Read—the following letter from the Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, dated Cuddapah, 21st June 1887, No. 3285 :—

I have the honor to forward, for the sanction of Government, a revised estimate for Rs. 23,443 for constructing a first-class taluk cutcherry at Pulivendla of this district.

2. In G.O., No. 2744 W., dated 7th November 1881, an estimate for Rs. 22,150 was sanctioned for this purpose. The increase of Rs. 1,293 now asked for is for some extra work, &c., as shown in the report on the revised estimate.

3. Copy of Superintending Engineer's letter, No. 345, dated 26th May last, is enclosed.

Enclosure No. 1.

From C. J. PETERS, Esq., Superintending Engineer, III Circle, to the Collector of Cuddapah, dated Ramandrug, 26th May 1887, No. 345.

I have the honor to forward, for your countersignature and transmission to Government for sanction, a revised estimate of Rs. 23,443, accompanied by a comparative statement for constructing a first-class taluk office at Pulivendla in the Cuddapah district.

2. An estimate of Rs. 22,150 was sanctioned for this work in G.O., No. 2744 W., of 7th November 1881, and the excess over this sum now requiring sanction is Rs. 1,293.

3. The items on which the excess has occurred is explained in the accompanying report.

Enclosures Nos. 2 to 5.—Estimates.

Enclosure No. 6.—Report on revised estimate.

Resolution—dated 30th June 1887, No. 286.

The revised estimate for Rs. 23,443 for constructing a first-class taluk cutcherry at Pulivendla is submitted for the sanction of Government.

2. The revised estimate exceeds the original by Rs. 1,293 and the excess is explained by the Superintending Engineer in his report, dated 26th May 1887, No. 345, and in the comparative statement accompanying.

No. 359. Endorsement of the Chief Secretary to Government, Judicial Department, dated Ootacamund, 21st June 1878, No. 1,081.

Proceedings of the Board of Revenue, dated 3rd June 1878, No. 1,477.

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to the Acting Secretary to the Board of Revenue, dated Bramhana Yerragudy, 16th May 1878, No. 286:—

The Temporary Deputy Collector in writing on the subject of the Pulivendla Cutcherry says that the whole Taluq Cutcherry is a miserable thatched building, a portion of which is taken up for the records. One of the Police huts situated close to the Cutcherry accidently took fire. The Tahsildar and the Deputy Collector happening to be present prevented with some difficulty the fire reaching the Cutcherry.

2. These fires are almost of annual occurrence, and I expect to hear any day that the whole place has been burnt down.

3. I mentioned the condition of this building in 1874, when the Board, in their Proceedings, No. 3,528, dated 5th December 1874, reproved me for not sooner bringing the matter to their notice. I had previously written on the great want of office accommodation in 1873. I wrote again in 1875, when the Board, in their Proceedings, Miscellaneous No. 7,169, dated 7th August 1875, recommended to Government that plans and estimates should be called for. I should also mention that in 1873 I was asked by the District Engineer to state what buildings were required to be speedily constructed. I placed the Madanapally Taluq Cutcherry at the head of the list, and it is only just being completed, while the Voilpaud and Pulivendla Cutcherries are as they were five years ago, or possibly in rather a worse condition.

4. I beg that the Board will urge upon Government the necessity of commencing a new building at once at Pulivendla. The want of proper office accommodation is very inconvenient, and the situation of the hut and the material of which it is composed renders the records and money anything but secure.

Submitted for the information and orders of Government.

2. The state of the public buildings in the Cuddapah District has been frequently brought to notice, and in G.O., dated 21st August 1875, No. 1,847, plans and estimates for Taluq Cutcherries at Voilpaud and Pulivendla were called for; suitable accommodation should be provided at these places at the earliest possible opportunity; meanwhile the Collector should take steps for the removal of the hut endangering the office records.

REVENUE DEPARTMENT.

21st June 1879, No. 1,318.

