Statement

With reference to the orders of Government No. 1214 W dated 22nd May/85, on the Provincial statement of Objectionable Items for the month of February 1885, I have the honor to submit a statement showing the distribution of the stock articles to the various works under construction up to date, the value of which has been, in March/85 transferred from stock to Works.

2. It is not possible to utilize

the stock scantlings, in every instance for their section does not always suit; but when an oppertunity occures, such as the "Combined offices for the Supty and Executive Engineers' offices" or "the new Cutcherries" in the Pennakonda Talug, full advantage has been and shall be taken of them.

With reference to G. O., No. 1171 W., dated 9th May 1884, I have the honor to submit a statement showing the particulars of stock in the Bellary division as stood on the 31st March 1884, and to request sanction for the maximum limit of "reserve stock" in that division being, for the present, fixed at Rs. 14,000.

2. The stock as per items 4 and 5 will be utilised and endeavours will be made for using the remaining stock as early as possible.

Order—dated 18th June 1884, No. 1521 W., Public Works.

It is not considered desirable to sanction a reserve stock limit for the Bellary division. The articles enumerated in the list submitted with the Superintending Engineer's letter will be kept as ordinary stock until they can be disposed of.

Enclosures.

With reference to my letter No 999 dated 18th August/86, recorded in G. O. No. 2163 W dated 26th August/86 I have the honour to report that there is no probability of the blasting materials valued at Rs 74-10-11 being utilized for some time to come. During the past half year, a further debit of Rs 40 was made to the stock account of the Bellary Division, being the value of 4 ventilators which will however be used up shortly.

2. Thus the stock balance of the Bellary Division now stands at Rs 114-10-11

Rs 114-10-11 and as the Examiner urges that the ~~sanction~~ of Government should be obtained, I request that sanction may be given to reserve stock being maintained in the Bellary Division to the limit of Rs 150 till the above stock is worked out.

Read—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 21st April 1887, No. 1655 A. :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimates, &c , below mentioned, which have been approved by the Commander-in-Chief. The estimates have been countersigned :—

Revised estimate, in duplicate, amounting to Rs. 7,856, for reconstructing the Apothecary's quarters (double) near the station hospital in the cantonment of Bellary, with report.

2. An estimate for this work, amounting to Rs. 6,222, was sanctioned by Government in O G., No. 1806 W., of 3rd August 1885—Military Department No. 4621, of 20th idem. The cause of excess over former estimate is explained as being due to certain modifications and additions which were considered necessary in the course of construction of the work which are more fully specified in the estimate and report and appear unavoidable.

No. 2427, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

The Statement has been checked and returned with the following remarks:-

In the Accounts for June 1886 the rent for quarters hired for the Chief Civil Armourer W. Holland was charged at Rs. 35 per month whilst that shewn in the statement is Rs. 40.

2. Payments were made in previous months on account of hired quarters in excess of the authorised rates for the following subordinates also whose names do not appear in the statement.

	Hired Rent	Authorised rate
Sub Conductor McClough of the Commissariat Department	Rs. 30	Rs. 7-8-0
Sub Conductor Smith of do do	Rs. 30	Rs. 7-8-0
Conductor McIntagart	Rs. 25	Rs. 12-0-0

3. In all these cases the prior sanction of Govt. should have been obtained with reference to G. O. 861 W dated 2nd. April 1885. It is presumed the Executive Engineer is in a position to certify that quarters according to the authorized scale at lower rates of rent could not be procured.

Sir,

With reference to G. O. No. 2426 W d/. 22d September 1886, I have the honor to submit a revised Statement of Rents paid in the Bellary Division on account of Quarters hired by this Department for the Subordinates attached to the Ordnance and Commissariat Departments at Bellary.

2. The certificate to the effect that Quarters of the authorised Scale could not be procured at lower rates is attached to the Statement.

3. The Statement shews particulars of rent paid upto October 1886; but as the Subordinates No 1 to 8, 10, 11, and 15 have to be accommodated in hired quarters until public quarters are provided either by erection or purchase, I request that authority may be given to continue the payment

of rents entered opposite their names, till the necessity for hiring Quarters ceases.

SIR,

Enclosures./
1 Statement of hired Quarters.

With reference to your Endorsement No. 4572 C d/. 21st December 1886, I have the honor to state that the date of occupation &ca. entered in the Examiner's Statement of Quarters hired for Military Subordinates is correct with the following exceptions.

Item 2 ✓ It would appear Conductor Hurley was put up in one of the married ranges and occupied hired Quarters only on the 17th December 1885.

Item 3. ✓ Conductor Fisher occupied hired Quarters from 27th November 1885.

