

2ND MARCH 1886, No. 551 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Major A. C. SMITH, R.E., Executive Engineer, Nilgiri division, to the Examiner, Public Works Accounts, dated Ootacamund, 6th February 1886, No. 2730.

With reference to paragraph 136 of Mr. MacDonald's report printed with G.O., No. 2950 W., of 9th December 1885, in which he advocates the removal of the boat suspense account from the miscellaneous advance account of one of the Godáviri divisions, I have the honor to inquire whether there would be any objection, from your point of view, to the principle therein enunciated being applied to the public cattle suspense account maintained in this division.

2. My own opinion is that it could be advantageously adopted in this connection.

3. Instead of debiting miscellaneous advances with the monthly expenditure incurred on account of public cattle, and then relieving that head by debiting at a fixed rate the works on which the cattle are employed, I propose to distribute the monthly expenditure direct to the works on which the cattle are employed, and so avoid the necessity of having a separate miscellaneous advance account. Cattle employed by officers and subordinates of the department and private parties could be hired out at a fixed rate, based on the prevailing market rate, and the recoveries on account credited as revenue.

4. As Mr. MacDonald suggests, an administrative account can always be prepared to see whether the cattle are paying or not, although in an exceptional district, like the Nilgiris, it would perhaps be necessary to maintain public cattle, whether they were paying or not.

No. 449 S.E.

Forwarded to the Secretary to Government, Public Works Department, for favor of orders.

2. The undersigned approves of the Executive Engineer's proposal.

11th February 1886.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Mangalore, 24th February 1886, No. 57 E.W.

In returning your endorsement, No. 636 C., of 15th instant, I have the honor to state that I see no objection to the Executive Engineer's proposal to dispense with the suspense accounts in connection with the public cattle maintained in the Nilgiri division.

2ND MARCH 1886, No. 551 W., PUBLIC WORKS.

ORDER—dated 2nd March 1886, No. 551 W., Public Works.

The proposals of the Executive Engineer, Nilgiri division, are sanctioned.

SIR,

I have the honor to inform you that I have received from the Nilgiri Division an Estimate amounting to Rs 9,000, under tools and plant, for the dep-keep of cattle in that Division; but the current year's allotment in the Budget under Tools and Plant to that Division is Rs 5,000 only.

2 With reference to paras 267 and 1662 of the P. W. Code, I have therefore to forward the above estimate of Rs 9,000 for your sanction, and to request you will be so good as to allot a further sum of Rs 5,000 under

under tools and plant to meet this
estimate and other petty items in that
Division.

3. A duplicate abstract of the Esti-
