GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 23rd September 1887, No. 3439 A.:—

Referring to Public Works Department O.G., No. 2370 W., of 3rd September 1887 (Military Department No. 5716, of 16th idem), I am desired to state that the Commander-in-Chief considers that expenditure on items 6 and 12 of works in the Nilgiri division therein shown are unnecessary, the former in consequence of the early construction of a new magazine for the British Infantry at Wellington, and the latter as the building at present at the disposal of the officers as a mess has been so placed purely as a temporary arrangement.

2. His Excellency therefore desires me to solicit the sanction of Government to the sum of Rs. 743, representing the allotment for these works, being transferred to the Eastern district for minor works in that command, where a demand for funds may be expected at once on account of the wash-house and latrine subsidiary to the new Royal Artillery barracks provided in Fort St. George (plans and estimates for which have not yet been received), in the event of the special allotment proposed to be asked for for these and similar works (Proceedings of Government, No. 5643, of 14th September 1887) not being obtained from the Government of India.

No. 5975, Military.

Transferred to the Public Works Department for favor of necessary action.

(By Order.)

OOTACAMUND,
29th September 1887.

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 10th October 1887, No. 2645 W., Public Works.

A sum of Rs. 743 is resumed from the current year's allotment to the Nilgiri division under Imperial Military Minor Works, and placed at the disposal of the Officer Commanding the Eastern district.

ORDER—dated 15th June 1887, No. 1617 W., Public Works.

With the papers recorded above, the Superintending Engineers and the Consulting Architect submit statements of demands on account of incomplete and minor new works, and for repairs under Imperial Military and Civil Works.

2. Under Imperial Military the demands for original works amount to—

	Rs.
Minor works, lump sums	28,355
New works, minor	20,408
Do. major	16,208
Incomplete minor works	6,239
Do. major works	60,241
Total	1,31,451

while the budget grant for minor works amounts to only Rs. 20,987. The statements received from the Superintending Engineers, IV and V Circles include large demands on account of works which should have been brought forward in their budget estimates; but as many of these works are in progress and cannot with advantage be postponed, a sum of Rs. 26,021 will be transferred from the grant for repairs to enable funds to be provided for them. The available grant for original works will then be Rs. 47,008. Of this amount, Rs. 36,411 for incomplete works and Rs. 1,224 for a new work which has been already sanctioned for immediate execution—vide G.O., No. 1111 W., dated 23rd April 1887, are now allotted, and the balance, Rs. 9,373, is placed in lump sum at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds for such works only as are emergent.

3. The rate of percentage charge for general tools and plant having been increased from 1 to 1½ per cent.—vide G.O., No. 881 W., dated 23rd March 1887, the provision required to meet the adjustment of the contribution at the higher rate has been made by reducing rateably the budget grants for repairs, and establishment. The budget grants will in consequence stand as shown below :—

	Rs.
Original works	1,42,600
Repairs	2,98,170
Establishment	4,40,770
Tools and plant	1,02,630
	6,800
Total	5,50,000

The budget provision of Rs. 3,00,000 for repairs will therefore, including the transfer to original works sanctioned in paragraph 2 above, be reduced to Rs. 2,72,149. The demands under repairs and the allotments sanctioned against them are shown in statement A. If the allotment to the Presidency division be found insufficient, the Superintending Engineer, V Circle, will apply for a further grant later in the year.

4. Under Imperial Civil Works the demands against original works, postal, amount to—

	Rs.
For minor works, lump sum	1,630
For incomplete major works	2,129
Total	3,759

The budget provision for postal minor works is Rs. 10,000. Of this, a sum of Rs. 2,129 has been allotted for completing the new Post office at Anantapur, and the balance, Rs. 7,871, is placed at the disposal of the Director-General of Post Offices, who will allot the required funds for works to be undertaken during the year.

5. The demands against original works, telegraphs, amount to Rs. 1,046 for incomplete minor works; but as the demand in each case is within Rs. 500, no appropriation is necessary under code paragraph 1008, part III. The budget provision of Rs. 6,000 for minor works, telegraphs, has therefore been placed at the disposal of the Director-General of Telegraphs, to whom application should be made for funds required during the year.

