importance, but as the transfer of the Dy
Tahsildar to Modar is problematical
and the building at Chitvel is al-
ready begun, it will be completed
and orders will be issued accordingly
in the Public Works Department.

/ True Extract /

H. E. Stokes

Asst. Chief Secretary

The Public Works Department
" Inspector General of Registrations

6. In this connection I may bring to the notice of His Excellency the Governor in Council that people in the provinces have repeatedly told me that their old land-marks and associations were being destroyed by the removal of public cutcherries from old and well known stations, and their establishments at new and unknown places; and so late as the 24th of last month, when I was at Palladam, in the Coimbatore district, I was asked not to join the revenue officers in urging the Government to transfer the Sub registry office to Trinpur, a railway station, as the removal of the public offices would hasten the ruin of Palladam, an old, central and well known place in the Taluk.

7. I consider that the office at Chitvel should be proceeded with and completed for the reasons stated in paras 4 and 5 of my letter G. No. 16 dated the 19th April 1884.

Order thereon 2^d August 1884 No. 170

The reasons put forward by the Inspector General in favor of Chitvel appear to the Government to be of great importance.

Sub Registry offices have been established in the district of Cuddapah. There is no reason, from a sanitary point of view, why the sub registry office should be removed to Kodur, as towns situated on the line of railway are more susceptible to the influence of prevailing epidemic diseases, by the constant influx of persons suffering from such diseases, than towns like Chitvel situated away from the line of railway and in a comparatively healthy locality.

4. The office to be built at Chitvel will be in no worse position than the office which has been permanently established at Pullampet, from which station it has been resolved by the Government to remove the Taluk Cutcherry to Rajampet a distance of 10 miles, although there is a railway station at Reddipalli 2 miles from Pullampet.

In para 4 of my letter recorded in the Proceedings of the Government Judicial No. 16, dated the 19 September 1884 I said:

"There is no doubt some advantage in having the registration office at the same station where there is a Deputy Tahsildar and Magistrate, but it is not absolutely necessary that the two offices should be at the same station. The one

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read again G.O. 2^d July 1887 N^o 1405
 also
 READ the following paper

From the Inspector General of Registrations, Madras,
 dated 18th July 1887 N^o 2560.

1934 W 8
 187
 With reference to G.O. dated the 2^d July 1887
 N^o 1405, received on the 10th idem, I have the honor
 to state that having again referred the papers
 to the Registrar of Cuddapah he reiterates the
 statement which he has already made that the
 sub registry office at Chitvel should not be
 removed to Kodur, in view of the possible re-
 moval of the Deputy Tahsildar's Cutcherry from
 that station to Kodur.

2. It will be seen from the Acting Collector's
 letter to the Board of Revenue dated the 25th Novem-
 ber 1886, N^o 976, that Chitvel was formerly
 a place of some importance as being the seat
 of a Raja, but it has of late years decreased
 in size and has little or no trade; and that he
 does not think Kodur is particularly un-
 healthy nor very important. It is
 appear to the Government to be of
 importance
