READ—the following letter from Lieutenant-Colonel P. MONTGOMERIE, R.E.,
Superintending Engineer, Tank Division, to the Chief Engineer for Irriga-
tion, dated Chepauk, 30th April 1883, No. 58:—

In continuation of my letter, No. 53, dated 27th April 1883, I have the honor to
submit a list of my office establishment so far as has been entertained up to date, and
to request you will be so good as to have Messrs. Fonceca and Gomes exempted from
passing the tests for draftsmen and clerks respectively.

2. Mr. Fonceca, who is debarred by age as well as being an unpassed man, was
some time ago temporarily employed in the drawing office of the Consulting Architect
to Government, and as he is an intelligent and neat draftsman, I have taken him on
in anticipation of your having him exempted from passing the prescribed test for
draftsmen.

3. The latter, Mr. Gomes, who is for the same reasons debarred, was for a
considerable time employed in the office of the Chief Engineer and Manager of the
late Madras Irrigation and Canal Company, and he was thrown out of employ by the
reduction of the staff after the canal was purchased by Government. I have entertained
him in anticipation of your having him exempted from passing the test for clerks.

4. Mr. Baldrey, who is the subordinate head of my office, has not passed the Code
examination, but in every other respect he is eligible for the appointment he is holding,
and I beg therefore that he may be exempted from passing the Code test in order to
enable the Examiner to audit his salary without any remarks. He has a sufficient
knowledge of the Code to conduct the duties of the appointment he is at present hold-
ing, and he is now busily engaged assisting me in organizing the new Tank Division
offices, &c.

5. With the exception of Mr. Baldrey's case, the others will only be exempted
while serving in the Tank Division offices. Similar concessions have been allowed to
the temporary establishment engaged in the survey operations of the Bellary State
Railway—*vide* G.O., No. 304 R., dated 5th April 1883.

No. 35 E.W.

Forwarded to the Chief Engineer, Public Works Department.

2. The restriction regarding age for admission into Government service does not
apply to the members of the temporary establishment, as their services do not count
for pension.

3. It is recommended that the Examiner of Public Works Accounts may be
authorised to pass the pay of Messrs. W. Fonceca and W. T. Gomes, without reference
to the examination rules, while employed in the office of the Superintending Engineer
in charge of the Tank Divisions.

4. It is also recommended that the Examiner of Public Works Accounts may be authorised to pass Mr. Baldrey's pay, during his employment on the temporary establishment, without reference to the Public Works Code Examination, which he should, however, pass before the expiry of his temporary service.

OOTACAMUND,
16th May 1883.

Enclosures.

SIR,

I have the honour to bring
to notice that the Examiner of
P. W. Accounts, has declined to
pass the pay of Mr C. V. Beely,
the Manager of the Tank Resto-
ration Scheme office, on the ground
that he has not passed the Examina-
-tion in P. W. Code Procedure, pre-
scribed for clerks, and the Price
Writing Test Higher Grade.

Mr Beely who passed as a
Taluk Overseer from the Civil
Engineering College in 1864, entered
the

the Tank Restoration Department
first in the capacity of an overseer
and was gradually promoted to
Sub. Engineer because of his efficiency.

In consideration of his long
service and experience in the P.W.
Department, I request that the
Sanction of Government may be
obtained exempting him from
passing these two tests.

I have the honor to be,

Sir,

Yours most obedient Servt.

W. J. P.
for Chief Engineer for
Immigration

This is hardly the proper way
of putting the case. As head of the
Tank Restoration Office Mr. P. J.
T. d. does not require the work up
in the code.

Yours
