GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers:—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 11th August 1887, No. 360 G.N.

In forwarding herewith a letter, in original, No. 102 S.E., dated the 5th July 1887, received from the Executive Engineer, Ganjam division, I have the honor to state that I fully concur in the opinion expressed by the Executive Engineer as regards the insufficiency of the division office establishment and the abolition of the appointment of draftsman sanctioned for Parlákimedi, and therefore submit herewith, for sanction, a proposition statement in the prescribed form; the extra charge for the additional clerk now applied for can be met from the saving proposed to be effected by doing away with the appointment of draftsman.

2. The salary of the additional clerk now asked for is proposed to be charged to the Estate's establishment because he will be almost solely employed in the account work connected with the estate.

Enclosures.

From H. E. G. EVANS, Esq., Executive Engineer, Ganjam Division, to the Superintending Engineer, I Circle, dated Berhampore, 5th July 1887, No. 102 S.E.

With reference to your No. 232 G.N., dated 21st June 1887, I have the honor to forward herewith a statement showing the distribution of work amongst the clerks of this office sanctioned in G.O., No. 1489 W., dated 3rd June 1887, from which you will observe that the establishment sanctioned for this division is hardly sufficient for the performance of the work of the office.

2. In G.O., No. 2948 W., dated 9th December 1886, first-class divisional establishment was sanctioned for this division in the late amalgamation, and in addition to this two temporary clerks, one on Rs. 60 and another on Rs. 40, were allotted for the estates. In the present amalgamation only two permanent clerks and one cashier have been added to the permanent third-class division, but no provision has been made for the estates in the temporary establishment, the accounts of which are to be maintained in this office.

3. In the Parlákimedi estate there are several important major works, for which detailed work vouchers should go to the Examiner.

4. To prepare work abstracts of the estates and to post them into the register of works it is necessary to have two clerks, but as the Government have sanctioned the retention of clerk on Rs. 10, I applied for another clerk to manage the accounts work of the estates efficiently. Under the above circumstances I have the honor to request that you will be good enough to move Government to sanction the clerk asked for in this office No. 56 of 27th May 1887.

5. I take this opportunity of bringing to your notice that two *permanent* draftsmen were sanctioned in the new scale for Chicacole sub-division, and I therefore consider the *temporary* second-class draftsman sanctioned in G.O., No. 2383 W., dated 20th September 1886, for the Parlákimedi estate is unnecessary. The pay of the additional clerk now asked for may be met from the saving effected by dispensing with the services of the temporary draftsman for Parlákimedi.

6. A proposition statement for the temporary establishment required is herein enclosed for your approval and sanction.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers:—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st September 1885, No. 264 G.N.

With reference to G.O., No. 907 W., dated 16th April 1885, I have the honor to submit, herewith, for the sanction of Government, a statement showing the establishment required on account of the amalgamation of the Rushikulya with the Ganjam division.

2. A statement received from Captain Langley, Executive Engineer, showing the limits of sub-divisions, which is concurred in by me, is also submitted.

From the same officer, dated 30th September 1885, No. 273 G.N.

From the same officer, dated Dowlaishweram, 29th October 1885, No. 333 G.N.

With reference to my letter, No. 267 G.N., dated 23rd September 1885, and in continuation of my letter, No. 264 G.N., dated 21st September 1885, I have the honor to inform you that the Collector of Ganjam declines to hand over any of the roads in the Kimedi Estate to the Local Fund Board. I therefore submit the Executive Engineer's letter, No. 244 C., dated 4th October 1885, with its accompaniments showing the supplemental establishment that will be required to supervise these roads.

2. I would draw your special attention to the last paragraph of the Executive Engineer's letter in the hope that some other arrangements may be made for the supervision of the Estate roads, as I am much afraid that the officer in charge of the lately amalgamated Rushikulya and Ganjam divisions will hardly be able to efficiently supervise the further extended operations required of him.

Proceedings of the Court of Wards, dated 4th November 1885, No. 244.

Read—letter from the Acting Collector of Ganjam, dated 12th October 1885, No. 3807, and a telegram, dated 22nd October 1885, to the Secretary to the Court of Wards, Madras.

Resolution—dated 4th November 1885, No. 244.

Submitted for the early orders of Government.

2. The Court of Wards are decidedly of opinion that the Executive Engineer should take charge of all the Estate roads not at present kept in repair by the Local Fund Board. Under G.O., 28th April 1884, No. 1067 W., a contribution of 23 per cent. on outlay was asked for from the Court for *full* professional services, the pay of the Court's subordinate establishments being allowed as a deduction from this contribution. This arrangement applies to Parlákimedi.

