while the budget grant for minor works amounts to only Rs. 20,987. The statements received from the Superintending Engineers, IV and V Circles include large demands on account of works which should have been brought forward in their budget estimates; but as many of these works are in progress and cannot with advantage be postponed, a sum of Rs. 26,021 will be transferred from the grant for repairs to enable funds to be provided for them. The available grant for original works will then be Rs. 47,008. Of this amount, Rs. 36,411 for incomplete works and Rs. 1,224 for a new work which has been already sanctioned for immediate execution—vide G.O., No. 1111 W., dated 23rd April 1887, are now allotted, and the balance, Rs. 9,373, is placed in lump sum at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds for such works only as are emergent.

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

The budget provision of Rs. 3,00,000 for repairs will therefore, including the transfer to original works sanctioned in paragraph 2 above, be reduced to Rs. 2,72,149. The demands under repairs and the allotments sanctioned against them are shown in statement A. If the allotment to the Presidency division be found insufficient, the Superintending Engineer, V Circle, will apply for a further grant later in the year.

The budget provision of Rs. 6,000 for minor works, telegraphs, has therefore been placed at the disposal of the Director-General of Telegraphs, to whom application should be made for funds required during the year.

DOWLAISHWERAM,
8th June 1887.

ORDER—dated 6th July 1887, No. 1797 W., Public Works.

With his letter recorded above, the Superintending Engineer, I Circle, submits a supplemental statement of demands for incomplete and minor new works and for repairs in the Vizagapatam division.

2. The demands under Military, Original Works, are all for uncommenced new works, and, as funds are not available with the Government, no provision can be made for them.

3. The demand under Military, Repairs, is Rs. 3,500. A sum of Rs. 2,000 has been allotted for the purpose in G.O., No. 1617 W., dated 15th June 1887, and, if additional funds are required, the Superintending Engineer will apply for the same later in the year.

4. The Superintending Engineer will apply to the Director-General of Post Offices for funds required under Minor Works, Postal.

5. The demand under Postal, Repairs, is Rs. 500. A sum of Rs. 300 has been allotted in G.O., No. 1617 W., dated 15th June 1887, and no funds are now available to supplement that grant.

6. The demand under Telegraph, Repairs, is Rs. 800, and, as Rs. 500 have been already allotted, the difference, Rs. 300, is appropriated from the reserve with the Government under that head.

7. Rs. 500 for Provincial, Minor Works, Civil Buildings, and Rs. 1,000 for purchasing a building at Russellkonda for use as an office for the General Deputy Collector have been appropriated in G.O., No. 1667 W., dated 21st June 1887.

8. A sum of Rs. 5,000 was allotted to the division under Provincial, Civil Buildings, Repairs, in G.O., No. 1667 W., dated 21st June 1887; but, as the demand is Rs. 2,000 only, the difference, Rs. 3,000, is resumed and credited to the Provincial reserve with the Government.

9. Rs. 6,211 have been allotted to the division under Provincial, Communications, Repairs (*vide* G.O., No. 1667 W., dated 21st June 1887). The Superintending Engineer will apply later in the year if additional funds are necessary.

10. The demand under Tools and Plant is Rs. 4,000. The allotment sanctioned for the purpose in G.O., No. 1667 W., dated 21st June 1887, is Rs. 1,000. The difference cannot be allotted at present, as no funds are available.

11. As regards other demands under Provincial, the Government regret that funds are not available at present. If feasible, the Superintending Engineer will propose re-appropriations from the grants for other works.
