27TH SEPTEMBER 1887, No. 2565 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 27th August 1887, No. 217 V.Z.:—

With reference to your telegram, dated the 24th instant, I have the honor to inform you that, on a reference made from this office, the Executive Engineer, Vizagapatam Division, states that Mr. Harris appeared in good health when he joined, but after being on the Koraput road works for about three weeks, on going before the Surgeon at Vizianagram, the certificate herewith enclosed (to be returned) is what was given to him.

2. I would recommend, under the circumstances, an extension of the period for furnishing the health certificate may be granted to Mr. Harris.

Office note from Major C. H. P. CHRISTIE, R.E., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 20th September 1887, No. 556.

The extension of time applied for might perhaps be allowed on the understanding that Mr. Harris' service will not be considered as qualifying for pension unless, at the end of the time allowed, he produces a satisfactory certificate.

2. This case suggests the expediency of insisting more fully upon compliance with the rule of the Civil Pension Code, section 106, that the health certificate must be annexed to the first pay bill submitted. Madras Public Works Code, paragraph 50, allows a latitude which is apparently not contemplated by the Civil Pension Code, but in this it follows the Government of India Code, chapter IV, paragraph 11.

ORDER—dated 27th September 1887, No. 2565 W., Public Works.

The extension of time applied for is granted.

2. The attention of all officers is again drawn to section 106 of the Civil Pension Code, which directs that a health certificate should be attached to the first pay bill of any person appointed to the superior establishment.