3. The Court request therefore that the Executive Engineer may be ordered to take charge of the Estate roads without further delay.

Ag. Sub-Secretary.

Mis. G.O. No. 6231, Revenue.

Transferred to the Public Works Department, for early orders.

2. The Government, in this department, concur in the opinion of the Court of Wards.

Office note from the Examiner, Public Works Accounts, dated 25th Nov. 1885, No. 682.

Order—dated 9th December 1885, No. 2948 W., Public Works.

The proposition statement of establishment (permanent and temporary) required for carrying out the amalgamation of the Rushikulya division with the Ganjam division is sanctioned; but the provision therein made for Engineer, Upper Subordinate, and Accounts establishments has been struck out, as they have been separately provided for.

2. The Superintending Engineer will arrange for taking over all the roads on the Kimedi Estate, as proposed by the Court of Wards; the additional establishment required to supervise those roads being provided in the statement sanctioned above.

3. The proposal of the Superintending Engineer to form a separate sub-division, called Kimedi sub-division, is approved, and the Sub-Engineer, Mr. Taylor, will draw sub-divisional allowance while in charge of the sub-division.

4. Under section 43 A of the Acting Allowance Code, financial value, not mean value, should have been given in the column average or fixed pay. The necessary correction has been made in the Secretariat.

5. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial, No. 51 W. of 1885-86, and classified as Establishment.

READ—the following papers :—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 23rd August 1886, No. 419 G.N.

I have the honor, herewith, to submit a proposition statement for the revision of the establishment sanctioned in G.O., No. 1545 W., dated the 18th June 1886, for Parlákimedi and Jarada estates and to request that early sanction of Government may be obtained thereto.

2. It will be observed from the statement that the total cost of the present and proposed establishments remains unaltered. The additions to and alterations from the present or sanctioned establishment are explained in the remarks column of the statement.

READ—the following papers :—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 13th April 1887, No. 27 G.L.

With reference to G.O., No. 921 W., dated 25th March 1887, I have the honor to enclose a statement, in form M. 184, showing the office and petty (office) establishments required for the new Ganjam division and Central division, Godávari.

2. It will be seen that in this I enter another sub-division (might be called "Berhampore") in addition to the three for the Rushikulya works and the Chicacole sub-division, for if the Rushikulya works be carried on as they should be, none of the sub-division officers on them could attend to the requirements of the division elsewhere and certainly the Chicacole sub-division officer could not look after that part of the division lying about and to the north and east of Berhampore, including that military station, Chatrapur, and Gopálpur, with their buildings and works, the Chilka lake canal, &c.

3. Owing to the reduction of the number of sanctioned upper subordinates in the Western division, Godávari, from seven to five (see G.O., No. 913 W., dated 25th March 1887), there will be two clerks, V class, 1st grade, available for transfer to other parts of the circle where required.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following letter from D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 12th March 1886, No. 130 W.:—

I have the honor to forward, for information and orders of Government, notes by Mr. Heaven, Deputy Examiner, of his inspection of the office of the Vizagapatam division.

2. The report is satisfactory.

Enclosure.

Notes of inspection by F. G. HEAVEN, Esq., Deputy Examiner, Public Works Accounts, Madras, of the office of the Executive Engineer, Vizagapatam division, on the 1st March 1886.

The Executive Engineer, T. D. Harris, Esq., and the accountant, P. Venugopal Naidu, were present. The last inspection by an Accounts officer was on the 31st January 1885 (*vide* G.O., No. 322 W., dated 11th February 1885).

2. The disbursers are—

(*a*) The Executive Engineer, drawing on (1) Huzur treasury, (2) Vizianagrum, (3) Bimlipatam, (4) Koraput, (5) Sálúr, (6) Párvatipur, and (7) Sarvasiddhi sub-treasuries.

(*b*) M.R.Ry., T. T. Raghavachariar, temporary Engineer, Vizianagrum sub-division, drawing on (2), (4), (5), and (6).

(*c*) Driver E. Huson, Overseer, Vizagapatam sub-division, drawing on (7), (8) Anakápalle, and (9) Golgonda sub-treasuries.

The pass-book is sent weekly to the treasury, and received back punctually; the balance of drawing account at end of January 1886 was proved correct.

3. Cash accounts are all in very good order; the divisional cash-book is well kept by head clerk and audited by accountant; adjustment book and cash abstract books are very neat. Sub-divisional cash extracts are received thrice monthly, punctually in the case of the Vizagapatam sub-division, but rather late from the Vizianagrum sub-division, and from the latter vouchers do not usually accompany the extract; this should be seen to.

