Endorsement from the Public Works Dept., dated 26th July 1886, No. 444-D.

ORDER—dated 9th August 1886, No. 173, Ecclesiastical.

In 1885, the authorities of the Basel Mission at Cannanore drew the attention of Government to the fact that since 1848 they had been supplying the services of religion and church accommodation to an average number of 63 officers and men of the several British regiments from time to time quartered in that station without making any charge or receiving any grant; but that they had lately incurred heavy expenses in rebuilding their church, and they solicited aid from Government. The Provincial Commander-in-Chief, to whom the papers were referred for remarks, stated that the good work of the Mission among the troops was acknowledged, and considered that the grant sought might be made. The Mission's request was also strongly supported by the Collector of Malabar, and the Government accordingly resolved to call for the necessary valuation of the accommodation provided and the required certificate from the officer commanding the station. These have now been submitted, and show that the compensation payable to the Mission under Rules XXVIII to XXXIII, Part IV of the rules laid down in Government of India Notification, No. 103, dated 20th June 1885, amounts to Rs. 316-8-0 for the year 1885-86. The Basel Mission belonging to the Presbyterian denomination falls within the purview of Army Regulations, India, Volume I, Part I, Article III-B, and the sanction of the Government of India will therefore be requested to disburse the above grant for 1885-86, the grant in future years being subject to the conditions required by Rule XXXI of the rules.

I am not sure if this draft order is quite correct. Very likely the amount sanctioned in G.O. No 1776 W. dated 4<sup>th</sup> July 1887 may have already been paid to the Ministers of the Basel Mission at Cannanore, if it has been paid, how are we to recover any portion of the amount in case the Supgrge revises the statement and lowers the amount of the bill?

Sir,

I have the honor to forward to you enclosed, a bill for compensation for sittings provided for British soldiers in the Basel Mission Church at Cannanore during the year 1886 with an abstract statement of attendance for the year

The delay in the submission of the bill was caused by my thinking that the bill should be for the official year; but now I see that it should be for the calendar year, therefore I request you to excuse the same.

The

Wilson

The abstract statement  
of attendance for the first half of the  
year is only a probable one, as I was not  
in the habit of keeping a register of at-  
-tendance as explained to you in my letter  
of the 19<sup>th</sup> July 1886. But the figures for  
the second half of the year are quite  
accurate.

And I have the honor to request you  
to pass the bill at your earliest convenience

The claim referred to me with your O.N. No. 1105 C. dated 22nd. March 1887, was a slightly different claim though for the same church.

2. On further examination of the statement now submitted, it appears that the attendance has been wrongly calculated, the highest numbers having been taken on different days for different classes, instead of the highest number of all classes on some one day (i.e. the highest attendance at any one service), which is not authorized by Rule XXIX, Appendix D, Section IV of the Code; and the figures of attendance for "Officers" and "women" are taken from a period for which there is admittedly no record.
