READ—the following papers:—

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 8th June 1887, No. 2071 A.—

Referring to G.O., No. 1003 W., dated 4th April 1887 (Military No. 2393 of 25th idem), I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimates, plan, &c., below-mentioned, which have been approved by the Commander-in-Chief. The plan and estimates have been countersigned:—

Detail and abstract estimates, amounting to Rs. 5,470, for alterations and improvements to the present canteen at Malapuram, with plan, specification and report.

2. With the exception of some surface drains, for which an estimate is in course of preparation, the present estimate completes all the works necessary for the accommodation of the extra 50 men at Malapuram.

No. 3419, Military.

Approved, and transferred to the Public Works Department for disposal.

(By Order.)

OOTACAMUND,
10th June 1887.

(Signed) A. R. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

Note by the Chief Engineer, Public Works Department.

The estimate for alterations and improvements to the existing canteen at Malapuram is submitted for the sanction of Government, with the following remarks:—

The depth of foundation, 1½ feet, for the main walls of the extension to the building is insufficient, unless the foundations are on rock; and on this point no information is given in the report or specification.

2. The position of the trusses is faulty, as they should not be placed over openings; and, in order to place them correctly, their number has been increased to five and the total of the estimate raised to Rs. 5,470.

3. In fixing the ventilators, care must be taken that none of them are placed immediately under a truss.

4. It is not clear that any advantage is gained by using open or honeycomb work in place of windows at the ends of the building.

(Signed) J. O. HASTED, Col. R.E.,
Chief Engineer, P.W.D.
25th May 1887.

No. 1570 W., dated 11th June 1887.

2. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.