No. 302. READ THE FOLLOWING PAPER :—

Proceedings of the Board of Revenue, dated 14th May 1879, No. 1,268.

Read the following letter from J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 21st December 1878, No. 797 :—

WITH reference to the proposal to transfer the Taluk Cutcherry at Vayalpad to the old palace at Gurramkonda, I have the honor to submit the following remarks for the orders of the Board.

2. In Board's Proceedings, No. 1,964, dated 15th July 1878, the Board of Revenue desired that the Local Fund Board (Madhanapalle Circle) should be called upon to state whether they were willing to restore the old Gurramkonda bungalow to Government, and it was asked whether, when the bungalow was handed over to the Local Board, any stipulation was made regarding its being restored if required. In reply, the Vice-President stated that the bungalow had never really been handed over to the Local Fund Board, but that they were only permitted to occupy the bungalow "pending a return called for from the Public Works Department in G.O., No. 879, of 23rd May 1874." This letter was forwarded by the permanent Collector of the district (the now Acting Third Member of the Board of Revenue) with a footnote, No. 482, dated 31st July 1878, and embodied in Board's Proceedings, No. 2,312, dated 16th August 1878.

3. It thus appears that the Local Fund Board were never asked whether they were willing to give up the bungalow, and at a recent meeting at Madhanapalle the Vice-President informed me that the wish of the majority of the members was to retain the bungalow if possible.

4. The bungalows in the Sub-division have formed the subject of a lengthened correspondence in which my views as Sub-Collector have not always been endorsed by my Collector, the now Acting Third Member; but as I am in a position to bring forward facts with which when writing his letter I do not think the Vice-President was acquainted, I trust I may be pardoned for reopening the question.

5. Mr. Atkinson is, according to my view, in error in saying that the Gurramkonda bungalow was never formally handed over to the Local Fund Board. I beg to refer to G.O., No. 301, dated 18th January 1866, where it will be seen that at the requisition of the then Collector the Gurramkonda bungalow was formally handed over without reserve or stipulation to the Department of Public Works for the purpose of keeping tools, stores, &c., and from that time up to the introduction of the Local Fund Act the bungalow was so used and was maintained out of the grant for the road by the side of which it stands.

6. Under Section 8 of the Local Fund Act, the roads, materials, *erections*, and tools connected with the roads were *ipso facto* transferred to the Local Fund Board. This building therefore in common with all the other tool-sheds in the Sub-division became the property of the Local Fund Board. Under these circumstances, therefore, I respectfully maintain that all property in the bungalow has passed from Government and is by law vested in the Local Fund Board.

7. During a recent tour in the Sub-division, a meeting of the Local Fund Board having been called, I sent a notice of motion to the Vice-President and the matter came on for discussion. The meeting was a full one, consisting of the Vice-President, the Executive and Sub-Engineer Officers, the Medical Officer, and almost all

the Native members. After a full discussion the members passed the enclosed Resolution (there being only one dissentient voice) to the effect that the bungalow belongs to the Board, and in this opinion I fully concur, it being the ground I have always maintained with reference to all the tool-sheds and inspection bungalows.

8. The general opinion of the Local Board is that the portion of the bungalow now used by travellers should still be kept for the same purpose, but that if it is still the desire of the Government to transfer the Cutcherry to Gurramkonda, the lower part of the building should be set apart for that purpose.

9. I beg herewith to forward a plan of the old palace from which it will be seen that the lower part of the building contains ample accommodation. Under the arrangement proposed by Mr. Atkinson, a portion of the lower floor would be used as a Treasury and Police lock-up, and a portion of the upper floor (for they could not use the whole) by the Tahsildar and his clerks. In this way neither portion would be available for travellers, and at the same time the Cutcherry establishment could not possibly utilize the whole building. Some repairs will be necessary before the lower part of the building can be made use of, but these repairs would have been required even under the present proposed arrangement. The repairs will consist almost entirely of a flooring for the large centre room, white-washing for the walls and doors for the different rooms. There are two courses open, either that the Local Fund Board should execute these repairs and then charge the Government a fair rent for the building, or that the Government should execute them and pay the Local Board a nominal rent of about Rs. 15 a-month.