Item 10. Mr Holland Chief Master armourer died on the 17th June and rent was paid upto that date only. The date 31st March 1886 shewn in the Examiner's Statement would therefore seem to to be incorrect.

2. The Statement submitted from this Office was based on the Statement received from the Executive Engineer in which there were omissions of dates and other particulars in some cases.

3. The omission of Conductor McCarthy's name is said to be due to a misconception arising from the fact of the same building being now occupied by another Subordinate.

Quarters hired by PWD for Subordinates of Ordnance & Commissariat Depts:

Forwarding for sanction a statement of rents paid in the B Dn on account of same

---

Endorsement No. 4 S.E. 3d
dated 20th April 1887

Forwarded to the Chief Engineer, Public Works Department, with the remarks that in cases in which the proposed rent exceeds the authorized Scale of rent, the sanction of the Government should, under para 1136 of the Public Works Code, be obtained previous to the hiring of the Quarters. This was brought specially to the Superintending Engineer's notice in G.O. No. 2426W. dated 22d September 1886, but without effect.

2. It is thought that the Executive Engineer should now state definitely in what cases he proposes to continue the hiring of quarters in excess of the authorized scale, certifying that no suitable public buildings are available, and that quarters cannot be procured at cheaper rates.

3. Sanction should, it is thought, be asked and given for a definite period, at the end

end of which renewal of pre-sanction should, if necessary, be applied for in good time.

Endorsement by the Exr: P.W. Accts H. E. No. 4 S. E. 3rd dated 20th April 1887.

Sanction is accorded to the payment of rent at the rates and for the periods entered in the statement submitted by the Supdg: Engineer, whose attention is again directed to the rules under which the prior sanction of Govt. should invariably be obtained.

2. As the sanction accorded in para 1 is

for periods which have already expired, the ~~Ex:~~ Supg Engineer will ~~be directed~~ ~~to~~ report without delay in what cases the continued hiring of quarters at rents in excess of the authorised scale is so necessary. It should be certified that no suitable public buildings are available, and that quarters cannot be procured at cheaper rates.

3. When found practicable sanction should be so requested to rent the quarters for a definite period.

SIR,

With reference to the orders of Government No. 103 W dated 14th April 87, on Item No. 4 in the Provincial Statement of Objectionable Items for January 1887, I have the honor to report that the building occupied by Conductor Vaughan of the Ordnance Department was vacated at the end of June 1886. But the Executive Engineer states that no notice was given to the Land lord until the beginning of October 1886, owing to the carelessness on the part of the Divisional Accountant.

Enclosures.

2. The Executive Engineer was therefore authoriz-d to pay the rent justly

claimed by the house owner for the 3 months during which the house was unoccupied.

Returned

Copy of a letter No. 621 dated 8th June 1887 from the Executive Engineer, Bellary Division to the Superintending Engineer 3d Circle:—

In reply to your No. 315 of 23d Ultimo I have the honour to report as follows:—

On the 1st July 1886 Conductor Vaughan vacated the House he had been occupying and on the 3d July the Commissary of Ordnance duly informed the Executive Engineer of the fact. The landlord however was not communicated with till October 1886 when the Officiating Executive Engineer returned the bills for July, August and September and stated that the claims would not be entertained, as the house had been rented to private parties during the months in question. The landlord replied that the house had not been so rented and that unless the claims were settled in seven days he would go to law. Affairs were in this state when I took over charge of the Division. On enquiring into the matter I found that the Offg. Executive Engineer had no kind of proof to warrant the assertion that the house had been let to private parties in July August and September and it was quite clear that the landlord was entitled to receive rent for these

En 2

months, as formal notice had not been given that the house would no longer be required when it was vacated by Conductor Vaughan. I accordingly reported the matter to the Superintending Engineer and requested permission to pay the rent (Rs 60) explaining that my Office was responsible for not having given proper notice to the landlord when the house became vacant. The Supdg: Engineer then wished to know who was responsible for the carelessness. The Accountant I found was in the habit of dealing with all matters relating to house rent and compensation for Quarters and on being called upon for an explanation he admitted that his failing to give proper notice was due to the oversight. I accordingly informed the Superintending Engineer that I considered the Accountant responsible.

SIR,

With reference to your endorsement No 549 Ks. of 14th July 1887 I have the honor to state that the case having occurred more than a year ago, I have not the slightest recollection of it. However it is not unreasonable to suppose that I did draft a letter giving the landlord timely notice ~~about~~ that the building would be vacated, for such a proceeding would but have been consistent with the ordinary official routine and no* evidence has been brought forward to shew that I neglected to do so. Under the Circumstances therefore I venture to hope that the censure may be removed.
