No. 983 T.J.

Report by the Superintending Engineer, VI Circle, on the estimate for providing accommodation to the Executive Engineer's office in St. Joseph's College buildings at Negapatam, Rs. 600.

In the plan showing the distribution of space approved in G.O., No. 1556 W., dated 10th June 1886, it was proposed to partition a room in the ground floor and use one partition for Public Works Department records and the other for Police records, but this will have to be modified to suit the requirements of the Police Department, and hence the necessity for forming a record room in the gallery behind the accountant's room. The estimate of Rs. 189, said in paragraph 3 of this office letter, No. 389 T.J., dated 26th May 1887, to have been sanctioned by the Executive Engineer, is therefore required to be revised.

2. The estimate has been prepared with reference to paragraph 3 of G.O., No. 1013 W., of 19th April 1886, and provides for all the works carried out on the former estimate and further works found necessary. With the exception of forming a record room, the alterations and repairs are of a petty description and calls for no remarks.

3. The rates are fair and the estimate is recommended for sanction.