6. Under Imperial Civil Works the provision required to meet the adjustment of the contribution on account of general tools and plant at the higher rate sanctioned by the Government of India will be met by reducing the amount reserved in the budget for telegraph repairs, and the budget grant will, in consequence, be altered as shown below :—

	Rs.
Original works ... { Postal	10,000
... { Telegraph	8,000
Repairs ... { Postal	8,000
... { Telegraph	3,300
Establishment	9,190
Tools and plant	405
Total	33,500

7. The demands under Repairs, Postal and Telegraph, and the allotments sanctioned against them, are shown in statement A.

8. The statement received from the Superintending Engineer, I Circle, does not include demands for works in the Vizagapatam division. To avoid delay, allotments

have been made to the extent sanctioned in the last official year for repairs under Military and Civil Works, and the Superintending Engineer will apply separately if funds are required for incomplete works.

READ—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 23rd July 1887, No. 2598 A. :—

The Commander-in-Chief has observed that, though in paragraph 4 of G.O., No. 3326 W., dated 17th December 1886 (M.D., No. 116, dated 8th January 1887), Government noted its intention of asking the Government of India to renew such portion as remained unspent of its special grant of 1886-87 for works connected with the provision of increased accommodation for British troops, the order No. 1160 W., dated 28th April 1887 (M.D., No. 2867, dated 16th May 1887), in the final issue of the budget for 1887-88 contains no reference to this renewal, and that, in the case of the estimate for alterations to the north and south barracks, St. Thomas' Mount, the Government in the Public Works Department ordered (1735 W., dated 29th June 1887) that the Superintending Engineer should apply to the General officer commanding Eastern district for the requisite funds.

2. His Excellency therefore concludes that the special grant in question was not renewed, and he accordingly thinks it incumbent on him to represent to Government the impossibility of drawing upon the ordinary grants for the year to meet such extraordinary demands, as those in connection with the provision of extra accommodation, which at present are represented by the works marginally noted.

New latrine.	} Estimates
New wash-house for new R. A. barrack in Fort St. George.	
Alterations to barracks, St. Thomas' Mount	Rs. 835.
Proceedings of Government, No. 4146, dated 13th July 1887.	

3. Sir C. Arbuthnot trusts that the small sums required to provide for the works in question, which are urgent ones and ought to be executed as soon as possible, may not be required to be found from the already reduced minor works

grant for the year, which, as shown in this office letter, No. 2492 A., dated 16th instant, is already too small for requirements.

No. 4538, Military.

Transferred to the Public Works Department for favorable consideration, in continuation of Military Department No. 4305, dated 18th July 1887.

(By Order.)

ORDER—dated 22nd August 1887, No. 2253 W., Public Works.

In paragraph 2 of the Quartermaster-General's letter, recorded in G.O., No. 1981 W., dated 25th July 1887, it was intimated that a sum of Rs. 835 had been

provided for improvements to the north and south barracks at St. Thomas' Mount. For the new latrine and wash-house required for the Royal Artillery in Fort. St. George. estimates have not yet been received, and the Superintending Engineer, V Circle, will be requested to expedite their submission. Until the estimated cost of these works is known, it will not be desirable to apply to the Government of India for a special allotment of funds.

QUARTER MASTER GENERAL,

To

THE SECRETARY TO GOVERNMENT,

MILITARY DEPARTMENT.

SIR,

Referring to P.W. O.G. No. 2270 W of 3rd September 1887 from D. No. 5716 of 16th Idam I am desirous to state that the Commander in Chief considers that expenditure on items 6 and 12 of works in the Nilgiri Division therein shown, are unnecessary, the former in consequence of the early construction of a new magazine for the British Infantry at Wellington and the latter as the building at present at

the disposal of the Officers as a measure,
has been so placed purely as a
temporary arrangement.

2. His Excellency therefore desires
me to solicit the sanction of Govern-
ment to the sum of Rs. 743/-
representing the allotment for these
works, being transferred to the Eastern
District for Minor Works in that
Command, where a demand for
funds may be expected at once on
account of the Wash house and
latrine subsidiary to the new R. A.
Barracks provided in Fort Saint
George, (plans and estimates for
which have not yet been received),
and the extent of the special allotment
proposed to be asked for for these and
