GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 15th August 1887, No. 342-E.W.

I have the honor to submit, for your opinion and for sanction, if considered necessary, a revised estimate, amounting to Rs. 915, for making three archimedean screws for use in the West Coast division.

2. I have to inform you that I sanctioned an estimate of Rs. 395 (viz., three archimedean screws Rs. 260, and the despatch charges Rs. 135) in last month, as the amount of the estimate was within Rs. 500, and the necessity for submitting a revised estimate explained in the accompanying letter of the Executive Engineer, West Coast division, No. 484 of 9th instant.

3. The Executive Engineer, West Coast division, was, I consider, reasonably misled by the letter of the General Superintendent, which stated that "the estimated cost of making three archimedean screws will be Rs. 260, and the despatch charges Rs. 135."

4. I have informed the Executive Engineer, West Coast division, that he should delay payment of the workshop bill, pending your sanction to the revised estimate, as it seems to me that, under the circumstances, the charges should be only Rs. 395.

No. 2778 C.

* Referred, through the Superintending Engineer, V Circle, to the General Superintendent, Public Works Workshops, for explanation of his statement in No. 756 W., dated 27th June 1887, that the cost of the three screws would be Rs. 260.

(By Order.)

2. The papers received with your endorsement are herewith returned.
