

PL No 6789.

IV

The ST is in error in
stating that paras 86
and 88 of the Code are
contradictory.

para 86 details the duty
of the ST with regard to
the Special reports to be
forwarded, with our Act Eng's
application for examination.

para 88 details the action
to be taken by the Chief
Engineer, when submitting
the report of the Committee's
proceedings to Govt.

The E.C. tells me that it
has been customary for
STs to send in details of
the examination; in other
words the questions asked;
this never to me altogether
unnecessary - When a
Board of Examiners is
appointed, they are not

expected to publish the
questions they have asked
and in the case of these
examinations, all that
appears necessary, is, for
the Board to send in
a report of the result of
the examination; which
combined with the
Special reports, are to be sent
to enable the Chief Engineer
to recommend or otherwise
the promotion of the Asst Eng.

If you think it advisable
Mr Natch might be asked
to send in the result of the
examination in the form
of a report, signed by the
President & members - but
in my opinion the letter
signed by the President
(Mr Natch) seems sufficient.

The reports we receive of the
men who have passed or failed
in the examinations, are nearly
always by the Secy. of the Board & the
one in the letter from W. W. S.

Sir

In forwarding an application from Assistant
Engineer Mr Murray that he may be examined
under Code para 86, I have the honor to report
that I consider Mr Murray to have sufficient
"Physical energy efficiency in practical work
and capacity to manage those under his autho-
rity" to entitle him to promotion, providing
he passes the required examination.

Encls.
1 Application
SIR,
with its covering
letter.

I have the honor to forward here-
with application from Mr. Stewart
B. Murray for examination under Code
Para 86 together with the "Special report"
of the Executive Engineer under whom
Mr. Murray is serving.

2. I consider from personal knowledge
that Mr. Murray is well qualified in
those points which cannot be tested by
the proposed examination. He is energetic
has conducted the practical work en-
trusted to him satisfactorily and shows
as much capacity for management of
those under his authority as can be ex-
pected of a young man.

3. I trust that you will order the Com-
mittee to be convened & will send the
order by wire, because otherwise I

would not get it till after I have
left Dowlaiswaram to accompa-
ny the Chief Engineer for Irrigation
to Ganjam and Mr. Murray is anxi-
ous, & I am anxious for his sake, that
he should be examined as soon as
possible.

I have the honor to be,
Sir,
your most Obedient Servt.

DOWLAISHWARAM, 23rd August 1887
Despd 24th

SIR,

With reference to your telegram of 16th Instant, I have the honor to inform you that the Committee Consisting of myself as President, and Mr. Paul (Executive Engineer) and Mr. Somers-Eue (Assistant Engineer) as members, have this day Examined Mr. S. B. Murray Assistant Engineer 2nd grade in accordance with para 87 of the Code and are of opinion that Mr. Murray has shown himself sufficiently acquainted with the

No 27526 of 16-8-87

W
16-8

W
16-8

20/8/87

16-8-87

the various subjects, rules &c.
with which the Examination
dealt ~~with~~, to warrant his
being considered to have passed

(2) The "Special report" referred
to in Para 88 of the Code has al-
ready accompanied my No 1204
of 9th Instant.

(3) It seems to me that the
wording of para 88 of the Code is
wrong or at all events at variance
with Para 86 - for the latter lays
down that the special report
shall accompany the candi-
date's application for Examination
whilst the former says it
should accompany the report
of the Committee's proceedings

I have the honor to be

Sir

Your most obedt servant

Subject

Inform that Mr
S. B. Murray has
passed the examination
in accordance with
para 87 of the
Code.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the

Read the following

From the Supty Engr. 1 Circle

No. 1358 G. D. of 23rd Augt 1887.

Mr. D. B. Chundrow
is hereby declared to have
passed the examination
prescribed in para 86 of the
P. W. Code.

The Supty. Engineer's
attention will be drawn
to para 88 which directs
that the report of the Com-
mittee's proceedings is to be
submitted. In the present
case, the report is submitted
in the form of a letter and
signed by the Supty. Engineer
only and no details of the
examination have been
supplied.

Paras 86 and 88 of the Code
are not contradictory, as the
letter refers to the action to
be taken by the Chief Engineer
when submitting the reports
to Government

In all future reports
these points should receive
attention.

Para 88 more particularly
prescribes the action to be
taken by the Chief Engineer
in

1.9.87

19/87

1.9.87.

in submitting the Case to
Government, for orders, and is
therefore not contrary to
para 86 as regards the time
for the submission of the
special report.

(5)

See draft
11/17

Supy Engr
I can do

Code -

(6)

The Committee's report
on the examination of Mr.
J. B. Murray should not have
been sent in the form of a
letter from the Supy. Engineer
I Circle.

Some details of the ex-
amination should also have
accompanied the report.

The Supy. Engineer is in
error in thinking that para
88 of the Code contradicts
para 86. Para 86 relates to the
action of the Supy. Engineer
but para 88 is that of the
Chief Engineer when he sub-
mits the papers to Govt.
