GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

Office note from the Examiner of Public Works Accounts, dated 6th April 1887, No. 17.

ORDER—dated 28th April 1887, No. 1159 W., Public Works.

The estimate, amounting to Rs. 956, for providing record racks for the new District Court-house at Rajahmundry, sanctioned in G.O., No. 273 W., dated 4th February 1887, will be treated as supplemental to the estimate of Rs. 41,244 sanctioned in G.O., No. 664 W., dated 12th March 1886, as it is reported that outlay on the latter is still being incurred.

2. The total of the estimates sanctioned will now stand at Rs. 42,200.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

JANUARY.

Wards' Estates

Letter from the Superintending Engineer stating that the Collector of Vizagapatam reports that the Court of Wards have exempted the transfer of the — in that district to the Public Works Department, recorded with remarks.

14. The wards' estates are situated in different parts of the district, and the Public Works Department will not be in a position to undertake the repairs of the petty works in them with their present establishment; and I doubt whether the contribution of 23 per cent. on the annual outlay will be enough to maintain any extra establishment. The upshot of the proposed arrangement will be, as has been the case in the case of the minor irrigation works in the Government taluks, that there will either be great delay in the execution of timely repairs or that they will be entirely neglected.

15. The manager, being always on the spot, will be in a position to take immediate precautions to prevent a threatened breach of a tank, or, in case of a breach, will take immediate steps to close it. Such will not be the case if all the works are transferred to the Public Works Department. The manager will then consider himself relieved of all responsibility, or he may consider that he has done his duty if he simply reported the matter to the Collector or to the Public Works Department officer. It will take a long time before the report reaches the latter. An estimate is prepared and sanctioned and the work commenced. In the meantime a breach which could have been closed at a cost of a few rupees will be so far enlarged as to require an outlay of as many hundreds to close it.

16. The repairs of all minor irrigation works in Government taluks, as also all repairs to buildings costing Rs. 1,000 or less, are now carried out by the Revenue Department without the intervention of the Public Works Department. I do not see why at least a similar latitude should not be given to Collectors in the case of works in wards' estates. If this is done, there will hardly be any works which the Public Works Department have to carry out; for, as shown above, almost all the irrigation tanks in these estates come within the category of minor works, and the repairs to buildings seldom exceed Rs. 1,000.

17. Under the foregoing circumstances, I would recommend that the present arrangements for the upkeep of works may be ordered to continue, with the proviso that whenever, in the opinion of the Collector, a work requires professional supervision, its execution be entrusted to the Public Works Department, a contribution of 23 per cent. being paid to Government on the outlay on such particular work.

Resolution—dated 26th November 1884, No. 4059.

In the exceptional circumstances reported, the Court concur in the Collector's proposal as made in his final paragraph.

(A true Copy and Extract.)

(Signed) C. F. MacCARTIE,
Acting Sub-Secretary.

Order—dated 23rd January 1885, No. 185 W., Public Works.

Recorded.

2. The establishment sanctioned in G.O. No. 2659 W., dated 28th October 1884, for supervision of estate works in the Vizagapatam district, will not now be entertained.

renter at his own expense. The only buildings belonging to the estate are the minor zemindar's houses at Vizagapatam and Merangi. The house at Vizagapatam was lately thoroughly repaired and improved at a cost of about Rs. 11,000 under the supervision of the Public Works Department officers.

3. The house at Merangi was also lately repaired under the supervision of the manager. These buildings do not probably call for any extensive repairs till the minor comes of age. It is thus clear that in the case of this estate, which alone can bear the costly supervision of the Public Works Department, there will be little or nothing to be done by that department.

4. All the other estates are small, none of them consisting of more than five villages. In the case of Madugula, Chipurupalle, and Pandur Mallavaram, the income is so small that great difficulty is experienced every year in balancing the charges with the receipts. In these estates there are hardly any irrigation works worth the name.

5. In that portion of the Madugula estates which is under our management, there are no irrigation works at all. The only buildings belonging to the estate are the houses in which the ranis live. These have never been repaired by us since the property came under our management. The temporary repairs are made by the ranis themselves out of the allowance given them by the Jeypore Maharaja. The same course must be followed in future, as otherwise we shall have no funds to spare for this purpose.

6. In the Pandur Mallavaram estate there are only four small irrigation works with jerayati ayacut ranging from 2 to 65 acres. The budget allotment for the four irrigation works for the current year is Rs. 200. We could hardly spare enough money for the education of this minor, and the estate is to be made over to the proprietor in April 1885, when he will attain his majority. There are no buildings whatever belonging to th s minor.

7. The Chipurupalle estate has four small irrigation works whose aggregate ayacut is 68 acres. The proprietrix owns some houses. They are all at Vizagapatam and in good order, and are not likely to call for any extensive repairs for some years. The ordinary repairs of these houses, such as turning the tiles, &c., can very well be done, as now, under the supervision of the guardian.

