except South Canara, Godávari, Nílgiris and Salem, and was due mainly to—

(1) the favorable character of the season;
(2) the collection of dues suspended on account of bad season in 1884-85, and of the large arrears outstanding at the close of that year;
(3) the punctual collection of the current revenues.

Appendix VII shows the demand, collection and balance of the cess, the rates at which it was levied, and the percentage of collection to demand in the several districts. According to this statement, which has been compiled from the district returns, the total collections amounted to Rs. 44,20,473, or Rs. 22,463 less than the figure given above, which has been taken from the Accountant-General's statements. The difference is explained by the fact that the Accountant-General's figures, which are based on the treasury accounts, show the actual collections during the year including sums paid in advance for 1886-87, while the demand, collection and balance statements show only the collections relating to the year under report and the arrears of previous years. In fifteen districts the percentage of collection to demand was higher, and in four lower, than in 1884-85. The collections in South Canara and Malabar (98 per cent. of demand) were particularly good, and it is satisfactory to observe that the total collections for the Presidency aggregated 90 per cent. of the demand against 81 per cent. in the preceding year, the percentages under arrears and current being, respectively, 85 and 91 against 70 and 83. Sums aggregating Rs. 13,016 were written off the accounts as irrecoverable—chiefly in Godávari, Kistna and Anantapur—against Rs. 1,15,527 in the previous year.

13. *Tolls.*—Next to land cess in importance comes the revenue derived from tolls levied upon carriages, carts and animals, which, under the new as under the old Act, has to be devoted entirely to "Streets, bridges and other means of communication." Appendix VIII shows the statistics of tolls, which in the year under review were collected at 191 places, against 154 in the previous year. In South Arcot, where there had only been one toll-gate previously, 27 new ones were established with a view to raise funds for the reconstruction of the district roads which had been seriously damaged by the floods of 1884. Fifteen additional gates were also opened in the districts of South Canara (1), Cuddapah (9), and Ganjam (5). On the other hand, five gates on the Kullar-Gúdalúr road, Nílgiris, the maintenance of which was made over to the Public Works Department, have been excluded from the District Board's returns, although the tolls continued to be levied by the Board and part of the receipts are made over to them. Tolls were levied at the maximum rates entered in Schedule B of the Act at 78 gates, and at half rates at the remaining 113. The total income from this source amounted to Rs. 5,00,442, against Rs. 4,52,928 in 1884-85, the increase being due chiefly to the establishment of the additional gates above referred to. Of this amount, Rs. 3,91,763, or 78 per cent., was collected by the District Boards themselves or by their contractors, the remainder (Rs. 1,08,679) being contributed by Municipalities as the Local Fund share of the tolls collected on trunk roads passing through them. The District Boards of North Arcot, Bellary, Godávari and Tanjore maintained no toll-gates of their own, but derived their revenue under this head from municipal contributions; the Vizagapatam board maintained only one toll-gate; the Kurnool board two; the Kistna and Nellore boards four; the Chingleput board five; and the Madura and Coimbatore boards six apiece. Deducting Rs. 13,487 spent on establishments, &c., the net income from tolls amounted to Rs. 4,86,955, or Rs. 25-14-3 for every mile of road maintained by the district boards. The cost of maintenance of these roads being Rs. 108-9-3 per mile, nearly 24 per cent. of the outlay is thus recouped by this means.

14. *Educational.*—The receipts connected with education amounted to Rs. 1,16,361 (see statement in paragraph 11), against Rs. 88,659 in 1884-85, the increase occurring mainly under *School-fees*, which yielded Rs. 96,351 against Rs. 70,549. The increase under this head is spread over all districts except Nílgiris, and is generally ascribed to the adoption of the new scale of fees and to the larger attendance of pupils, especially in secondary schools. The sum of Rs. 5,305 shown as *Income from endowments* represents the receipts of the Moyan endowment lands attached to the female normal school at Calicut. The Accountant-General will be requested to state why the rent of Rs. 38 derived from the lands of the Ponnúr school, in the Kistna district, as shown in Appendix XIX, is not included under this head in Appendix II. Of the sum of Rs. 14,705 shown under *Other items*, Rs. 10,531 represent the sale-proceeds of books.

15. *Medical.*—The receipts under this head, comprising sale-proceeds of medicines, contributions from municipalities and private individuals on account of hospitals and

dispensaries, income derived from the endowments of these institutions, &c., amounted to Rs. 15,281, against Rs. 21,953 in 1884-85. The sum of Rs. 1,393 shown as *Income from endowments* in paragraph 11 is the rent of lands attached to the dispensaries at Vriddháchalam (South Arcot), Sáidapet (Chingleput), Tiruvadanai (Madura), and Ponáni (Malabar). The other items, aggregating Rs. 13,888, include contributions from private individuals amounting to Rs. 8,145.

16. *Interest.*—A sum of Rs. 42,578 was realized under this head, against Rs. 48,362 in the previous year, the decrease occurring under *Interest on arrears of revenue*, which fell from Rs. 10,028 to Rs. 4,037, owing to the fact that interest is now charged only from the end of the revenue year in which the arrear accrues, instead of from the date of each instalment as formerly. The sum of Rs. 38,541, shown as *Interest on Government securities*, is made up as follows :—

	Investment. Rs.	Interest. Rs.
(1) Schools	1,12,100	4,509
(2) Dispensaries	95,800	5,379
(3) Choultries	3,47,100	14,758
(4) Tanjore Railway Guarantee Fund	2,81,800	10,624
(5) Miscellaneous Endowments referred to in para. 56 below	92,005	3,271
Total	9,28,805	38,541

The Accountant-General will be requested to explain the following discrepancies :—

(1) In Appendix II, a sum of Rs. 2,093 is shown as interest on Government securities in Chingleput; but from Appendix XIX and the District Board's accounts, it would appear that this amount includes Rs. 500 drawn from the Savings Bank for the purchase of a Government promissory note in favor of Petrus Uscan's Charity Fund.

(2) Appendix II shows no income under this head in Ganjam, but Appendix XIX and the District Board's accounts show that a sum of Rs. 284 was realized as interest from the invested funds of the choultry at Kanchali.

(3) In Appendix II, a sum of Rs. 157 is shown under this head against Godávari, in which the only investment made is a sum of Rs. 2,000 in favor of the Taylorpetta Fund, whereas Appendix XIX gives the amount of interest as Rs. 225.

As the Accountant-General has expressed his inability to furnish a correct statement of investments, Presidents of district boards are requested to submit one in future with their annual reports.

17. *Miscellaneous.*—The Miscellaneous receipts, the chief of which are separately shown in the statement in para. 11, amounted to Rs. 4,99,638, against Rs. 4,96,817 in the previous year.

