No. 94. From Captain W. P. TOMKINS, R.E., Assistant Secretary to the Government of India, Public Works Department (Military Works), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 19th April 1881, No. 325 M.W.

I AM directed to acknowledge the receipt of your letter, No. 765 W., of the 19th ultimo, and in reply to communicate the sanction of the Government of India to the demolition of the buildings noted in the margin.

1. Temporary British Infantry Barracks, Trichinopoly.
2. Latrine attached to old Royal Artillery Barracks, Trichinopoly.
3. Old Post Office at Porto Novo.

2. As regards the suggestion that in ordinary similar cases the power of final sanction might be delegated to the Local Government, I am to state that there is no objection to this course in respect to Civil buildings, but the Government of India considers it necessary that proposals relating to the demolition of Military buildings generally should continue to be submitted to it, as Local Governments are not always aware of possible changes in the movement or distribution of troops.

Cantonments—Lands.

Read the following papers :—

No. 31. *From H. SEWELL, Esq., President, Municipal Commission, Trichinopoly, to the Chief Secretary to Government; dated Trichinopoly, 2nd June* 1882, *No.* 19.

As the Government are aware there was a severe outbreak of cholera in the town last year. The 6th Regiment, Native Infantry, which was stationed at Putúr within municipal limits suffered severely, and was eventually moved out to the cholera camp on the Pudukóta road. They have now left for Quilon. The Putúr lines which were occupied by this regiment have been, under orders from His Excellency the Commander-in-Chief, demolished, and the materials sold by auction by the Military authorities. A portion of the site is Government property, but another portion belongs to certain inamdars, from whom it was taken by Government in 1831, and a pension of Rs. 110 a year to them, so long as they shall be kept out of possession of the land, was sanctioned by Government in their Order, No. 729, of 29th July 1831. The families of the inamdars continue to receive the pension till now. If this land is allowed to go back to the possession of the inamdars, shops and huts will be sure to spring up rapidly on a soil which is thoroughly saturated with cholera. It is therefore of the greatest importance to the well being of the town that the Municipal Commissioners should acquire the land. If permitted to do so they have resolved to grow crops or plant gardens on it for a time, not less than three years, in order to purify the soil and to prevent the place becoming a hot bed of cholera.

2. I have therefore the honor to request that you will be good enough to obtain the sanction of Government for making over the whole site occupied by the lines to the Municipality, in which case the Commissioners are prepared to pay from the Municipal Funds the pension of Rupees 110 a year to the inamdars.

A copy of the resolution of the Municipal Commissioners on the subject is enclosed.

EXTRACT from the Proceedings of the Municipal Commissioners for the Town of Trichinopoly at a meeting held on the 23rd May 1882.

Read letters from the Officer Commanding Trichinopoly, Nos. 82 and 89, of 11th and 13th May, respectively, stating that the huts in the Putúr lines have been sold, and the President's memorandum thereon recommending that the site should be acquired by the Municipality.

The Commissioners agree with the President's remarks, and are of opinion that possession of the land ought to be obtained from Government for at least three years, it being applied to some such purpose as suggested by the President.

Referring to the reference order of Government, No. 3027, dated 20th instant, herewith returned, I am desired to state that the re-occupation by troops of the Putúr lines having been finally decided against and the houses having been sold, the site occupied by the lines is no longer required for military purposes, and may, with advantage, be made over to the Municipality, as requested by the President in his letter.

O.G., No. 1342, dated 21st March 1832.
Do. No. 2033, dated 1st May 1882.

2. As there is no other site in that neighbourhood which can be utilized for the erection of new lines for one of the regiments forming the garrison of Trichinopoly, the whole of the public military buildings attached to the Putúr lines will likewise be no longer required for military purposes, and, in anticipation of the orders of Government for their disposal, have been made over to the Public Works Department for custody.

3. His Excellency the Commander-in-Chief hopes shortly to be in a position to submit, for the consideration of Government, definite proposals regarding the site for lines, &c., of the regiment which, in the cold season, will take the place of the 6th Native Infantry at Trichinopoly.

4. In connection with the necessity for providing new lines for this regiment, I am to mention that, under the orders of His Excellency the Commander-in-Chief, the temporary sheds into which the 6th Native Infantry was moved on the outbreak of cholera, and which the regiment occupied until its departure for Quilon, have been sold by auction, as they would rapidly have deteriorated and become quite valueless if left unoccupied for any time.

No. 33. ORDER THEREON, 3rd July 1882, No. 3292.

Ordered that the Financial Department be informed that there is no objection to the site of Putúr lines at Trichinopoly being transferred to the Municipality on the terms proposed by the Commission.