4. Imprests are held by—

	RS.
Mr. F. A. Bellis, Agency Supervisor	500
Gunner W. Lewis, Overseer	500
N. Murugesa Mudaliar, Overseer	300
Mr. E. G. Rose Mayer, temporary Surveyor	50

all under Vizianagrum sub-division; the accounts are in good order, and recoupments frequent, except for the first named (see paragraph 3 of last report).

5. Budget registers and register of liabilities are well kept; there are no discrepancies.

6. Work accounts are in good order: work is done chiefly by piece-work, except maintenance of Potinghy ghât and Police Assistant Superintendent's bungalow at Jeypore, on which daily labor is employed. All piece-work bills are supported by measurement sheets, which should, however, bear the number and page of measurement-book from which they are taken; some recent measurement-books are filed in divisional office, and bear marks of frequent check by the Executive Engineer. Work abstracts are prepared in divisional office; materials at site are frequently verified by sub-divisional officers.

7. Transfers, miscellaneous advances, deposits, tools and plant accounts, call for no special remarks.

8. *Register of buildings.*—The Special Assistant Agent's bungalow at Koraput, estimated cost Rs. 30,470, is not in the register, as it is in the Agent's charge; it is not known whether any rent is recovered or not.

9. Service books are well kept.

10. Audit notes are properly dealt with, and there are no arrears of them or of disallowance lists.

11. The office is in very good order.

Order—dated 15th March 1886, No. 685 W., Public Works.

Communicated to the Superintending Engineer, I Circle.

2. The report is satisfactory.

No. 136.

Read—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 5th May 1882, No. 107 V.Z. :—

I have the honor to enclose letter No. 228, dated 24th April 1882 (to be returned), and to state that I believe it is absolutely necessary that the rule that no unpassed candidate shall draw more than Rs. 19-8-0 should be relaxed in the case of the office establishment required for officers and subordinates stationed on the Potinghy Ghât works.

Enclosure.

From T. D. HARRIS, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, First Circle, Dowlaishweram, dated Waltair, 24th April 1882, No. 228.

I have the honor to bring to your notice that I could not secure the services of duly qualified men for employment as clerks on salaries of Rs. 20 and upwards under officers and subordinates employed on the new Potinghy Ghât.

2. I had lately caused notices to be published in the Vizagapatam and neighbouring District Gazettes of the existing vacancy for a Clerk, IV Class, 3rd Grade; only very few qualified men have applied for the post, and all of them refused to take up the appointment when offered.

3. I have also sent in a notification for a similar vacancy to be published in the *Fort St. George Gazette*, and am not certain any qualified candidate will come in from a distance to serve in a well-known unhealthy locality on so small pay. The transaction of office business of the officers and subordinates on the ghât is much impeded for want of clerks.

4. I therefore request you will be so good as to express the difficulties experienced on this account to the Chief Engineer and obtain the orders of Government to relax the Examination Rules, contained in paragraph 221 of the Code, on behalf of the clerks that may be employed on the new Potinghy Ghât work, a work of such paramount importance and, as you well know, must be treated exceptionally.

No. 137.

Order—dated 29th May 1882, No. 1325 W., Public Works.

The proposal of the Superintending Engineer is sanctioned. The relaxation of rule will apply to the Potinghy Ghât works only.

No. 91 C dated I2th January I887.

M E M O R A N D U M.

The reduced grant for Public Works establishment sanctioned for I887 - 88 having made it impracticable to make any provision in the preliminary issue of the Provincial budget for that year for temporary establishment, Superintending Engineers are requested to give notice to all temporary officers, subordinates and other temporary employes in their respective circles that their services will be dispensed with at the end of February I887. Care should be taken that each individual receives a full month's warning.

2. Upper subordinates of the permanent establishment holding temporary engineerships will revert to their permanent positions on Ist March I887.

3. Further specific orders dispensing with the services of temporary employes will issue hereafter, but Superintending Engineers will consider at once what arrangements can be made to redistribute the permanent establishment, under all heads, in their respective circles, so as to provide in the most efficient manner possible for the conduct of work. Superintending Engineers should be prepared to submit their reports on this subject with the least possible delay when

SIR,

In forwarding herewith a letter in original No. 1025E dated the 5th July 1887, received from the Executive Engineer Ganjam Division, I have the honor to state that I fully concur in the opinion expressed by the Executive Engineer, as regards the insufficiency of the Division office Establishment, and the abolition of the appointment of draftsman sanctioned for the Parlakemidi and therefore submit herewith for sanction a proposition statement in the prescribed form; the extra charge for the additional clerk now applied

applied for, can be met from the saving proposed to be effected by doing away with the appointment of draftsman.

(2) The Salary of the additional clerk now asked for is proposed to be charged to the Estate's Establishment because he will be almost solely employed in the account work connected with the Estate.