(*a*) *Choultries.*—The most important item is the rent of lands attached to choultries, which brought in Rs. 2,21,105 (excluding Rs. 284 in Ganjam referred to in the preceding paragraph), against Rs. 1,99,561 in 1884-85. More than three-fourths of the total income under this head was raised in Tanjore, and the increase occurs chiefly in that district. It is ascribed by the President to the punctual adjustment of the value of paddy used for feeding purposes in the choultries. There is also an increase of Rs. 3,874 under this head in Tinnevelly, which is attributed to good crops on lands leased on the sharing system, and to extension of cultivation generally owing to favorable season. In the Nílgiri district a sum of Rs. 60 is shown under this head in Appendix XIX, whereas in Appendix II it is included under a separate head, Rents and Produce of Land—a discrepancy which should be explained by the Accountant-General.

(*b*) *Market Rents.*—In 1884-85, there were 224 markets in which fees were levied by the District Boards. In the year under review, the fee system was extended to 15 additional markets. According to Appendix II, the collections under this head amounted to Rs. 68,450 (against Rs. 60,944 in the previous year), but in Appendix XIX they are given as Rs. 68,477. The discrepancy should be explained by the Accountant-General, as also the difference between the expenditure figures in Appendices XX and III noted below. The expenditure on markets amounted to Rs. 44,596, of which Rs. 14,356 (according to Appendix XX) were spent on establishments and contingencies, and Rs. 30,240 on improvements, including cost of supervision and tools and plant. In Appendix III, however, the outlay on market establishments and contingencies is given as Rs. 14,585. As regards income from markets, Coimbatore stands first with Rs. 24,090; Madura and North Arcot come next with Rs. 9,702 and Rs. 9,383; and Trichinopoly, Anantapur and Salem follow with Rs. 5,305, Rs. 5,078, and Rs. 4,590, respectively. In Chingleput, Ganjam, Kistna, Nellore and Tanjore, no fees whatever are levied, and in Vizagapatam, Kurnool, Nílgiris, South Canara, South Arcot and Malabar the receipts are very small. As already observed in the review for 1884-85, there is ample room for the development of local resources in this direction, and the special attention of all District Boards is again drawn to the matter.

(*c*) *Fees levied from Travellers using the Local Fund Bungalows.*—Including the 18 bungalows in South Canara maintained from the district officers' fund lately transferred to the District Board, there were 260 of these institutions, at which 9,205 travellers halted during the year, against 239 bungalows used by 7,866 travellers in the previous year. The amount of fees collected was Rs. 11,538, and the expenditure amounted to Rs. 24,909, against Rs. 11,797 and Rs. 29,494, respectively, in 1884-85.

(*d*) The *Rents of Ferries* under the control of the District Boards amounted to Rs. 20,724, against Rs. 23,375 in 1884-85.

(*e*) *Fishery* rents yielded Rs. 97,750, against Rs. 91,737 in the previous year, the increase occurring mainly in Madura, Tanjore, Ganjam and Nellore. The increase in Tanjore is stated to be due to the greater protection against trespassers afforded to renters by the judicial tribunals; that in the other districts has not been explained. On the other hand, there was a decrease of Rs. 5,784 in Kistna, which is accounted for by the absence of large arrears as in the preceding year, and by the non-payment of Rs. 4,005 due by a contractor. Early steps should be taken to realise this amount. Of the total receipts under this head, Rs. 94,081 were collected through the agency of the Revenue Department, and Rs. 3,669 through the Department of Public Works.

(*f*) *Avenue* rents and clippings brought in Rs. 45,875, against Rs. 48,238 in 1884-85 and Rs. 45,678 in 1883-84. The receipts in 1884-85 were abnormally large owing to the great number of trees blown down in Chingleput, South Arcot and Tanjore in the cyclone of December 1884. Appendix IX shows the statistics of avenues in the several districts. According to the returns received, there were 1,864,767 trees under the care of the District Boards at the beginning of the year; 101,321 trees were planted and 58,991 perished during the year; and the number left at its close was thus 1,907,097. The information furnished under this head must, however, be regarded as, at best, approximate only.

(*g*) The *Other items* of miscellaneous revenues, excepting contributions from private individuals noted in paragraph 50 below, do not call for special remark.

18. *Public Works Receipts.*—The income under this head was Rs. 43,970, against Rs. 26,072 in the previous year, the increase being due to the payment of a contribution of Rs. 18,938 by the Madura municipality towards the construction of the Vaigai bridge.

19. *Contributions from Provincial Funds.*—Provincial grants aggregating Rs. 2,27,135 (against Rs. 2,02,071 in 1884-85) were obtained for the following purposes:—

	Rs.
(*a*) For Roads	1,02,000
(*b*) „ Tolls	22,733
(*c*) „ Schools	45,711
(*d*) „ Hospitals and Dispensaries	6,532
(*e*) „ Choultries	33,158
(*f*) „ General purposes	17,001
Total	2,27,135

(*a*) The South Arcot district board received a further grant of Rs. 20,000 in addition to the Rs. 30,000 given in 1884-85 for the restoration of the communications damaged by the floods of 1884 ; a special grant of Rs. 10,000 was given to the South Canara District Board for the upkeep of the main lines of traffic with Coorg and Mysore ; and the Nílgiri District Board received a grant of Rs. 72,000 for the maintenance of the district roads.

(*b*) The sum of Rs. 22,733 was paid to the Nílgiri District Board on account of the toll collections on the Kullar-Gúdalúr road mentioned in paragraph 13.

(*c*) Of the grant for schools, Rs. 44,751 were paid by the Director of Public Instruction under the Grant-in-aid Code, and the remainder (Rs. 960) was the allowance made for the support of the yeomiah school at Arcot transferred to the district board of North Arcot by G.O., of 31st January 1884, Mis. No. 222.

(*d*) The grant of Rs. 6,532 for hospitals and dispensaries was made up as follows :—

(1) Rs. 2,066 contributed from the Arcot Langarkhana Fund to the North Arcot District Board towards the upkeep of the Ranipet dispensary.
(2) Rs. 2,640 paid to the Tanjore District Board on account of the Rajamirasidar Hospital at Tanjore.
(3) Rs. 1,746, the revenue of two inam villages in the Sivaganga Zemindari credited to Government in past years, but made over to the Madura District Board in the year under review for the support of the dispensary at Tiruvadanai.
(4) Rs. 80 paid to the same board on account of medicines used in the treatment of police constables in the local fund dispensary at Ramnad.

(*e*) Grants amounting to Rs. 33,158 were as usual paid to the Anantapur, North Arcot, South Arcot, Coimbatore, Kurnool, Madura, Nílgiris, Salem, Tanjore, and Tinnevelly district boards on account of choultries. These grants are for the most part given in lieu of emoluments from lands originally assigned to the choultries in question, but subsequently resumed by Government.

