Office of the Chief Engineer
for Irrigation -
Colaba, 28th April 1887

No. 25 E.W. Madras, 2nd May 1887

From

Colonel H. R. Mead R.E.
Chief Engineer for Irrign

To

The Chief Engineer,
P. W. D.

Sir,

When the orders to close the Tank Maintenance Scheme were issued, Major Campbell entertained 8 extra Draughtsmen in the head quarter office, to work off arrears of work sent in by the Survey parties.

These men were entertained on the 1st February and it was intended that they should be charged to works, estimates for this purpose were accordingly sanctioned, and in closing Treasury accounts &c Major Campbell retained the funds requisite for paying these men.

Payment

Payment of their Salaries for February and March was made to these Draftsmen in the ordinary way and charged against the sanctioned estimates. The Examiner, Public Works Accts, objects to these estimates and requests a reconsideration of their sanction and refuses to admit the pay of the draftsmen as a charge to works without orders of Government. As the payments made represent transactions of the official year 1886–1887, it is considered advisable to dispose of the question at an early date, I have therefore the honor to request that the requisite orders, authorizing the Examiner to pass the pay as a "works" charge, may be issued.

The Examiner's letters are forwarded for reference.

I have the honor to be
Sir,
Your most obed't Servant

Col. RE.
Chief Engineer for Irrigation

To b.

Your office note No: 149 Dated 26-5-87. The draftsmen were not promiscuously employed in reducing the field work of the General Divisions, but two men were allowed to each Divn: making in all 8 men for the 4 Divns: The estimate however is a general one which was prepared simply for convenience.

H Davison
Asstt: Chief Engineer for Irrigation
In ch: of T. M. Scheme.

To W. 149 AV 123 26-5-87 Encs: 2

Please state (1) whether the draftsmen were employed in the field or in the Office and (2) whether each of them was employed on work connected with a single "Survey" such as, under Code para 186, would constitute a "work" for the purpose of Code para 935, or whether they were promiscuously employed in reducing the field work of a number of such Surveys.

Madras, 6 April 188 7.

Sir,

With reference to your letter No. 934 T. dated 2nd. April 1887, I have the honor to state that the sanction of the Government is necessary for the additional Office Establishment, as there is no "work" in the sense of Code para 935, and if there were such a "work", draftsmen could not be brought within rule I of the para abo quoted with a view to charging them thereto.

I have etc. etc.

Madras, 29 MARCH 1887.

SIR,

WITH REFERENCE TO YOUR RETURN OF SANCTIONED ESTIMATES FOR FEBRUARY 1887, I HAVE THE HONOR TO REQUEST THAT YOU WILL KINDLY RE-CONSIDER THE SANCTION GIVEN BY YOU TO THE ESTIMATE FOR RS. 620 UNDER ORIGINAL WORKS TO COVER THE SALARIES OF TEMPORARY ESTABLISHMENT EMPLOYED IN YOUR OFFICE.

2. AS THERE IS NO ONE WORK, OR SECTION OF A LARGE WORK, ON WHICH THE ESTABLISHMENT IS EMPLOYED, AND TO WHICH IT CAN BE CHARGED UNDER THE RULING IN CODE PARA 985-I, IT APPEARS NECESSARY TO OBTAIN THE SANCTION OF THE GOVERNMENT TO DEBITING THE CHARGE TO ESTABLISHMENT TEMPORARY.

I HAVE ETC. ETC.

OFFICE NOTE No. 186

To Executive Engr

W.

Your O. N. 99 D. dated 12th May 1887.

I do not think the charge is a works charge. Para 935 of Code governs the case. Para 186 simply explains what in the case of surveys, is to be considered a work for the purpose of para 935. I do not think the Establishment concerned were employed on separate works within the meaning of para 186; and, if they had been so employed, the particular kind of establishment in question could not have been charged to it under para 935, not being employed in petty supervision, or under para 186, not being of the classes mentioned therein.

2. All that is required is formal sanction of Government for admission
