MILITARY DEPARTMENT.

28th July 1887, No. 4879.

Military Buildings.

Read the following papers :—

No. . From Brigadier-General E. FAUNCE, Quarter Master General, Madras Army, to Brigadier-General A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Ootacamund, 16th May 1887, No. 1129-B.

In continuation of section II, clause (c) of the report made in this office letter No. 262-B, dated 7th February last, recorded in O.G., No. 1011, dated 19th idem, I have the honor, by order, to state that the cost of running the joints of the stone flagging of the 2nd British Infantry Barracks at Secunderabad (seventeen buildings in all) with asphalte will be approximately Rs. 10,000, but if the dormitories and dining halls only are pointed with asphalte and the verandahs with ordinary mortar, the cost will be about Rs. 6,600. The latter improvement would, it is hoped, be found sufficient. The improvement of the floors of the 1st British Infantry Barracks is not considered to require immediate alteration.

2. His Excellency the Commander-in-Chief hopes that as the dampness of barracks at Secunderabad has been considered to be one of the causes of sickness among the British troops at that station, and as it has been commented on by the Right Honorable the Secretary of State for India as calling for the earnest consideration at the hands of the proper authorities, the Government of India, in the Public Works Department, will be moved to make a special allotment of funds for the purpose by reappropriation or otherwise, so that the work may be taken in hand and completed during the current year.

No. . With report from Controller of Military Accounts; 19th May 1887, A.

No. . To the Secretary to the Government of India, Military Department; dated 27th May 1887, No. 3105.

I am directed to acknowledge the receipt of your endorsement No. 3105, dated the 27th May 1887, and in reply to state, for the information of the Governor in Council, that the Government of India sanction the joints of the stone flagging in