(*f*) Grants for general purposes, amounting to Rs. 5,000 and Rs. 12,000, respectively, were paid to the South Canara and Nílgiri district boards, in consideration of the paucity of their funds.

20. *Contributions from Special Funds.*—(*a*) The share of the *Pound Fund* surplus transferred to Local Funds was Rs. 40,227, against Rs. 30,059 in 1884-85. The increase occurs chiefly in Tanjore, Salem, Kistna, Godávari, Trichinopoly and North Arcot, and was due mostly to enhanced receipts from pounds and to short expenditure on their construction and maintenance. In Tanjore, however, there was a special cause of increase, viz., the adjustment during the year of the collections of 1884-85 which had been reserved for pound construction and repair.

(*b*) The amount transferred to Local Funds from the surplus of the collections at the *ferries* in South Canara, Kistna, Malabar, Tanjore and Trichinopoly to which the Canal and Ferry Act I of 1870 had been extended was Rs. 1,12,118, against Rs. 1,13,152 in 1884-85. The major portion of this sum was raised in Malabar, viz., Rs. 77,567, against Rs. 79,116 in 1884-85. In South Canara and Trichinopoly, the contributions amounted to Rs. 17,051 and Rs. 8,500, respectively, or Rs. 384 and 131 more than in the preceding year. In Kistna and Tanjore, the previous year's contributions, amounting to Rs. 1,000 and Rs. 8,000, respectively, were repeated.

III. EXPENDITURE.

21. Appendix X shows the total expenditure for the year under the several heads as compared with the budget estimates and the actuals of 1884-85. Excluding debt heads and contributions from one District Board to another, the total expenditure amounted to Rs. 58,19,675 against Rs. 58,89,732 in 1884-85. There was a decrease in round numbers of Rs. 1,10,000 under Grant I, which was partly counterbalanced by increases of Rs. 13,000, Rs. 7,000, and Rs. 20,000, respectively, under Grants II, III, and IV. The following statement compares the expenditure under the

several heads and the percentage of outlay under each grant with the corresponding figures for the previous year :—

Grants.	1884-85.	1885-86.	Percentage of outlay under each Grant to total expenditure.	
			1884-85.	1885-86.
GRANT I—

Total Expenditure ..	58,89,732	58,19,675	100	100

GRANT I, PUBLIC WORKS.

22. *Appendix XI.* — The total outlay on *Communications* amounted to Rs. 28,32,988, or 82 per cent. of the budget allotments, against Rs. 29,20,317, or 79 per cent., in 1884-85. Of the former sum, Rs. 28,08,148 were spent by the engineering establishments employed by the District Boards, and the remainder (Rs. 24,840) by the Public Works Department, chiefly on roads running along tank embankments and channel banks. The expenditure on the construction and repair of *Buildings* was Rs. 1,14,589 against Rs. 1,22,979 ; and that on *Miscellaneous Public Improvements* relating to avenues, markets, tanks, wells, &c., (inclusive of Rs. 498 spent by the Public Works Department in improving the sanitary condition of the town of Dowlaishweram in the Godávari district), aggregated Rs. 1,27,360 against Rs. 1,50,000 in the previous year. Thus the total outlay on *Public Works* was Rs. 30,74,937, or 80 per cent. of the budget allotments, against Rs. 31,93,296, or 77 per cent., in 1884-85. The percentage of expenditure to allotments was very good in the first seven districts noted in the margin, and unduly low in the last seven. The explanations given for their short outlay by the boards of these latter districts will be found in Appendix XI. The Government cannot accept these as altogether satisfactory, but they trust that steps will be taken to show better results in future.

	Per cent.
1. South Canara 2. Nílgiris	99
3. Anantapur 4. Chingleput	98
5. North Arcot 6. South Arcot	97
7. Trichinopoly	96
8. Kurnool	61
9. Godávari	63
10. Bellary 11. Madura	66
12. Kistna	67
13. Tinnevelly	71
14. Nellore	72

23. *Roads.*—Appendix XII shows the mileage and cost of the district and village roads constructed and repaired during the year. The total length of roads under the control of the District Boards at the commencement of the year was 21,646 miles, of which 19,574 miles belonged to district roads and 2,072 miles to village roads. Of these, 17,327 miles of district road and 1,482 miles of village road were maintained during the year at a cost of Rs. 19,48,805 and Rs. 95,481, respectively, against 18,280 miles of the former and 2,717 miles of the latter in 1884-85. Rs. 4,47,381 were further expended in the completion of 330 miles, and the commencement of 251 miles, of new roadway. The outlay on village roads was 7 per cent. of the total road expenditure against 8 per cent. in the previous year. The statistics furnished regarding the mileage of roads, cannot, however, be regarded as altogether accurate. No information has been given regarding the general condition of the roads in most districts—an omission which should be supplied in future reports.

	Completed.	Under construction.	Total cost.
	MILES.	MILES.	RS.
District roads	215	157	3,69,312
Village roads	115	94	78,069
Total ..	330	251	4,47,381

24.—*Buildings, &c.*—The outlay on civil buildings amounted to Rs. 1,14,589, as shown below, against Rs. 1,22,979 in the preceding year :—

	RS.
Schools	18,560
Hospitals and dispensaries	25,883
Choultries	36,832
Bungalows	14,352
Office buildings, &c.	1,437
Miscellaneous	17,525
Total ..	1,14,589

The following were the most important works undertaken during the year under this head :—

Districts.	Buildings.	Total estimate.	Expenditure in 1885-86.	Remarks.
		RS.	RS.	
Arcot, North	Tirupati dispensary	14,708	5,217	Completed.
Bellary	Arkónam market	4,600	2,799	Do.
Coimbatore	Hospet choultries	7,185	6,449	Do.
	Coimbatore Normal school	3,924	3,131	Do.
Nellore	Kávali dispensary	3,055	595	In progress.
	Gúdúr do.	3,235	1,541	Do.
	Kávali school	4,580	1,446	Do.
	Kanigiri choultry	4,630	469	Do.
Nilgiris	Kótagiri dispensary	5,800	3,711	Do.
Tanjore	Masnagudi bungalow	3,000	3,000	Completed.
Trichinopoly	Addition to Kalianamahal choultry	3,200	2,497	In progress.
	Puduchavadi choultry	2,125	2,107	Completed.
Vizagapatam	Pálconda Normal school	6,270	5,965	Do.
	Párvatipur school	2,610	2,383	..