10. From the papers on record I do not gather that it was ever the intention of Mr. Horsley or of Mr. Atkinson that the transfer of the Cutcherry from Vayalpad to Gurramkonda should be permanent, but the Board of Revenue in their Proceedings, No. 2,701, dated 4th October 1878, speak of the "permanent removal." I would respectfully beg to deprecate this idea. Gurramkonda is at present a very little village with no trade or activity, whereas Vayalpad is a town of some size with rich merchants and a pagoda which is largely resorted to by pilgrims. The District Munsif's Court is also at Vayalpad.

11. I fear that there can be no doubt the idea of the transfer is unpopular amongst the taluk officials as well as amongst the towns people, and this feeling of the latter class would at all events show that a large number of the population desire the Cutcherry to remain where it is.

12. The reason of the removal is that the cost of repairing the present old Cutcherry is more than the building is worth. There can be no doubt that the present building is more suited for a cattle-shed than a Taluk Cutcherry, but there are two large houses in the town belonging to the principal merchant, which face one another, which have been occasionally used by the Cutcherry when the present building has been repaired and which the owner says he will fit with all the appliances required if he is guaranteed a rent of Rs. 20 per month. My own opinion is in favor of accepting this offer in preference to removing the Cutcherry to Gurramkonda.

13. I trust I shall be pardoned for again raising this question. It is particularly distasteful to me to take advantage of my own presence in office to endeavour to upset what a predecessor has done; but the question involves a point which I have maintained the whole time I have been in the district, and about which I feel strongly, and in favor of which I think I have produced grounds not before the Board when they passed their order, and under the circumstance it can scarcely be said that I have taken advantage of my predecessor's absence.

Enclosures Nos. 1 and 2.—Plans.

Enclosure No. 3.—Extract from Proceedings of Local Fund Board.

Submitted to Government in continuation of the Board's Proceedings, dated 4th October 1878, recorded in G.O., dated 21st January 1879, No. 152.

2. The Board consider the Madanapalle Circle Board's claim to the Gurramkonda bungalow quite untenable; it is not supported by the previous correspondence on the subject—*vide* G.O., dated 12th June 1876, No. 1,060, and connected papers, and the contention that the building vests in the Circle Board by virtue of Section 8 of the Local Funds Act is, it is imagined, scarcely put forward as deserving of serious consideration.

3. The proposed transfer of the Taluk Cutcherry may be regarded for the present merely as a tentative measure; the question of the permanency of the arrangement can await the final decision of Government when the estimates for the new Cutcherry at Vayalpad are before them; meanwhile owing to the very bad state of the old Cutcherry some provision must be made for the Tahsildar's office whether a new building is erected or not, and the Gurramkonda palace affords the accommodation required; with such a building available it seems waste of money to build a new Taluk Cutcherry. The proposal that the upper storey should be left for the accommodation of travellers and district officers is not approved. It is not advisable to have a public office and Treasury and a public bungalow under the same roof.

Miscellaneous.

The Government are not favorably disposed to the Gurramkonda scheme. The Public Works Department will be requested to cause the submission of the estimates for the new Cutcherry at Vayalpad to be expedited. Meanwhile, if the existing building is untenable, arrangements can be made for renting the private buildings referred to in paragraph 12 of the Collector's letter.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 23rd May 1879.

Read the following letter from J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to J. STURROCK, Esq., Acting Secretary to the Board of Revenue, dated Balasamudram, 6th April 1879, No. 98 :—

WITH reference to Board's Proceedings, No. 1,477, dated 3rd June 1878, I have the honor to enclose copy of a letter from the Acting Head Assistant, together with a sketch of the spot.

