Report that the

As you will probably
visit the St-Joseph College
buildings at Kalyanapur,
I forward the file (in
two parts) in order
that you may see
how the case stands.

The point for imme-
diate consideration appears
to be with respect to the
Tahsildar's Office. Some
time back the Tahsildar's
Cutcherry was in a state
of great disrepair &
the Tahsildar had to
move out of it &
locate his office in
rented premises. The
cutcherry was then
put into thorough order
on an estimate of
Rs 6,700 sanctioned
in G.O. No. 188 W & 231 S.

The work was
completed in 1885.

but the Tahsildar
not ~~be~~ more ~~likely~~
the building. For some
time back, the Cutcherry
has been urgently wanted
as a place of arms ~~for~~
by the Hyderabad Volunteers,
but it has not yet been
given up to them. Very
recently the Rev. Dept
ruled that as there was
likely to be delay in
fitting up the College
buildings for public
offices, there seemed
to be no reason why
the Tahsildar should
continue to occupy
rented premises, &
that he should at
once move back
into his old ~~at~~ Cutcherry.

It now turns out
that the "rented premises"
which the Tahsildar has
been occupying, are
in the College itself,
which is now for-

Prop. 1, & the question
for consideration is now
whether there is any
need for the Tahsildar
to move, seeing that
it is intended to locate
him permanently in
the College -

If the Tahsildar
can remain in the
College there will be
no further obstacle
to surrendering the
old Cutcherry to
the Volunteers.

SIR,

Referring to your footnote dated
 28th August last No 746 Appended
 to memo No 569 Q from the Chief
 Engineer I have the honour to inform
 you that I have recently inspected
 St. Joseph's College buildings at
 Negapatam in company with the
 Executive Engineer

2. The accommodation available is
 more than ample for the requirements
 of the several offices for which space
 is needed and the distribution of rooms
 proposed by Mr Wilks has my
 approval

* 24th Aug 1886.

Approval so far as the Revenue and
Magisterial Departments ^{of the District} are concerned.

3. Accommodation is assigned to the
Town Submagistrate (Deputy Tahsildar)
whose court will be transferred
from the building in which it is now
held.

4. There is a separate building
altogether in the compound in which
the Taluk Cutcherry will be located.

Mr. Wilks and I have arranged how
the space available in this building
is to be distributed: and he is now
preparing a detailed plan showing
the alterations which are necessary
in order to make it into a very
Commodious, wellventilated public
office. The plan when prepared will
be duly forwarded by the Executive
Engineer.

5. As regards the old Taluk
Cutcherry it will not again be
used by the Revenue Department,
and I see no objection to its

being utilized by the Volunteers.

6. I regret the delay in making this
report but I was Compelled to wait for
an opportunity to visit Negapatam
and inspect the buildings. This
did not present itself until
recently.

7. I have now sent the plan and
accompanying papers to the
District Judge.
