GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from H. FARRER, Esq., Postmaster-General, Madras, to the Secretary to Government, Public Works Department, dated Madras, 13th September 1887, No. 10342/72 and 440:—

I have the honor to forward herewith copy of a communication, No. 1747, dated 12th September 1887, from the Station Staff Officer, Vellore, to the Superintendent of Post Offices, Presidency Division, and request that Government will be pleased to accord sanction to the transfer of the building at present occupied by the Pension and Family Payment office to the Postal Department for the use of the Combined Post and Telegraph office at that station. It is intended that the work of the Telegraph office at Vellore should be conducted by this department with effect from the 1st proximo. The Post office at Vellore is held in a building which is borne on the books of the Public Works Department. As this building is too small for a combined office, it will be made over to the Superintending Engineer, V Circle, should Government sanction the proposal I now make.

2. The Pension and Family Payment office can be removed into the building in which the present Telegraph office is held, and which will be vacated when the combined office is opened. The Chief Superintendent of Telegraphs, Madras Division, has consented to this arrangement; but I understand that the proper course will be for the Telegraph Department simply to place the building at the disposal of the Public Works Department.

3. I should esteem it a great favor if early orders could be passed on this subject.

ORDER—dated 28th September 1887, No. 2572 W., Public Works.

The proposals contained in the foregoing letter are sanctioned.
