PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Letter from the President, District Board, Annamalai,
of 30th April 1887 N^o 20.

At their meeting of the 27th Instant, the District
Board have sanctioned an estimate amounting
to Rs. 1560, which is herewith submitted for
the sanction of Government for adapting
the famine tools shed at Annamalai to a dispensary,
which the Board are very badly in want of.

2. The amount of the estimate is to be met
from the District Fund Reserve.

The tools shed referred to is not much used
by the P. W. Department. A portion only is
now occupied for storing famine tools. The
entire building wants re-roofing. To prevent
its going to ruin & for economy in spending
L. F. money, I addressed the Executive Engineer

Kurnool whether it would be convenient to
make over a portion of the building to the District
Board for a dispensary retaining the other
for D. P. W. purposes & that officer was kind
enough to answer in the affirmative.

4. I therefore, beg to request that Government will
be pleased to make over that portion of the building
that can be spared by the P. W. Department,
to the District Board as a free gift.

Order there on 25th May 1887 N^o 932 L (mis.)

The estimate will be sanctioned by this
Department after the building is transferred
to the District Board by the Public Works De-
partment, to which the papers will now be
forwarded for consideration.

Order 13

FROM,

C. J. Peters Esq.

THE SUPERINTENDING ENGINEER,

IIIRD CIRCLE.

To,

THE Chief Engineer

M. M.

Madras

SIR,

With reference to your No. 1888C dated 6th June
I have the honour to report that there is no objec-
tion to the portion of the building, shown on the plan,
being handed over to the L. F. Board as a Dispensary

The building is in reality a sub jail, built as a
famine work, adjoining the Sub Magistrate's Resi-
dency at Attamur

If likely to be required hereafter for a sub jail
I presume some reservation to that effect should
be made in handing it over to the Local Fund

Enclosures.

SIR,

In returning the enclosed papers
I have the honor to report that I do not
think that the building therein referred
is likely to be again required as a sub jail.

2. The present sub jail at Atmakur can
hold 8 prisoners and as the daily average
admission is 1.61 over crowding there is
improbable.
