6th January 1879, No. 22 W.

Civil Works.

Read the following paper:—

No. 46. From J. W. RUNDALL, Esq., District Engineer, Bellary, to the Chief Engineer, Public Works Department, Buildings and Roads, dated Bellary, 2nd October 1878, No. 2,735.

I HAVE the honor to forward, for the sanction of Government, an estimate of Rupees 12,680 accompanied by a plan and report for constructing a Sub-Magistrate's Cutcherry with out-houses at Sirgoopah, Bellary Division.

2. The plan has been prepared on the standard design of 1871 with a view to utilize the foundations and part of basement built in 1869 at an outlay of Rupees 1,076-3-3. The out-houses are in accordance with the standard designs circulated with G.O., No. 1,014, dated 20th April 1874.

3. With the approval of the Inspector-General of Police provision is made in the estimate for fixing barred doors and windows to the Police room instead of the plain venetian doors according to the standard designs. This arrangement is considered necessary in order to afford more security to the Police portion of the building as reported in my letter, No. 5,343, dated 28th February 1878.

4. A site plan of the building is enclosed. The land has been acquired and compensation for the same was settled in 1873.

5. This building is entered in the list printed with G.O., No. 1,691, dated 24th June 1874, of buildings to be constructed for the Revenue Department.

No. 47. ORDER THEREON, 6th January 1879, No. 22 W.

THE plan and estimate of Rupees 12,680 for constructing a Sub-Magistrate's Cutcherry with out-houses at Sirgoopah, in the Bellary Division, are sanctioned.

2. No funds are at present available for the work.

3. This sanction has been registered as Provincial No. 171 B of 1878-79.
