2. The estimate for a well is not yet ready and will be sent separately.

From the same officer, dated Coimbatore, 9th August 1886, No. 299 E.W.

With reference to G.O., No. 1051 W., of 22nd April 1886, I have the honor to report that the sum of Rs. 2,203 offered by the railway authorities would be the fair value of the Jalarpet rest-house and out-buildings exclusive of the wells. I consider the fair value of the buildings including the well would be Rs. 2,720, which sum has been arrived at as follows:—

	RS.
Value of the rest-house	2,057
Do. cook-house	331
Do. latrine	320
Do. well	495
	3,203
Deduct 15 per cent. for deterioration and wear and tear ...	483
Net amount ...	2,720

2. I beg to submit an estimate, amounting to Rs. 495, for constructing a new well on the site of the new camping ground, as called for in paragraph 3 of the Government order.

3. The draft declaration for the acquisition of the land quoted in your memorandum, No. 2082 C., of 7th June 1886, was forwarded with my No. 288 E.W. of 2nd instant.

Office note from the Consulting Engineer for Railways, dated Madras, 24th August 1886, No. 1053.

Your office note, No. 2787 C., dated 14th August 1886.

Has the honor to state that the Madras Railway Company are prepared to pay Rs. 2,720 for the rest-house, out-buildings, and well at Jalárpét. The Agent and Manager assumes that, as the cost of the existing well is included in the above mentioned sum, the Company will not be called upon to pay for the sinking of a new well.

ORDER—dated 3rd September 1886, No. 2204 W., Public Works.

The proposal to sell the military rest camp at Jalárpét to the Madras Railway Company for a sum of Rs. 2,720 will be submitted for the early sanction of the Government of India, with advertence to paragraph 1217 of the Madras Public Works Code. Pending receipt of the orders of that Government, the declaration for the acquisition of the land required for a new camping ground, and the estimate for making a well on that land, will be held in abeyance.

2. The assumption of the Agent and Manager, as stated in the Consulting Engineer's note of 24th August 1886, is correct.
