SIR,

I am directed to request that the annual schedule of requirements for Imperial Civil Buildings, Roads and Services may be submitted in future in the accompanying form. It would be convenient if the schedule could be submitted in print; but if this is likely to delay the submission of the statement it should be sent forward in manuscript.

2. The schedule for the ensuing official year is due on the 10th proximo*, and I am to request that endeavours may be made to despatch the statement so as to reach this Office within the prescribed date.

3. I am also to request that the budget programme for the ensuing year may be carefully considered, and only such works included therein as are found to be absolutely necessary; as it is likely that the funds which will be placed at the disposal of this Department for expenditure next year will be limited. Special care should be taken to provide for unfinished works of current year likely to be in progress during the coming year.

I have the honor to be,

Your most obedient servant,
