be required

draftsman is entirely
in the Subly's gift,
it would be an ~~of~~

prerogative to insist on his
fixing Singapore's head a
hundred on the post.

The S. E. notes that he finds it impossible to fill up the draftsmen's place in his office anticipatorily - so long as he can offer only a temporary substitute.

Singaravelu Mudali
was appointed to the relief

lien on his permanent
appointment.

The temporary employment
lasting an indefinite time.
There are only two alternatives
open
either to make him a
permanent Overseer which
would entail his meeting
the best conditions & the same
in a number of other
instances
or the present arrangement
which though acknowledged
to be inconvenient is the
only one under all
circumstances practicable
as long as this is a temporary
establishment

But.
The first alternative
is not feasible, as there are
no vacancies in the per-
manent establishment.
With respect to the
second alternative,

of the Department to obtain the
services of men with sound
practical experience, to give
such men a chance of
being permanently appointed
to the Upper Subordinate
Establishment.

To make an exception
in the case of C. Sagaravelu
would be a great hardship
to the man, and it is proposed
therefore to ask the Suptg
Engineer to reconsider his
determination, as the
interests of the Department
necessitate such appointments

It is desirable the
draftsman have a
lien but the probable
time it will take to get
him permanently appointed

to be kept as an Overseer
lien to be ascertained
& mentioned to the

SIR,

Enclosures.

With reference to your Memorandum No. 1574 C dated 2nd October 1884, I have the honor to state that if Singaravelu Moody is to have a lien on his substantive appointment as long as he remains temporary overser which may be for an indefinite period, it will be impossible for me to fill up his place in my Office satisfactorily, as no one is willing to take up the appointment temporarily.

2. Section 75 of the Civil Pension Code rules that "If an Officer on permanent Establishment is detached on temporary duty on the understanding that when the temporary duty ceases he will return to the Permanent Establishment, he counts his

"detached service" and I am not aware whether
Singaravulu Mood's appointment as
temporary Overseer was ordered on such
an understanding. I consider that he should
only be allowed a lien till December and
that then, should he not desire to retain
his place as Draftsman in my Office, it
should be filled up permanently.

From

The Executive Engineer of Nellore

To

The Examiner of
Public Works

Sir,

- I have the honor to reg^d favor of your opinion regard^d Service of Overseer C. Singaraivalucllu whose case stands as follows:
1. He was transgressed to this Division in August 1885 as a Temporary with a lien on his Substantive position of Draughtsman in the office of the Superintending Engr^r II Circle Bellary.
 2. He was transgressed to this Division in August 1885 as a Temporary with a lien on his Substantive position of Draughtsman in the office of the Superintending Engr^r II Circle Bellary.
 3. The Superintending Engr^r allowed him a lien till 1885 and asked him to remain in his temporary appointment as Overseer elected to remain temporary appointment.
 4. He was brought on to the

Establishment as Overseer 3rd Grade
from 1st April 1886. He held thus
the post of temporary Overseer for
3 months from 1st January 1886 to
end of March 1886 without a lien
on any substantive appointment.

I think that, as he has been
brought on to the permanent Establish-
ment without any interruption in
service, his past service as —

draughtsman on the permanent
Establishment will not in any way
be affected but as I do not find
any definite ruling in the Civil
Pension Code, I request you will
be good enough to throw light in
the matter.

Most Honored Sir

With reference to the Examiner
of Public Works Accounts Office No. 220 S.E.
2nd Circle of 12th Instant (which was
communicated to me for information)
stating that as I was not permitted
to retain a lien on my substantive
appointment from 1st January 1886,
I forfeited all my services prior to

to that date for pension, and I count
my service for pension afresh from 1st
April 1886 the date on which I was
brought on to the permanent strength
of the upper subordinate Establishment.
I most humbly beg to submit the
following facts with a sanguine hope
that they will receive the Chief
Engineers favorable Consideration.

2

I beg to state that I was first
taken on to the P. W. D. in April 1883
as a Draftsman in the Office of the
Supg Engineer 3rd Circle. Subsequently
in January 1884 the S.E. (Major Clark
R.E.) brought me to the notice of the
Chief Engineer for an Overseership, who
was pleased to reply that my name
would be noted in his Office and my
Claims Considered as chances occurred.

3

In January 1885 while I was
a Draftsman in the 3rd Circle Office

Office I was made by the Supg Engineer to act for a 1st grade Sub-Overseer with a lien on my permanent appointment of Draftsman. Here I beg to submit that if I had continued in that app'tt. I might have been holding it with my usual lien till March 1886 at least (from January 1st to March 31st of 1886, being the period when the lien was refused) as the permanent incumbent had not, even after that date, returned from his other duties.

4

C Es Memo
No 2236 of 5.2.85
2236

Then I beg to represent that in Feb/85 I was appointed by the Chief Engineer in accordance with the promise made, perhaps, a temporary Overseer on Rs 80 per mensem and was engaged on Relief works Bellary District. About 6 months afterwards, just at the close of the Relief works

works I was again appointed in
August 1885 as temporary Overseer
on Rs 80 and posted to the 2nd Circle
for duties. In obedience to this I
proceeded to the 2nd Circle, and very
soon afterwards, even before I joined

received a Memo from the S. E. 3rd Circle
(Chol Vilhart. R. E.) to say that I
should either resign my permanent
appointment of Draftsman in his
Office, or revert to it before December 1885.
A reply to this would have materially
involved me in intricate difficulties,
and I therefore submitted my Case
to the Chief Engineer with a hope
that a further lien on my substantive
appointment might be granted me.

In Conclusion I beg to submit

leave to enable me to join my appoint-
ment was refused and the permanent
appointment was filled up though
I expressed my willingness to revert
to it) still I was all along serving
the Government in one capacity or
other till April 1886 when I was
brought on to the permanent strength,
and in consideration of these I most
humbly beg that the Chief Engineer
will take a lenient consideration
of my unhappy case and Candore