25. *Miscellaneous Public Improvements.*—The expenditure under this head was Rs. 1,27,360 against Rs. 1,50,000 in the previous year. The principal items are as follows :—

	RS.
Markets	25,833
Tanks and wells	14,454
Sanitary works	2,282
Chattram irrigation works	11,404
Avenues	63,385
Miscellaneous	10,002
Total ..	1,27,360

26. *Establishments and Contingencies.*—The sum of Rs. 5,62,613 entered under this head in the statement given in paragraph 21 above is made up as follows :—

	RS.
(1) Local Fund engineering establishment including contingencies	5,31,078
(2) Public Works Department for supervision of works	—1,218
(3) Do. do. for scrutiny of plans and estimates.	21,250
(4) Tolls and Ferry establishments	11,503
Total ..	5,62,613

Each District Board maintains its own engineering establishment for the execution of its public works. The total cost of these establishments, including contingencies, was Rs. 5,31,078, or 17 per cent., of the total outlay on works, the maximum proportion fixed being 20 per cent. In Kurnool, Nellore, Godávari, and South Canara, the prescribed rate was exceeded, the percentage being 27 in the first two districts and 21 in the last two. In the first three districts this was due to the short expenditure on works, while in the last it is attributed to retrenchment of the Provincial grant for roads connecting the district with Mysore and Coorg from Rs. 25,000 to Rs. 10,000.

Rs. 1,526 were paid to the Public Works Department for the execution of Local Fund works entrusted to their charge in Godávari, Kistna, and Trichinopoly ; but, on the other hand, in Tanjore a sum of Rs. 2,744, paid to the department in 1884-85, was refunded to the District Board, and this amount is shown as a *minus* entry under this head in Appendix III.

Contributions, amounting to Rs. 21,250, were also paid to the Public Works Department for the scrutiny of the more important Local Fund plans and estimates.

Tolls and Ferry establishments cost Rs. 11,503 against Rs. 9,612 in the preceding year.

27. The outlay on *Tools and Plant* was Rs. 37,610 or 1·2 per cent. of the outlay on works, against Rs. 41,845 or 1·3 per cent. in the previous year, the sanctioned rate being 1 per cent. The highest percentage (3·2) was in Vizagapatam, and is explained by the purchase of scientific instruments required for the survey of certain roads.

28. *Contributions to Provincial, Municipal and other Funds.*—The amount paid to Provincial Funds in partial adjustment of the famine debt of Rs. 5,67,000 was Rs. 26,789. The total payment on this account up to the end of the year under review has been Rs. 5,45,308, and of the balance of nearly Rs. 22,000 then due, Rs. 9,000 was to be paid in 1886-87. The chief payments on other accounts under this head were as follows :—

(*a*) *Nilgiris.*—Refund of Rs. 10,000, being the unexpended Provincial grant for the improvement of the Kótagiri ghât road.

(*b*) *Godávari.*—Contribution of Rs. 20,000 to the Canal and Ferry Fund on account of the cost of the Kovur-Manjair canal.

(*c*) *Malabar.*—Payment of Rs. 28,000 to the Madras Railway Company as the first instalment of the promised contribution of Rs. 1,12,500 on account of the Ferokh and Kallai bridges.

Payments to municipalities on account of Tolls and for Public works in or near municipal towns amounted to Rs. 26,373, against Rs. 47,621 in the preceding year.

GRANT II.—EDUCATION.

29. *Appendix XIII.*—The total number of pupils under instruction in the several schools maintained wholly or in part from Local Funds was 261,743,* or 6·2 per cent. of the estimated number of children of school-going age, against 228,348, or 5·4 per cent. in the preceding year. This advance in numbers shows that the falling off noticed in 1884-85 was merely temporary, being due to the special reasons

*Local Fund schools	.. ..	44,825
Grant-in-aid schools	.. ..	216,918
	Total ..	261,743

assigned in the review of that year. The increase would have been much larger, but for a decrease in the strength of the Local Fund secondary schools in the districts noted in the margin, owing mainly to the adoption of the new scale of fees.

North Arcot.	Kistna.
Godávari.	Nellore.

30. Excluding Rs. 18,560, being the cost of constructing and repairing school buildings shown under Grant I, the total expenditure on education was Rs. 7,00,797 (against Rs. 6,87,744 in 1884-85), distributed as follows :—

	1884-85.	1885-86.
	RS.	RS.
(1) Inspection	56,329	58,165
(2) Training Schools	61,131	67,017
(3) Local Fund Schools—		
(*a*) Secondary schools	80,635	1,06,373
(*b*) Primary schools	2,02,196	2,00,058
(4) Grant-in-aid Schools—		
(*a*) Salary grants	1,456	1,335
(*b*) Combined grants	26,194	32,585
(*c*) Result grants	2,17,796	2,14,155
(5) Contributions	28,027	4,141
(6) Purchase of books	9,993	13,283
(7) Miscellaneous	3,987	3,685
Total ..	6,87,744	7,00,797

Appendix XIII shows the receipts and charges of the several schools, but does not include receipts from the sale of books, contributions from municipalities for the inspection of municipal schools, or charges connected with the purchase of books and educational inspection.

31. *Inspection.*—The educational operations of the District Boards were as usual supervised by Deputy Inspectors of Schools and Inspecting Schoolmasters. The Deputy Inspectors are borne on the provincial list, and during the year under review their cost was met altogether from Provincial Funds, the Government having, in accordance with the recommendation of the Education Commission, waived their claim to the contribution formerly received from District Boards on this account. A sum of Rs. 2,258 was, however, paid from Local Funds on account of contribution due for the previous year. There were 121 inspecting schoolmasters paid entirely from Local Funds, against 120 in the previous year. These officers visited 16,380 villages, and prepared 14,435 schools for examination. They cost in all Rs. 58,165, or Rs. 1,836 more than in the preceding year.

32. *Training Schools.*—Including two sessional schools for the training of village schoolmasters in South Canara, and the Yellamanchili school mentioned below, there were 36 elementary normal schools maintained by District Boards, against 33 in the previous year. In Tinnevelly a new school was established at Palamcottah in October 1885, while in Tanjore the Tiruválúr school was abolished towards the close of 1884-85 for want of funds. The school at Vizagapatam, formerly maintained from Provincial Funds, was made over to the District Board in July 1885, while the Yellamanchili school in that district, having been badly reported upon, was closed in February 1886. One of these schools, maintained at Calicut from the Moyan endowment funds, is intended for the training of females. The total number of students under training rose from 753 in 1884-85 to 857 in the year under review. Of the latter, 795 were stipendiary students paid from Local Funds, while the remaining 62 were either free pupils or were paid by Municipalities. 669 of these pupils appeared for the Special Upper Primary Examination, but only 371 or 55 per cent. passed, against 486 or 74 per cent. of the total number of candidates in 1884-85. Looking to the results of the previous two years, the Government are disposed to agree with the Director of Public Instruction* in thinking that this falling off is due for the most part to the variation in the standard of the examination. The total cost of these institutions amounted to Rs. 67,017, against Rs. 61,131 in the previous year. Deducting

* Paragraph 142 of his report for 1885-86.

provincial grants, school fees and miscellaneous receipts, the average net cost of training each successful student was Rs. 128, against Rs. 91 in 1884-85, the increase being, of course, due to the falling off in the number of passes. The average cost varies greatly in the several districts. In South Canara, it was only Rs. 13 a head; Madura comes next with Rs. 66; Chingleput, Vizagapatam and Trichinopoly follow with Rs. 86, Rs. 90, and Rs. 95, respectively; while in Malabar, Godávari, Cuddapah and Ganjam, it was as much as Rs. 211, Rs. 283, Rs. 329, and Rs. 352 respectively. The attention of the last-named Boards is drawn to these figures in view to their taking steps to reduce the cost in future.

