Superintending Engineer's Office 2^d Circle

10th September 1887

From

J. W. Randall Esquire
Superintending Engineer 2^d Circle

To

The Chief Engineer
Public Works Department

Madras

Sir

Mr Vincent, Executive Engineer in charge of the Buckingham Canal, never having seen the Krishna and Godavari Works, requests permission to make a trip from Pedda Ganjam to Cocanada about the end of this month, when he thinks he will be able to leave his work for a few days, and to return direct to Madras by Steamer.

2. I think an inspection of the Krishna and Godavari Works is likely to prove useful to Mr Vincent in carrying out his own work, and therefore beg to recommend that the trip be sanctioned.

I have the honor to be
Your Most Obedt. Servant
J. W. Randall
Superintending Engineer 2^d Circle