2. It will be seen that the Police decline to remove their huts from the vicinity of the Taluk Cutcherry.

3. I am not inclined to think that a temporary building for the Cutcherry would be advisable and it will, I fear, be long before a new Cutcherry is finished; for the Taluk Cutcherry building at Kadiri, which was commenced more than six years' ago, is not yet finished and that proposed for Pulivendala is not yet sanctioned, much less begun.

4. I can only suggest that pressure be brought to bear on the Police authorities through the Inspector-General, with a view to have the huts removed some distance from the present Cutcherry. Should a fire take place the loss of the Government records would alone far more than counterbalance the extra expenditure which would be incurred by building new huts.

ENCLOSURE No. 1.

From H. H. O'FARREL, Esq., Acting Head Assistant, to J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, dated 18th March 1879, No. 62.

WITH reference to the instructions conveyed to the late Temporary Deputy Collector in your foot-note, No. 195, appended to Board's Proceedings, No. 1,477, dated 3rd June 1878, I have the honor to inform you that the Police authorities have expressed their inability to remove their huts lying contiguous to the Cutcherry at Pulivendala for want of funds.

2. On perusing the Tahsildar's Arzi, No. 278 of 1878, with its enclosures (to be returned) you will see that no accommodation for the location of the Taluk Cutcherry can be available in that village.

3. The new Cutcherry is not even in course of construction, and I fear even if begun its completion will take some time. I would propose that a temporary building be erected for the purpose or that the space round the present office site be widened by the removal of the inflammable huts, &c. The latter should be done at the cost of the Police Department, but they, as said above, refuse to do so. I consider that the best plan would be the erection of a temporary building. The Cutcherry is a miserable shed and is itself of an inflammable nature. The removal of the huts in question though an improvement is not all that is required.

(True Copy.)

Acting Collector.

ENCLOSURE No. 2.—Sketch.

SUBMITTED for the early orders of Government in continuation of Board's Proceedings, dated 3rd June 1878, No. 1,477.

2. As there is no immediate prospect of a new Taluk Cutcherry being constructed at Pulivendala the Board think that the inflammable huts should be removed at once.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 2nd February 1881.

Read the following letter from S. T. McCARTHY, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated 25th January 1881, No. 25:—

REFERRING to G.O., dated the 17th June last, No. 1,439, Judicial Department, I have the honor to express a hope that the erection of a new Taluk Cutcherry at Pulivendla will be proceeded with during the coming official year. In the above Government Order it was stated that orders would at once be issued in the Public Works Department for the execution of the work. The Board are doubtless well aware, from correspondence which has for several years passed between them and the Collector, how much a new Cutcherry is required at Pulivendla.

Board's Proceedings, dated 5th December 1874, No. 3,528.
Board's Proceedings, dated 7th August 1875, Miscellaneous No. 7,169.
Board's Proceedings, dated 3rd June 1878, No. 1,477.

2. I beg to refer them to the papers marginally noted.

3. The old Cutcherry is for the most part a miserable thatched shed. The Government, in their Order above quoted, sanctioned the hiring of a separate house in the vicinity for the custody of the taluk records, so as to obviate any danger of their being consumed by fire in the Cutcherry building.

4. It would be difficult, I think, to conceive any worse Cutcherry accommodation than that now existing at Pulivendla. There is probably no other Taluk station in the Presidency where a new building is more urgently needed.

5. A Taluk Cutcherry is also very badly wanted at Váyalpád. I regret to say that I have not been to Váyalpád as yet, but, so far as I can understand, the accommodation at that place is almost, if not quite, as bad as that at Pulivendla. It can scarcely be worse.

6. The Government in their Order of the 29th January 1880, No. 410, Revenue Department, in communicating the same to the Public Works Department, requested that steps might be taken for the early submission of estimates for the new building at Váyalpád.