8. The income of the estate is small while the demands are large. There are still two of the proprietrix's daughters to be married. For want of funds, the entire peishcush for fasli 1293 and a part of that for fasli 1292 are in arrears. It is very necessary that in the expenditure connected with this estate strict economy should be enforced for some years to come. It is, therefore, highly undesirable to place the small works connected with this estate under the costly supervision of the Public Works Department.

9. Sripuram and Chidikada are just recovering from the effects of the bad management of the late proprietors. The number of irrigation works, even in these two estates, though larger than in the other three ones, is hardly worth the while of the Public Works Department to take them under their supervision.

10. In the Srípuram estate there are 32 irrigation tanks, all of which, with the exception of two, fall under the category of minor irrigation tanks. Of these 30 minor works, only one has an ayacut of 100 acres. The ayacut of the other 29 varies from 2 to 57 acres. The two works which come under the class of major works are the big Srípuram tank called "Tamara Cheruvu" and the Ramasagaram tank at Gorinta. The jerayati ayacut of the former tank is 500 acres, bearing an assessment of Rs. 3,720, while that of the latter is 235 acres, assessed at Rs. 1,768. The budget allotment for repairs to the Srípuram tank is Rs. 2,620, while that for all the other tanks is Rs. 180. The repairs to be done to the big tank are mostly earthwork, and I do not see why it should not be done by the manager. If the estate were under the management of the proprietor himself, he would never incur the costly supervision of the Public Works Department. There are hardly any buildings belonging to this estate.

11. In Chidikada there are 37 irrigation works. In no case does the ayacut exceed 200 acres; only one tank has an ayacut of 160 acres, the irrigable area of the rest varying from 4 to 85 acres.

12. There are some houses belonging to the estate at Vavilavalsa, but none of important kind. They can well be repaired by the ordinary establishment.

13. From what has been stated above, it is clear that the works to be executed in all the six estates are generally of a petty kind. They are seldom of a nature requiring professional skill. The necessary repairs are now efficiently carried out by the managers of the estates either on contract or under their personal supervision without any extra cost of superintendence. The area of the estates being small, there is hardly any work which the managers cannot themselves supervise. No permanent or temporary maramut establishment has been hitherto maintained. There is nothing to show that the works are not maintained in an efficient condition, or that repairs are not carried out in a satisfactory manner. Under these circumstances I think, with all deference to the orders of the Court of Wards and Government, that it is highly inexpedient to burden these small estates with the costly supervision of the Public Works Department for all petty works.

Read—the following letter from the Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 10th January 1885, No. 319 V.Z.:—

With reference to G.O. No. 1523 W., dated 18th June 1884, ordering that works in the wards' estates in this circle be placed under this department, I have the honor to forward, herewith, copy of a letter, No. 1498, dated 19th December 1884, from the Collector of Vizagapatam informing me that the Court of Wards have, in their proceedings No. 4059, dated 26th October 1884, copy herewith, approved his recommendation for the exemption of the estates under the management in his district from the operation of the Government order above quoted, and I request your orders on the subject.

Enclosures.

From H. G. TURNER, Esq., Acting Collector of Vizagapatam, to the Superintending Engineer, I Circle, dated Vizianagrum, 19th December 1884, No. 1498.

With reference to the proposition statement submitted to the Chief Engineer with your letter No. 230 G.L., dated 24th September last, in which you have provided for a temporary establishment, costing Rs. 1,260 per annum, to look after the works in the wards' estates in this district, I have the honor to inform you that, on receipt of the proceedings of the Court of Wards directing that all works in estates belonging to their wards be placed under the Public Works Department, I have addressed the Court recommending the exemption of the estates under management in this district from the operation of these orders, with the proviso that whenever, in the opinion of the Collector, a work requires professional supervision, its execution be entrusted to the Public Works Department, a contribution of 23 per cent. being paid to Government on the outlay on such particular work.

2. In their proceedings No. 4359, dated 20th October 1884, copy of which is herein enclosed, the Court of Wards approved of this proposal. It will, therefore, not be necessary for your department to take charge of any works in wards' estates in this district.

Proceedings of the Court of Wards, dated 26th November 1884, No. 4059.

Read—the following letter from H. G TURNER, Esq., Acting Collector of Vizagapatam, to the Secretary to the Court of Wards, dated Lakkavarapukota, 8th November 1884, No. 1327:—

With reference to the proceedings of the Court of Wards as per margin, directing that all works in estates under the Court of Wards be placed under the Public Works Department, a contribution of 23 per cent. on the outlay being paid to Government, I have the honor to request, for the following reasons, a reconsideration of their orders as far as this district is concerned.

No. 1866, dated 4th June 1884.
,, 2366, ,, 11th July ,,
,, 2420, ,, 15th ,, ,,

2. In this district there are at present six estates under management, namely,—

1. Merangi.
2. Srípuram.
3. Madugula.
4. Chipurupalle.
5. Pandur Mallavaram.
6. Chidikada Jagannadhapuram.

Of these, Merangi alone is a pretty large estate; but, as the Court are aware, it has been rented out to the minor zemindar's uncle. The lease granted to him is to last till the minor attains his majority, and, according to its terms, all repairs to irrigation works are to be executed by the
