With reference to the pencil
remarks on my note on C. No. 6141
I beg to submit that no funds are
available with the Govt. to appropriate
the sum required to meet the expenditure
already incurred on "constructing cart
roads on the road from Kallar to
Botacamund". The sum of Rs 2,447
which the S. E. proposes to surrender
from the grant for "improvements to the
margins of the Aoty lake" may be
accepted as there is a distinct estimate
under G. O. No. 1234 W. d. 16 May 1886)
requiring all private lands on the
lake margins against which a sum of
Rs 17,000 was placed at the disposal of
the collector last year. The actual payment
however was Rs 6,410-12-9 only as
recorded in the final accounts of the
Commissioner. The S. E. may be asked
therefore to report in communication
to the collector what sum will be
required for payment of compensations
on account of the "cedars" on the lake
margins and on receipt of the information
the Financial Department may be asked
to allot the unexpended portion of the
last year's grant for land compensation

in question.

The draft order is revised accordingly
and submitted for approval.