7. It is most desirable that the erection of new Cutcherries at both the stations above mentioned should be undertaken during the coming year (1881-82). If both cannot be undertaken, I would earnestly request that the Cutcherry at Pulivendla, at all events, be put in hand, and I trust that the Board will be good enough to move Government to sanction the execution of this much needed work during the coming official year if funds can possibly be spared for the purpose.

SUBMITTED to Government with the request that funds may be provided for the construction of new Taluk Cutcherries at Pulivendla and Váyalpád at the earliest possible date. The matter is one of real emergency.

Order—dated 21st June 1887, No. 1667 W., Public Works.

In the papers read above, the Superintending Engineers and the Consulting Architect apply for funds under Provincial for Incomplete Works of 1886-87 and for Minor New Works, Repairs and Tools and Plant for 1887-88.

2. The demands under Repairs and Tools and Plant, and the allotments sanctioned against them, are shown in statement A. The demands under Communications being in excess of the budget provision, a sum of Rs. 3,740 has been transferred from the amount reserved in the budget for Civil Buildings ; also the demands under Tools and Plant have been reduced to bring the total allotment within the budget provision of Rs. 35,800.

3. The "reserve" in the budget was Rs. 1,68,800, and it has since been supplemented by Rs. 36,306 (*vide* G.O., No. 1243 W., dated 7th May 1887). The total sum available for distribution is therefore Rs. 2,05,106.

4. The demands under Original Works amount to—

	RS.
Incomplete Minor Works	5,639
" Major "	2,23,402
" Registration Works	25,471
" Police "	59,945
New Minor Works	38,772
" Major "	1,23,976
" Registration Works	54,936
" Police "	32,783
Lump sum for Minor Works	45,025
Total ...	6,09,999

5. The allotments under Original Works are sanctioned as detailed in statements A and B, and they amount to—

	RS.
For Incomplete Minor Works	5,344
„ Major „	88,828
„ Registration Works	11,571
„ Police „	11,820
New Minor Works	22,586
„ Major „	13,400
„ Registration Works	...
„ Police „	3,432
Lump sum for Minor Works	31,465
Total ...	1,88,445

and a further appropriation of Rs. 8,148 has been made to meet the expenditure for maintaining the Chepak park. The balance still left in reserve amounts to Rs. 8,513.

6. Funds have been provided for all the incomplete works brought forward by the Superintending Engineers excepting those for which provision has already been made in the final issue of the budget and in G.O., No. 1243 W., dated 7th May 1887; but in the case of new works, grants have been provided only for those works that are urgent, and for which funds have been promised.

Proceedings of the Board of Revenue dated 9th January 1880, Mis No 24 submitting for the information of Govt with reference to G.O. dated 21st June 1879 the following endorsement of the Acting Collector of Cuddapah, No 432 d/15 December 1879 on letter from the Acting Sub-Collector dated 9th December 1879 No 82.

In reference to your predecessor's foot-note No 1784 dated 17 July 1879 (Location of Taluk Office at Vayalpad) I have the honor to state that I have thrice looked at the buildings proposed and at others, and find that the present office, although bad, is better than any other place that can be got in Vayalpad for a Taluk Office.

2. I have therefore the honor to State that I propose to leave the office where it is pending

pending the building of the new Cutcherry.

Submitted for the information of the Board of Revenue. Under the circumstances stated by Mr Atkinson, the undersigned is of opinion that the best plan will be to leave the office where it is pending the building of a new Cutcherry. Petty repairs can be executed to the old Cutcherry when required. It seems highly desirable however that steps should be taken as soon as possible for the erection of a new building.

Vide G.O. dated 21st June 1879 No 1318, communicated with Bd of Rev: Dis: No 6211 dated 5th July 1879.

Communicated to the Public Works Department, with reference to this Dept. G.O. quoted, and with the request that steps may be taken for the early submission of the Estimates for the new Cutcherry at Vayalpád.