I have the honor to report that on the 3rd ultimo the Station Staff Officer, Trichinopoly, requested the Executive Engineer to take over charge of all the public buildings at Putúr lately vacated by the 6th Regiment, Native Infantry, and informed him that he had been instructed by the Quartermaster-General to hand them over to the Public Works Department without delay.

2. The Executive Engineer took over charge of the buildings on the 8th ultimo, but has not been informed whether the arrangement is only to last till the arrival of another regiment, or is to be regarded as the permanent abandonment of the buildings by the Military Department.

3. It is, however, rumoured in the station that Putúr has been finally abandoned on account of its unhealthiness; and, if so, I request instructions what is to be done with the buildings.

4. The Collector has proposed to me that one of the buildings should be used as an office by the Assistant Conservator of Forests, and another by the Local Fund Engineer. If the others are not required for any public purpose, I presume they may be sold as they stand or demolished and the materials disposed of at public auction. Meantime the cost of watchmen* to look after the buildings must be charged to Repairs, Military.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue, dated 13th November 1886, No. 8495 Mnie: on letter from the Collector of Trichinopoly, dated 30th October 1886, No. 4095, and reference thereon, 5th November 1886.

I have the honor to reply to G. O. No. 4254 dated 19th July 1886 embodied in Board's Proceedings No. 3647 Mnie: dated 28th July 1886, directing me to report whether the buildings at Puthur lately vacated by the Military Authorities can be utilized for any Govt. purpose.

2. I accordingly addressed the Supt. of Police, the President District Board, the District Forest Officer and the Postal and Salt Departments and enquired of them whether the buildings* or any part of them under reference are likely to be required for the purposes of their Departments.

2. All except the Supt. of Police and the President District Board answered in

Rev. 9225/86.

in the negative. The Superintendent of Police while admitting that the buildings under reference afford ample accomodation for the location of his office, enumerates certain inconveniences which lead him to prefer the rented buildings in which he holds his office at present. He has submitted the matter for the decision of the Assistant Inspector General of Police and is awaiting reply.

4. The President District Board requests that the Sargeant's quarters with its two kitchens and the land surrounding the buildings as marked in the enclosed sketch may be handed over to his Department for the location of the Local Fund Engineer's Office.

Read also letter from the Collector of Trichinopoly, dated 9th Novr 1886, No. 4212.

With reference to Board's General Register No. 5762/1886, I have the honor to report that it would be doubtless possible to locate the District Forest Office in one of the buildings referred to, but at the same time it would be objectionable on the score of being still further away than it now is from my Cutcherry. Further I think it would be a mistake to make another move while the question of taking up the old Artillery Barracks (vide Board's Proceedings No. 1078 of 2nd April 1885) is still under consideration. I am unable to reply to the Board's Proceedings by return of post as I was absent at Pudukotta whence I have only just returned.

× 2 Sketches returned.

Resolution.

Submitted to Govt. in reference to G.O. 19th July 1886, No. 4254.

The Collector reports that the District Board requires the buildings known as the Sargeant's Quarters, and that the Superintendent of Police may, perhaps, be able to substitute some of the other

The Police Dept have decided that the Police Dept do not require the accommodation

other buildings for his present rented office; further report, however, is expected from the latter.

The buildings are not required by any other Department.

2. It will be seen from the Quarter Masters General's letter No 343 A dated 24th January 1887 that the buildings are never likely to be required again for military purposes; and, with the exception of the Serjeants quarters, it has been ascertained that they cannot be utilised for purposes of the civil administration. Their disposal in the manner indicated will save the annual cost of maintenance.

I beg to report that the old Bungalow at Allipur (Imperial Military) has been dismantled under the orders of the Supg. Engineer 3rd. Circle. In reply to inquiries as to the authority under which the sanction was given, the Supg. Engineer explains that the building was an inspection-shed built some years back out of the Estimate for Allipur Tank, and as it was tumbling down, it was dismantled under his orders. The previous sanction of Government should have been obtained with reference to para 1033 of the P.W. Code.

SIR,

With reference to your endorse-
=ment No. 2450C dt 22d July 87, I have
the honor to report that the building
was tumbling down and was ordered
by the Lake Deputy Engineer to be dis-
-mantled and materials sold.

It appears to have been a mere
temporary erection and might have
cost about Rs 1000. It was built appa-
-rently some time before 1870 for the
accommodation of the subordinate
in charge of the construction of the
Nilgiri tank. The exact date and cost
of erection are not known.

I beg to be informed if the sanction
of Government is necessary for the demolition
of works of such a temporary character.