33. *Secondary Schools.*—There were 103 Local Fund secondary schools, against 136 in the previous year, as shown in the margin. The only collegiate institution was the Sanscrit College attached to the Kalyanamahal chattram, at Tiruvádi, in the Tanjore district. It was attended by 66 pupils, of whom 26 are reported to have passed the annual examination. The three high schools are at Tiruválúr in Tanjore, at Udamalpet in Coimbatore, and at Amalápuram in Godavári. They were attended by 363 pupils, and the examination results were on the whole satisfactory. Twelve out of 26 candidates passed the University Matriculation Examination. The decrease in the number of middle schools, which occurs chiefly in Godávari, Kistna, Nellore and North Arcot, is explained by closure of schools (*a*) for want of funds, and (*b*) on account of decreased attendance owing to the introduction of the new scale of fees. Sixty-seven middle schools were maintained on the salary, and the remaining 32 on the salary-results, system. They were attended in all by 6,689 pupils, against 7,404 in 1884-85. The number of pupils who appeared for and passed the several departmental examinations is not given in 8 districts. In the remaining 11 districts in which there were middle schools, 204 pupils appeared for, and 85 passed, the Middle School Examination, and 306 appeared for, and 192 passed, the Lower Fourth-class Comparative Examination. The working of these schools should in future be specially noticed in the district reports.

	1884-85.	1885-86.
Colleges	1	1
High Schools	2	3
Middle Schools	133	99
Total ..	136	103

34. The total expenditure on secondary schools was Rs. 1,06,373 against Rs. 80,635 in 1884-85, but their net cost to Local Funds was only Rs. 22,897 against Rs. 27,386 in that year. The average net cost * of educating each pupil amounted to Rs. $3\frac{3}{4}$ against Rs. $3\frac{1}{2}$ in the previous year; but it varied from As. 2-5 in South Arcot to Rs. 18-4-11 in Godávari, while in three districts—South Canara, Chingleput and Trichinopoly—the secondary schools were maintained at a slight profit to the District Board.

35. *Elementary Schools.*—There were 271 Local Fund primary schools on the salary system, and 994 on the salary-results system, against 274 and 1,024, respectively, in the preceding year. The decrease in the former case is due to the closure of schools in Ganjam and Nellore; in the latter case it occurs chiefly in the districts noted in the margin. Most of the salary system schools—219 out of 271—are in Godávari. These schools have been unfavorably reported upon by the educational officers, and recommended for conversion into salary-results system schools, but the District Board are unwilling to take this step, on the ground that, owing to the small attendance at most of them, it would be impossible for the teachers to earn a sufficient income. But in the opinion of Government, schools that cannot support themselves on the salary-results method might well be closed altogether. The present system, as pointed out by the President in paragraph 61 of his annual report, results in many cases in teachers getting paid

† South Arcot.
Coimbatore.
Nellore.

* The average net cost per pupil in this paragraph and in paragraph 36 is obtained by dividing the total net cost of the schools by the total average attendance during the year.

† In South Arcot, seven girls' schools were transferred to Government, and five boys' schools amalgamated with the middle schools. In Coimbatore, the combined system schools are now treated as private schools. In Nellore, 21 schools were closed for want of funds.

for work which they do not do. The 211 salary-results system schools which at present exist in this district are favorably reported on.

36. The 271 salary system schools were attended by 7,989, and the 994 salary-results system schools by 28,861, pupils, against 7,280 and 27,611, respectively, in the preceding year. The total cost of these two classes of schools was Rs. 2,00,058 against Rs. 2,02,196 in 1884-85, and the net cost Rs. 1,57,505 against Rs. 1,59,142. The average cost of educating each pupil was Rs. 5, against Rs. 4½; but it varied from Rs. 2-10-0 in Anantapur to Rs. 14-3-0 in Tinnevelly. 20,973 pupils from these schools passed the several standard examinations out of 27,926 who appeared.

37. *Grant-in-aid Schools.* — Aid was given from Local Funds to 16 private schools attended by 360 pupils by payment of *salary grants* amounting to Rs. 1,335, and to 537 such schools attended by 21,256 pupils by payment of *salary and result grants combined* to the extent of Rs. 32,585. In addition to these, there were 9,735 *results grants* schools attended by 195,302 pupils, of which 7,910, with an attendance of 110,754 pupils, were actually examined and paid grants amounting to Rs. 2,14,155 during the year. The number of schools which received results grants in 1884-85 was 8,532 with an attendance of 119,574, and the amount of grant earned Rs. 2,17,796. The average grant per pupil examined in the above three cases was Rs. 3-11-4 in salary grants schools, Rs. 1-8-6 in combined grants schools, and Rs. 1-14-11 in results grants schools, against Rs. 3-10-5, Rs. 1-8-0 and Rs. 1-4-11, respectively, in the preceding year.

38. *Contributions to Provincial and Municipal Funds.*—As already remarked, Rs. 2,258 was contributed to Provincial Funds towards the pay and allowances of Deputy Inspectors of Schools for 1884-85. Further, Rs. 867 were refunded to Provincial Funds on account of salary grants over-drawn in the previous year, and Rs. 1,016 were as usual paid to the Nellore Municipality in aid of the municipal schools there.

39. *Purchase and Sale of School-books.*—A sum of Rs. 13,283 was spent on the purchase of school-books, besides Rs. 1,579 paid as salary to the selling agents and for commission on sales. The amount realised by the sale of these books was Rs. 10,531 ; the net cost for the year under this head was thus Rs. 4,331, against Rs. 1,306 in 1884-85.

GRANT III—MEDICAL SERVICES AND SANITATION.

