With reference to the orders of Government No. 2293 N dated 25 August 1887 on the statement of objectionable items for May 1887 items 11 to 15, I have the honor to state that it has been hitherto the practice in the Bellary Division to supply and repair punkahs by this Department at the request of the Military Authorities, vide para 3 of G.O. No. 1653 N dated 22 July 1884. The Examiner of P.W. accounts has only lately pointed out that the procedure was irregular, and the Executive Engineer has been accordingly instructed not to undertake such works in future.

I have the honor to be
