GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From H. S. TAYLOR, Esq., Executive Engineer, West Coast Division, to the Superintending Engineer, IV Circle, dated 23rd November 1886, No. 787.

With reference to your endorsement, No. 852 W.C., of 10th November 1886, on G.O., No. 2698 W., of 14th October 1886, I have the honor to report that it will not be advisable to withdraw the small imprest of Rs. 100 given to the Station Staff officer at Quilon on the following grounds:—

(1) The distance from the head-quarters of the Division office to Quilon is great.*
* Upwards of 150 miles.
(Intld.) J. B.

(2) A permanent upper subordinate would have to be located at Quilon to carry out the petty repairs to the military buildings and roads which are now, with little or no difficulty, done by the Station Staff officer from the imprest allowed him.

2. As regards the Special Assistant Collector's bungalow at Malapuram, I have to state that from G.O., No. 1187 W., of 21st April 1879, I gather that this building was originally constructed by Colonel Levie, an officer attached to the Police corps maintained at Malapuram some years ago. The Assistant Collector located there being much inconvenienced for want of accommodation, and the building in question having then been reduced to a ruinous state with only its walls without a roof on, the Colonel was addressed by the Revenue Department several times to remove the old materials from the site, which was believed to be the Government property. The Collector of Malabar finding no reply forthcoming, submitted the case for the orders of the Board of Revenue, and the Government thereupon directed the Public Works Department to have an estimate prepared for the restoration of the building.

3. The facts how the building came into the possession of Government, and if any compensation were paid for it, cannot be ascertained for want of records in this office.

4. An estimate of Rs. 3,433, for restoring the building in question, was prepared and sanctioned in G.O., No. 2414 W., of 22nd September 1879. The work was commenced in the year 1879-80 and completed in the following year at a cost of Rs. 3,188-7-4.

5. It would appear from the Superintending Engineer's memorandum, No. 427 W.C., of 6th July 1882, to the Executive Engineer, West Coast Division, that the monthly rent of the building was Rs. 14 up to 31st July 1882, which is at the rate of about 6 per cent. on the value of the building, i.e., Rs. 3,380, and that from 1st August 1882 this rent was raised to Rs. 27 a month, or about 10 per cent. on the same value. The latter rent is now being recovered from the occupant.

6. It cannot be ascertained as to how the valuation of the building, Rs. 3,380, referred to in the above paragraph, was arrived at.

No. 473 E.W.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, for information, with reference to paragraphs 2 and 3 of G.O., No. 2698 W., of 14th October 1886.

2. If the rents for the quarters occupied by the Special Assistant at Malapuram and the Head Assistant Collector at Coondapoor are to be revised in accordance with the $7\frac{1}{2}$ per cent. rule, the revised rates will be as follow :—

- (1) Malapuram, value Rs. 3,188, at $7\frac{1}{2}$ per cent. per annum, Rs. 239, or Rs. 20 per mensem. This is Rs. 7 less than is now collected.
- (2) Coondapoor, value Rs. 39,000, at $7\frac{1}{2}$ per cent. per annum, Rs. 292, or Rs. 25 per mensem. This is Rs. 10 less than has been collected.

14th December 1886.

(Signed) J. BEATTY, Col., R.E.,
Superintending Engineer, IV Circle.

Office note from the Examiner, Public Works Accounts, dated 22nd December 1886, No. 676.

ORDER—dated 7th January 1887, No. 23 W., Public Works.

In the circumstances stated, the imprest with the Station Staff officer at Quilon may be continued.

2. The rents of the Special Assistant Collector's quarters at Malapuram and the Head Assistant Collector's residence at Coondapoor will be revised as suggested by the Superintending Engineer.

Inspection Notes

Orders on a report from the Superintending Engineer, IV Circle, with reference to the orders of Government on the — on the West Coast Division office, submitted by the Examiner, Public Works Accounts.

No 787

West Coast Divl Office
23rd November 1886

From,

Pt 2 1/2

The Executive Engineer
West Coast Division

No,

The Superintending Engineer
Fourth Circle.

Sir,

With reference to your letter to
ment No 852 of 10th November 1886, to
on G.O. No 2698.W. of 14th October/86,
I have the honor to report that it is
will not be advisable to withdraw
the small imprest of Rupees 100
given to the station staff officer
at Quilon on the following grounds.

(1) The distance from the Hd quarters
of the Division Office to Quilon is

* upwards
of 150 miles

great.

(2.) A permanent upper subordinate in
would

would have to be located at Quilon
to carry out the petty repairs to the
military buildings and roads which
are now, with little or no difficulty,
done by the station staff officer
from the imprest allowed him.

2. As regards the Special
Assistant Collector's Bungalow
at Mallapuram, I have to state
that from G. O. No. 1187 of 21 April
1879, I gather, that this building was
originally constructed by Colonel
Leic, an Officer attached to the Police
Corps, maintained at Mallapuram
some years ago. The Asst. Collector
located there being much inconveni-
enced for want of accommodation
and the building in question having
then been reduced to a ruinous state
with only its walls without a roof
on.

22
on, the Colonel was, addressed by
the Revenue Department several
times to remove the old materials
from the site which was believed
to be the Government property.

The Collector of Malabar, finding
no reply forthcoming submitted
the case for the orders of the Board
of Revenue and the Government &
thereupon directed the D. P. W. to
have an estimate prepared for the
restoration of the building.

3. The facts how the building
came into the possession of Govt
and if any compensation were paid
for it cannot be ascertained for
want of records in this Office.

4. An estimate of Rupees 3433
for restoring the building in question
was prepared and sanctioned in

in G.O. No 2414 of 22nd September 79.
The work was commenced in the year
1879-80 and completed in the follow-
ing year at a cost of Rupees 3188-7-4.

5. It would appear from the
Superintending Engineer's Memo
No 427 of 6th July 1882 to the Executive
Engineer, West Coast Division, that
the monthly rent of the Building is
was Rupees 27 up to 31st July 1882 which
is at the rate of about 6 per cent on
the value of the building i.e. Rs 3380,
and that from 1st August 1882 this
rent was raised to Rs 27 a month
or about 10 per cent on the same
value. The latter rent is now being
recovered from the occupant.

6. It cannot be ascertained
as to how the valuation of the build-
ing Rupees 3380 referred to in
the

the above para was arrived at.

I have the honor to be,

Sir,

Your most Obedient

As Payton
Executive Engineer
West Coast Division

No 473
E.W.

Forwarded to the Chief Engineer W.C.D. for
information with reference to paras 2 & 3 of G.O.
No 2698 of 14th October 1881.

2. If the rents for the quarters occupied by
the special Assistant at Mallapuram, and
the Head Assistant Collector at Kundapur
are to be revised in accordance with the 7 1/2
per cent rule, the revised rates will be as
follow:

(1) Mallapuram, value Rs 3188 @ 7 1/2 per
cent per annum Rs 239 or Rs 20 per
mensem. This is Rs 7 less than is
now collected.

(2) Kundapur, value Rs 3900 @ 7 1/2
per cent per annum Rs 292 or
Rs 25 per mensem. This is Rs 10
less than has been collected.

The imprest with the Station
Staff Officer at Quilon may if Govt.
consider it necessary, be continued,
but it seems that the same object
might be obtained by giving that
Officer advances from time to time
on sanctioned requisitions, as is
done in the case of the Barrack
Masters, Madras and Bangalore.

2. The rents for the bungalows
at Malapuram and Kundapur may be
reduced as suggested by the Supp.
Engineer.