40. *Appendix XIV—Hospitals and Dispensaries.*—Four new dispensaries were opened during the year, viz., at Viravasaram in the Godávari district, at Tiruvadanai in Madura, and at Nilambúr and Cherpalcheri in Malabar, while one at Kótagiri, in the Nilgiri district, was transferred from private management to that of the District Board. The total number of hospitals and dispensaries under the management of local boards was thus raised from 220 to 225. Of these, seven are included in the first class, as affording accommodation to in-patients and being provided with the necessary instruments for conducting major operations; 150 are dispensaries of the second class, having wards for the accommodation of in-patients; and the remaining sixty-eight are of the third class, in which provision is made for the relief of out-patients only, though in emergent cases in-patients are also admitted. Of these institutions, 137 were situated in buildings belonging to the District Boards, while the others were in rented houses, or in buildings lent by Government or by private individuals. Twenty-three were maintained either wholly or partly from endowments, and eighteen from the chattram funds in Tanjore and Tinnevelly. The total expenditure on hospitals and dispensaries—including the pay of the regular medical subordinates in charge, but excluding that of additional medical practitioners maintained in the districts of Godavári, Kistna, Nellore and Malabar—was Rs. 2,79,098, against Rs. 2,96,648 in the previous year. The decrease, however, is merely nominal, as the cost of medicines and surgical apparatus, which last year was shown under this head, is now shown under Contributions to Provincial Funds. The following statement shows the number of patients treated in these institutions during the last three years. The steady increase testifies to their growing popularity :—

Years.	In-patients.	Out-patients.	Total.
1883-84	10,770	969,021	979,791
1884-85	11,179	1,041,476	1,052,655
1885-86	11,975	1,129,996	1,141,971

In addition to the above, 2,951 cases of labor were treated by 101 midwives in the employ of District Boards, against 2,845 cases treated by ninety-four midwives in the preceding year. Each midwife had thus on an average twenty-nine cases in the year, or only 2·5 cases per month. The average was particularly low in the districts noted in the margin, and the District Boards concerned should take steps to produce better results in future.

	Average number of cases per annum treated by each midwife.

41. *Medical Schools* for the training of hospital assistants were maintained by the District Boards of Nellore, Tanjore and Madura. They were managed by the respective District Surgeons, and their working is thus summarized in paras. 167—169 of the annual report of the Director of Public Instruction :—

"The Nellore Local Fund Medical School had 7 pupils, against 17 in the beginning of the year. All the senior-class students passed the examination held in June 1885, and obtained employment as local fund hospital assistants. As a fresh batch was not admitted, the attendance fell to 7. No pupils were ready for the last examination for hospital assistants.

"The attendance rose at the Medical School, Tanjore, from 18 to 28, ten pupils having joined as first year's students. The five pupils presented for the last hospital assistant examination were successful, the Government medal for the highest number of marks being also gained by one of the pupils. The pupils of the second and third years receive clinical instruction weekly in the wards of the Rajah-Mirasidar hospital, which contains 124 beds and is said to be the largest mofussil hospital in the presidency.

"In the Madura Medical School, the attendance remained almost the same as in the previous year. Seven out of the 9 pupils passed in the last final examination. The institution, which is making good progress, is attended by 6 private pupils."

42. *Appendix XV—Vaccination.*—There were 46 Deputy Inspectors of Vaccination, as in 1884-85, and 592 vaccinators, including probationers, against 614 in that year. The work done by this staff and the average cost of each successful operation are compared below with the corresponding figures of 1884-85 :—

Years.	Number of persons vaccinated.	Number of successful cases.	Percentage of successful cases to number vaccinated.	Cost per successful case.
				RS. A. P.
1884-85	611,032	575,178	94	0 4 0
1885-86	601,160	569,058	95	0 4 0

Taking the birth-rate of the presidency at 29·3 per mille of the population—the figure given in the Sanitary Commissioner's report for 1885—the number of persons protected from small-pox in the year under review was 69 per cent. of the number of births, that is to say, there was a slight retrogression as compared with the previous year, when the proportion was 69·8. The districts which show the best results in proportion to population are South Canara and Bellary, where the number of operations performed exceeded that of the births, and Coimbatore, Vizagapatam, Tinnevelly, Anantapur, Chingleput, Nílgiris, and Salem, where it was between 80 and 90 per cent. of the latter. The worst results are exhibited by the districts shown in the margin. In Kistna, the number of successful cases has fallen from 25,417 in 1884-85 to 13,371, the decrease being

	Percentage of vaccinations to births.
Kistna	31
Godávari	35
Cuddapah	35
South Arcot	47
North Arcot	51
Ganjam	55

ascribed to the unwillingness of the people, the non-prevalence of small-pox, and the want of help given to vaccinators by the heads of zemindari villages. There was also a decrease of 8,033 cases in Godávari, and the President states that he has issued instructions to the taluk revenue officers to closely supervise the working of the vaccine department in future. In Cuddapah certain proposals made by the District Board, and lately sanctioned by Government in regard to the department, will, it is hoped, produce better results in future. In North and South Arcot the Collectors have issued stringent orders to their subordinates to encourage vaccination in every possible and legal way, and considerable improvement is expected in the next year. No special measures appear to have been adopted in Ganjam, and the President of the District Board is requested to give the subject his special attention. The average cost of each successful case for the presidency was the same as in the previous year, viz., Annas 4, but it was very high in Cuddapah (As. 13-8), Nílgiris (As. 10-9), Kistna (As. 9-6), Godávari (As. 8), and Kurnool (As. 6-8). These figures compare unfavorably with those of 1884-85, especially as regards Cuddapah, Kistna, and Godávari.

43. *Appendix XVI—Sanitation.*—Exclusive of the expenditure of Rs. 26,738 incurred on sanitary public works under Grant I, the outlay on sanitation was Rs. 2,46,651 against Rs. 2,57,571 in the previous year. The following are the purposes for which this amount was spent:—

	1884-85.	1885-86.
	RS.	RS.
(1) Inprovement of water-supply	48,184	47,802
(2) Improvement of village sites	12,577	15,062
(3) Conservancy establishments	1,54,801	1,56,727
(4) Arrangements at fairs and festivals	10,486	10,311
(5) Other sanitary outlay	31,523	16,749
Total ..	2,57,571	2,46,651

It is to be regretted that the amount actually spent was only 82 per cent. of the budget allotments, against 85 per cent. in the preceding year, though the Presidents of District Boards assured Government that the sanctioned grants for the year would be fully utilized. The percentage was specially low in the districts noted in the margin. In Tanjore it would appear that a large number of tank works were only partially repaired, and that even the cost of repair was not fully paid within the year, as bills were not submitted in time. In South Arcot the short outlay is explained by the postponement of optional expenditure under the orders of the Government of India. In Kistna it is stated that the whole of the budget allotment was placed in the hands of the tahsildars who could not obtain trustworthy contractors to carry out all the works. These explanations cannot be accepted as satisfactory. The Government, as stated in last year's review, attach the greatest importance to this subject, and they trust that the taluk boards and union panchayats recently constituted will take measures for the full utilization of the grants sanctioned. The details of the conservancy establishments employed in the several villages have not been furnished in all the district reports. These particulars, as well as complete information regarding the several works undertaken, should be given in future reports as required in G.O., dated 16th October 1886, No. 1340 L.F.

	Per cent.

Nellore	75
Kistna	76
Bellary	78
Vizagapatam	79

44. *Markets and Bungalows.*—The expenditure under these heads has already been noticed in paragraph 17.

