PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings

of the Board of Revenue (Land Revenue) dated 23rd Augt. 1887 No. 2694 on the following Revenue Department, dated 4th

August 1887 No. 4549 inis on the Proc of the P. W. D. of 23 July 1887 No 1975 W.

Communicated to the Commissioners of Land Revenue with reference to para 4 of their Proceedings, dated 22nd Jan'y 1887, No. 95.

Resolution Communicated to the Collector of Ganjam.

2. The Board observe that the land referred to appears to have been taken possession of by the Public Works Department before the date of the Tahildar's letter intimating permission to

occupy

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 22nd January 1887, No. 95:—

Read—the following letter from E. J. SEWELL, Esq., Acting Collector of Ganjam, to the Secretary to the Board of Revenue, dated Chatrapur, 31st December 1886, No. 5326:—

I have the honor to submit herewith two statements of compensation (Nos. I and II) for lands taken up for public purposes for the first half-year ending with 30th June 1886.

2. *Statement No. I.*—The following is the abstract of the work done during the half-year:—

	ACRES.
Extent of land pending transfer at the end of the previous half-year as per last half-year's statement	334 39
Add difference between the approximate area entered in the last half-yearly statements and the correct area subsequently ascertained by actual measurement	16 84
Total extent of land pending transfer at the beginning of the half-year	351 23
Extent of land applied for during the half-year	724 75
Total	1,075 98
Extent of land transferred during the half-year	312 34
Balance remaining to be transferred at the end of the half-year	763 64

3. Of the land transferred to the Public Works Department, viz., 312.34 acres, 308.90 acres were transferred on account of the Rushikulya project, 76 cents for Narappabatte in the Berhampore taluk, 50 cents for channels to be dug through Voddabada lands to irrigate Kakrapalli lands, Chicacole taluk, and 2.18 acres for widening the head of the Wadada channel in the same taluk.

4. The delay in the transfer of the remaining land is explained in statement No. I.

5. *Statement No. II.*—It will be seen from the statement that 369 cases with an area of 1,413.2 acres were pending at the beginning of the half-year; but in the statement No. II submitted for the previous half-year, 363 cases with an area of 1,404.11 acres were entered as pending at the end of the half-year. This difference is accounted for by the Temporary Deputy Collector as follows:—

Number of cases (persons).	Extent. ACS.
4	... In the last half-yearly statement the aghaharam of Ghodapangudi and the Mokhasa village of Cheddabhummi (items Nos. 41 and 123 of the last half-yearly statement) were entered as belonging to one person each, whereas on subsequent information it has been found that they belong to 2 and 4 persons, respectively (<i>vide</i> items Nos. 32 and 64 of this half-yearly statement).
2	8.91 <i>Vide</i> items Nos. 80 and 91. This land is shown in the dirott registers as waste and poramboke and was therefore transferred to Public Works Department in 1884, but subsequent accounts having shown that the land was held on putta, it is now included under balance.
Total ... 6	8.91

Thus 369 cases with an area of 1,413.2 acres were pending at the beginning of the half-year and 124 cases with an area of 246.65 acres were received during the half-year, making a total of 493 cases with an area of 1,659.67 acres. Of these, 85 cases with an area of 532.0 acres were disposed of, leaving a balance of 408 cases with an area of 1,127.67 acres due to the following reasons:—

	ACS.
(a) Land for which compensation has not yet been settled owing to the non-appearance of parties in spite of notices issued to them.	67.6
(b) Land for which reference has been made to the District Court for determination of compensation	80.10
(c) Land relating to service inams. In some cases the delay is due to the fact that harvest time (December) has to be awaited at the request of parties in order to ascertain the income from the land. In other cases the parties applied for fresh grant of lands for which reference has been made to the Tahsildar of Goomsur.	329.18
(d) Land belonging to village artizans. The Temporary Deputy Collector reports that the assignment of land revenue being a tedious task, it could not have been taken within the current half-year	124.82
(e) Land for which compensation has been settled (<i>vide</i> column 12 of statement)	521.91
(f) Land taken up for Nandiko channel, Berhampore taluk, and for which compensation will be paid on the execution of sale-deeds by the parties concerned	0.35
(g) Land taken up for police huts for which compensation has been settled, but not yet paid owing to the non-attendance of parties.	0.81
(h) Land taken up in Yekasingi, Berhampore taluk, for Narappa-batte, for which compensation has been settled by the Tahsildar who has submitted statements to the Collector	0.76
(k) Land taken up for channels to be dug on Voddabada lands to irrigate Kakrapalli lands. The compensation has been settled by the Principal Assistant Collector, but it being very high the matter has again been referred to him	0.50
(l) Land taken up for widening the head of the Wadada channel for which compensation is being settled	2.18
Total	1,127.67

Items (a) to (e) appertain to the Rushikulya project. In addition to the land shown in column 6 of the statement, 65.69 acres, which is Government waste and poramboke, has been transferred to Public Works Department and included in column 6 of statement No. I (*vide* Board's Proceedings, dated 17th April 1884, No. 1301).

6. The following is the abstract of work done under Rushikulya works by the Temporary Deputy Collector from the commencement in 1884 up to the end of 30th June 1886:—

	ACS.
1. Extent of land applied for	10,218.82
2. Do. transferred to Public Works Department	9,455.18
3. Balance at the end of June 1886	763.64
4. Extent of land for which compensation was due	5,755.44
5. Do. do. do. has been paid	4,632.37
6. Balance at the end of June 1886	1,123.7

7. I beg to add that the Board's Proceedings, dated 4th November 1886, No. 2405, stating that these half-yearly returns should give some additional information, was received just when the general returns for the district for the last half-year were being prepared. The papers in this office have been referred to in order to see whether the additional information required can be had from them without reference to divisional officers, &c., but I find that it is necessary to call for it.

8. The officers concerned have been requested to furnish it, and revised returns will be submitted when the additional information called for has been received.

ENCLOSURES Nos. 1 AND 2.—Compensation statements.

Resolution—dated 22nd January 1887, No. 95.

Statement No. I.—The extent of land applied for was 1,075.98 acres, of which 312.34 acres were transferred within the half-year to the departments concerned. In the first two cases, applications made in 1884 for 86.2 acres are still pending, and it is not known what portion of the remarks at the foot of the statement refers to these cases.

2. Statement No. II.—The total number of claims for disposal was 493, of which only 85 were disposed of in the course of the half-year. The disposal of the pending cases should be expedited.

3. These statements which were due in July last were received only in this month, and no explanation is offered of the delay of nearly six months in their submission. Remarks are not recorded against each case explanatory of the delay in its disposal, but some general remarks are entered at the foot of the statements. This makes it difficult to trace the steps taken in the older cases.

4. In one case (No. 96 in statement II and No. 16 in statement I) land has been taken up by the Public Works Department without reference to the Revenue authorities.

5. The Collector will be careful to guard against a repetition of such faults in the next statement.

(A true Copy and Extract.)

(Signed) M. HAMMICK,
Acting Secretary.

To the Secretary to Government, Revenue Department,
with two compensation statements to be returned.
„ the Collector of Ganjam.

ORDER—dated 28th February 1887, No. 217, Revenue.

Miscellaneous.

Recorded.

2. Explanation should be obtained of the delay noticed in paragraph 3 of the Board's Proceedings.

3. Paragraph 4 will receive notice in the Public Works Department.

(True Extract.)
