GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From G. W. DANCE, Esq., Chairman, Municipal Council, Pálghat, to the Chief Secretary to Government (through the Collector of Malabar), dated 6th December 1886, No. 1273.

I have the honor to submit copies of the following correspondence and Resolution 5 from Proceedings of the Council, dated 22nd November 1886:—

(1) Letter from the Head Master, High School, Pálghat, to the Chairman, No. 145—86, dated 23rd October 1886.

(2) Letter from the Executive Engineer, West Coast Division, to the Chairman, dated 10th November 1886, No. 1007.

ENCLOSURES.

From T. C. ELSWORTHY, Esq., Head Master, High School, Pálghat, to the Chairman, Municipal Council, dated Pálghat, 23rd October 1886, No. 145—86.

I have the honor to request that the attention of the proper authorities may be called to the necessity of commencing, with as little delay as possible, the construction of the new school-house; the plan and estimate have been sanctioned by Government (G.O., No. 470, dated 26th July 1886.) In letter, No. 1418, dated 3rd March 1886 (see G.O., No. 274, dated 20th March 1886, paragraph 3), from the Director of Public Instruction, it is stated that the municipality must build the school-house and recover the grant from Government. In their proceedings dated 16th June 1886, the Council point out that the funds at their disposal will not allow of so large an expenditure, and request that the money in their hands (the proceeds of a public subscription raised in 1880) be made over to Government, and that the work be carried out by the Department of Public Works. This request is passed over in G.O., No. 470, dated 26th July 1886.

2. I would suggest that the work be commenced now that the rains are over. It has been deferred for more than six years, and it would be difficult to assign any sufficient reason for this long delay. The disadvantage under which the school has labored on account of insufficient accommodation has been repeatedly brought to notice. I quote a few words from the proceedings of the Director of Public Instruction, No. 4158, dated 17th June 1886: "Much cannot be expected so long as the school is badly accommodated." I would also request that attention be drawn to a petition from the inhabitants of Pálghat, addressed to the Government of Madras, dated 28th March 1884, printed in G.O., No. 285, dated 26th May 1884.

From H. S. TAYLOR, Esq., Executive Engineer, West Coast Division, to the Chairman, Municipal Council, Pálghat, dated Calicut, 10th November 1886, No. 1007, P.W.D.

In reply to your letter, No. 1151, dated 30th ultimo, and No. 1184, dated 6th instant, I have the honor to inform you that the estimate for the high school at Pálghat has not yet been sanctioned, and until it is sanctioned and funds allotted, work cannot be commenced.

EXTRACT from Proceedings of a Meeting of the Municipal Council, Pálghat, held on the 22nd November 1886.

5. Read letter from the Executive Engineer of the West Coast division, stating that the estimate of the Pálghat high school has not yet been sanctioned by Government, and that work cannot be commenced until it is sanctioned and funds are allotted.

Resolution.—This matter has already been pending for six years, and if the work is not commenced at once, it will have to be put off for another year owing to the approach of the monsoon. The Council therefore wish to bring once more to the notice of Government the necessity of commencing the work as soon as possible.

No. 268-M.D.

Forwarded, with the suggestion that the matter deserves very early attention.

CALICUT,
8th December 1886.

(Signed) W. LOGAN,
Collector.

ORDER—dated 24th December 1886, No. 1276 M., Financial.

The Municipal Council will be informed that a plan and estimate (amounting to Rs. 14,825) for the high school have been prepared by the Superintending Engineer and will be considered by Government in the Public Works Department, and that one-half of the estimate, as finally sanctioned, will be contributed from Provincial funds. But the Public Works Department will carry out the work only on condition of the Council paying 23 per cent. on their moiety of the estimate on account of supervision. If the Council are prepared to do this, the Chairman will report whether the amount to be contributed by the Municipality, including the above contribution, is available for payment to the Public Works Department. If not, they must make their own arrangements for the execution of the work.

2. The Director of Public Instruction will report whether the building grant sanctioned in G.O., 27th December 1886, No. 795, Educational, can be paid in the current year.