45. *Appendix XVII—Choultries, &c.*—Including the Arcot and Kurnool langarkhanas and the poor-house at Tanjore, there were 370 choultries under the control of the District Boards in 1885-86 (against 333 in the preceding year), of which 201 had endowments of their own. In 41 of these latter, 2,103,099 daily rations were issued at a cost of Rs. 1,19,234, against 1,973,925 at a cost of Rs. 81,793 in 1884-85. The increase in the cost occurs principally in the Tanjore district, and was due to the adjustment of the value of paddy at the current selling prices as already explained in paragraph 17. 24,615 persons were fed in the Arcot langarkhana (poor-house), at a cost of Rs. 1,001, while in that at Kurnool 30 infirm persons received a maintenance dole of Re. 1 each per mensem. It is presumed that the usual monthly pensions to blind persons were granted from the Tirukurangudi chattram funds in Tinnevelly. In the poor-house at Tanjore 127,830 persons were fed at a cost of Rs. 2,343. As the latter amount is included in the sum of Rs. 98,837 shown in Appendix III as the cost of feeding travellers in choultries, the separate entry of Rs. 1,000 under this head as a contribution to the poor-house appears to be incorrect. The Accountant-General is requested to explain this.

46. *Contributions.*—The contributions paid from Local funds for medical and sanitary purposes amounted to Rs. 1,64,405 against Rs. 1,48,114 in the previous year, as shown below:—

	1884-85.	1885-86.
	RS.	RS.
To Provincial Funds—		
For the Medical College	23,705	21,839
„ Sanitary Inspection	30,946	27,526
„ Cutlers Establishment in the Medical Store Depôt	1,576	677
„ Medical Reserve Staff	1,931	2,007
„ Medicines and Surgical apparatus	..	24,557
„ Maintenance of Lunatics	12,011	13,719
To Municipalities—		
For Hospitals and Dispensaries	70,560	66,632
„ Miscellaneous Sanitary purposes	1,122	1,815
To Private individuals—		
For dispensaries maintained by missionary bodies.	5,663	5,083
For other purposes	600	550
Total ..	1,48,114	1,64,405

The increase is merely nominal, as a sum of Rs. 24,557, being the cost of medicines, &c., is now shown under this head instead of under Hospitals and Dispensaries as in previous years (see paragraph 40 above).

GRANT IV—MISCELLANEOUS.

47. *Supervision and Office Management.*—The total cost of supervision, including contingencies, amounted to Rs. 1,87,822 against Rs. 1,80,742 in 1884-85, and formed 3·1 per cent. of the actual receipts of the year, and 3·2 per cent. of the charges. The increase, as compared with last year, occurs under Contingencies, particularly in Vizagapatam, Salem, and North Arcot. The pay of the head clerks or "managers" in the various District Board offices varies from Rs. 40 in Nílgiris to Rs. 70 in Ganjam, Madura, Salem, Tanjore, Trichinopoly and Vizagapatam.

48. *Repayment of Interest on Loans.*—Interest and instalments of principal, amounting to Rs. 10,522 and Rs. 16,125, respectively, were paid by the Chingleput and Malabar District Boards on account of the loans made to them from Imperial funds. The subjoined statement shows the purposes for which these loans were obtained, and the balances due at the close of the year:—

Boards.	Works.	Amount of Loan.	Amount repaid.	Balance due.
		RS.	RS.	RS.
Chingleput ..	Construction of the iron girder bridge across the Kortalayár river ..	1,99,790	55,155	1,44,635
Malabar ..	Completion of the Támrachéri and Peria ghât roads	1,49,000	72,367	76,633
	Total ..	3,48,790	1,27,522	2,21,268

The temporary loan of Rs. 9,752 advanced from Provincial Funds to the Anantapur District Board to wipe off the deficit at the close of 1884-85 was also repaid during the year under review.

49. *Refunds of Cess, &c.*—Refunds of cess, &c., amounted to Rs. 11,321 against Rs. 7,893 in the previous year. The increase occurs chiefly in Tanjore.

IV. CONTRIBUTIONS AND ENDOWMENTS UNDER THE CONTROL OF DISTRICT BOARDS.

50. *Contributions, &c.*—The total amount of voluntary contributions made by private individuals or bodies for works of local utility was only Rs. 31,866, against Rs. 52,974 in 1884-85. Of this sum, Rs. 6,400 were on account of public works; Rs. 8,145 for hospitals and dispensaries; Rs. 893 for schools; and the remainder, Rs. 16,428, for sanitary purposes. The corresponding figures for the preceding year were Rs. 8,365, Rs. 11,249, Rs. 777, and Rs. 32,583. The decrease thus occurs chiefly under contribution for sanitary purposes; but a portion of this is merely nominal, as in 1884-85 a sum of Rs. 8,750 paid by the Buckingham Memorial Committee for the construction of two choultries in the Nellore district was incorrectly shown under this head in the Accountant-General's statements.

51. *Endowments, &c.*—Appendix XVIII gives the total number of endowed institutions, such as schools, hospitals, dispensaries, choultries, markets, &c., under the control of the various District Boards, while their gross receipts and charges are shown in Appendices XIX and XX, furnished by the Accountant-General. Excluding appropriations from general funds to meet excess expenditure, the receipts on account of these institutions amounted to Rs. 3,69,247 against Rs. 3,28,318 in 1884-85, and the charges to Rs. 3,73,832 against Rs. 3,43,111. The variations in the receipts occur chiefly in North Arcot, Madura, Malabar, Tanjore, Tinnevelly and Trichinopoly. There was a balance of Rs. 3,08,126 in favor of these institutions at the close of the year, of which Rs. 82,714 belonged to Tanjore, Rs. 60,732 to Tinnevelly, Rs. 59,318 to Coimbatore, and Rs. 40,890 to Madura. The District Boards concerned should submit proposals for utilizing these large sums.

52. *Endowed Schools.*—As in the preceding year, these were four in number, viz., the yeomiah school at Arcot under the management of the North Arcot District Board; the school at Ponnur, in Kistna, maintained from the proceeds of lands in the Bápatla taluk; the Female Normal School at Calicut, maintained from the Moyan endowment fund transferred to the Malabar District Board for the encouragement of female education; and the Prince of Wales' Medical School at Tanjore, supported from the interest on the sum locally subscribed in honor of the visit of His Royal Highness the Prince of Wales in 1875. Besides these, there were four schools in Tanjore and one in Tinnevelly which may also be regarded as endowed, inasmuch as they were entirely maintained from the funds of endowed choultries. These were the "Sanskrit College" at Tiruvádi, the girls' school at Nídámangalam, two boys' schools at Rajamattam and Oratanad, and the Anglo-Vernacular school at Tirukurangudi (Tinnevelly district).

53. The number of *endowed dispensaries* rose from 21 in 1884-85 to 23 in the year under review. In South Arcot, the dispensary at Vriddháchalam is now classed as an endowed institution, as it is partly maintained from the rental of a private tope planted by a former Sub-Collector, who desired that its proceeds should be applied for

that purpose. In Madura, the newly-opened dispensary at Tiruvadanai is wholly maintained from the revenues of the inam villages of Kumani and Machiyur, in the Sivaganga Zemindari, made over to the District Board for this purpose. In addition to the institutions entered in Appendix XVIII there are sixteen dispensaries in Tanjore, maintained wholly from the funds of the Rajah's chattrams, and two in Tinnevelly, maintained from the revenues of the Tirukurangudi chattram.

54. The number of *endowed choultries* was 201, or one more than in 1884-85, the choultry at Vadamadura having been transferred from private management to that of the Madura District Board during the year under review. In South Arcot, the choultry at Bhuvanigiri, formerly included under this head, is now shown as an unendowed institution, while in Kistna the number of choultries is correctly shown as four instead of three as given in the review for 1884-85.

55. The number of endowed *water-sheds*, *tanks or ponds*, *topes*, and *langarkhanas* (poor-houses), remained the same as in the two previous years, and *markets* have been already treated of in paragraph 17.

56. Under the head of *Miscellaneous Endowments* may be mentioned, as in last year's review, the "Surplus Pagoda Fund" in Chingleput, the proceeds of which are devoted to the upkeep of the Chingleput dispensary; "Petrus Uscan's Charity Fund," in the same district, founded for the perpetual repair of the Marmalong bridge and the steps up St. Thomas' Mount; the "Taylor Pettah Fund," in Godávari, consisting of the fees levied on godowns, stalls and carts in the cart-stand at Taylorpetta, a suburb of Narsápur, and devoted to the sanitation and general improvement of the village; the "Price Vaccination Fund," in Salem, intended for the promotion of vaccination in that district; and the "Surplus Pagoda Fund," in the same district, the proceeds of which are expended on sanitary improvement.

57. In conclusion, the Government are glad to observe that the year under review marks on the whole a satisfactory advance in the administration of Local Funds throughout the Presidency.

(True Extract.)

for Ag. Chief Secretary.

To all Presidents of District Boards.

APPENDIX XI—*continued.*

Statement showing the particulars of Public Works, &c., for 1885-86—*continued.*

Districts.	Percentage of outlay to allotment by the Local Fund Engineering establishment.	Cost of Engineering establishment including contingencies.			Percentage of the cost of Local Fund Engineering establishment to outlay on works executed by them.	Cost of tools and plant.			Percentage of cost of tools and plant to outlay on works by the Local Fund Engineering establishment.	Explanations given for short outlay in the districts marked with an asterisk.
		By L.F.D.	By P.W.D.	Total.		By L.F.D.	By P.W.D.	Total.		
	20	21	22	23	24	25	26	27	28	29
		Rs.	Rs.	Rs.		Rs.	Rs.	Rs.		
1. Anantapur ..	98	9,092	..	9,092	20	600	..	600	1·3	(1)—Operations had to be restricted during the early portion of the year owing to want of rains which rendered the consolidation of material on roads impracticable.
2. Arcort, North ..	97	33,744	..	33,744	19	2,443	..	2,443	1·3	(2)—The Local Fund Engineer attributes the short outlay to the loss of several overseers who left the District Board's service for the better prospects offered by the Public Works Department, and to a misunderstanding of the rule regarding the execution of the incomplete and uncommenced works of the previous year before receipt of fresh formal sanction. The District Board, however, are of opinion that it was in a great measure due to defective plan and method on the part of the Engineering staff.
3. Arcot, South ..	97	22,412	..	22,412	13	1,617	..	1,617	0·9	
4. Bellary *	(1) 66	17,731	..	17,731	20	960	..	960	1·1	
5. Canara, South ..	99	19,821	..	19,821	21	855	..	855	0·9	
6. Chingleput ..	98	21,655	..	21,655	17	1,501	..	1,501	1·2	
7. Coimbatore ..	82	26,855	..	26,855	16	865	..	865	0·5	
8. Cuddapah	95	19,321	..	19,321	17	533	..	533	0·5	(3)—The short outlay is explained by the postponement of optional expenditure.
9. Ganjam	80	21,044	..	21,044	19	848	1	849	0·8	(4)—(*a*) Postponement of all optional expenditure under the orders of the Government of India; (*b*) sickness of the staff working on the Mantralakama road; (*c*) absorption of labor by the railway works in progress in the district; (*d*) late preparation of the estimate for the Nandyál-Atmakur road; and (*e*) non-payment for a portion of the work done. The President, while admitting the short expenditure to be far from satisfactory, states that allowance must be made for the fact that the Local Fund Engineer is greatly overworked and that it is difficult to induce good men to take service in the district which has a bad reputation for fever.
10. Godávari * ..	(2) 63	43,658	1,077	44,735	21	3,156	46	3,202	1·5	
11. Kistna *	(3) 67	33,426	229	33,655	17	2,809	9	2,818	1·5	
12. Kurnool *	(4) 61	13,442	..	13,442	27	680	..	680	1·4	
13. Madura *	(5) 66	27,542	..	27,542	17	2,933	..	2,933	1·8	
14. Malabar	75	47,585	..	47,585	19	3,206	..	3,206	1·3	
15. Nellore *	(6) 72	28,439	..	28,439	27	1,916	..	1,916	1·8	(5)—(*a*) Non-completion of the estimates for some works; (*b*) non-payment within the year for a portion of the work done pending final inspection; (*c*) failure of contractors to complete some works; and (*d*) laxity of supervision on the part of certain officers entrusted with the execution of works.
16. Nilgiris	99	15,896	..	15,896	17	1,385	..	1,385	1·5	
17. Salem	95	24,632	..	24,632	17	1,463	..	1,463	1·1	
18. Tanjore	80	37,042	— 2,744	34,298	13	1,194	— 119	1,075	0·4	
19. Tinnevelly * ..	(7) 71	28,136	..	28,136	16	1,594	..	1,594	0·9	(6)—(*a*) Late submission of bills for some works and (*b*) postponement of some others.
20. Trichinopoly ..	96	17,496	220	17,716	17	1,399	9	1,408	1·4	
21. Vizagapatam ..	91	22,109	..	22,109	11	5,707	..	5,707	3·2	(7)—The short outlay is explained by the postponement of optional expenditure and by the slow progress of the Srivaikuntham bridge work in consequence of the ironwork not having been sent for from England, and the contractors who had undertaken the stonework not having completed it in time. The Board have since proposed to purchase the iron materials in India and the matter is now under the consideration of Government.
Total ..	80	5,31,078	— 1,218	5,29,860	17	37,664	— 54	37,610	1·2
