READ—the following paper:—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 11th July 1887, No. 3389.

I have the honor to forward a letter from the Superintendent of Police, Tanjore,

1. Letter, No. 46, dated 1st March 1887, from the Superintendent of Police, to Inspector-General of Police.
2. Demi-official, dated 20th December 1886, from Sub-divisional officer, to the Superintendent of Police.

6. Estimate for Rs. 160 for repairs.
7. " for " 310 for improvements.
- 8 & 9. Reports.

regarding an offer for sale for Rs. 5,750, by Messrs. Rajaram Rao and Brothers, of the building, with out-houses and a compound, measuring 600 gulies, now rented at Rs. 50 a-month for the Police office at Tanjore.

2. The Public Works Department sub-divisional officer who inspected the building says that it is a two-storied brick-in-chunam building, and that the offer is very reasonable. He values the building, &c., at Rs. 6,441, and estimates the cost of repairs and improvements at Rs. 470, which seems to be moderate.

3. I recommend the purchase, and request that an early appropriation of funds may be made from the reserve at the disposal of Government.

ENCLOSURE.

From F. J. BAGSHAW, Esq., Superintendent of Police, Tanjore, to the Inspector-General of Police, Madras, dated Tanjore, 1st March 1887, No. 46.

Regarding the purchase by Government proposed by you at your recent visit of the buildings and land in Tanjore at present occupied by our Police office, and with reference to your demi-official letter, dated 10th January 1887, I have the honor to inform you that I have been in communication with Messrs. Rajaram Rao and Brothers, and have, at last, agreed to purchase, if sanctioned, the buildings and land in question for Rs. 5,750, their price asked being Rs. 6,000. A sum of Rs. 10,000 has been, from year to year, entered in our building estimate for a new head-quarter office. By the purchase of these buildings and land (already adapted to our purposes), we should save Rs. 4,250 and a yearly rental of Rs. 600. I enclose a plan of the land, &c., and a demi-official from Mr. Foord, Executive Engineer, Public Works Department, who kindly looked over the buildings with me. If permitted, I will request the District Engineer, Mr. Smith, to have a thorough valuation made, and estimate prepared for putting all the buildings in a thorough state of repair.

2. I beg to request early instructions in this matter, as I wish to get the work, if sanctioned, included in next year's building estimate.

The Superintendent should be requested to obtain and forward an accurate valuation of the building, and estimate for putting it into thorough repair.

No. 460 T.J.

Report by the Superintending Engineer, VI Circle, on the estimate for constructing the District Munsif's Court at Tiruvalur, in Tanjore District, Rs. 12,500.

This estimate was called for in G.O., No. 418 W., of 21st February 1885, but the type design for the tiled roof was not received until November 1885. There was a difficulty in deciding on a satisfactory site as palace ground had to be taken, and the receiver wished to avoid the loss of trees, &c., on the garden. When this was settled and the estimate prepared, the design was ordered to be revised, and the submission of the estimate had to be postponed until the receipt of the revised design, which was only received on the 18th May 1887.

2. The estimate is prepared in accordance with the standard plan circulated with G.O., No. 1098 W., dated 21st April 1887.

3. The site was approved by the Collector. The soil is soft and the foundation is made 6 feet deep, viz., 1½ feet concrete and 4½ feet masonry. Rupees 1,073, as sanctioned in G.O., No. 758 W. of 11th March 1887, is entered in the estimate as compensation for the land.

4. The only deviation made from the schedule of quantities circulated with G.O., No. 1098 W., dated 21st April 1887, is the substitution of granite concrete with Portland cement plaster for 8 feet square pavement brick flooring, as the latter has always proved unsatisfactory and the former has been found successful elsewhere.

5. Provision for a muntapam and a latrine had been made in the type design now cancelled, but they are not included in the revised design and therefore no provision for them is made in the estimate. If they are required, the additional cost will be approximately Rs. 3,000.

6. The rates are fair, and the estimate is forwarded for sanction of Government through the District Judge of Tanjore (vide paragraph 989 of the Public Works Code).

Proceedings of Government, Judicial Department, dated 20th August 1887, No. 1874.

From the Registrar of the High Court, Appellate Side, Nos. 1949 and 1979, dated 1st and 3rd August 1887, regarding the construction of the District Munsif's Court at Tiruvalur, Tanjore District, at a cost of Rs. 12,500, and stating that provision should be made for the construction of a muntapam and latrine at a cost of Rs. 3,000.

Order—dated 20th August 1887, No. 1874, Judicial.

The estimate for the construction of a District Munsif's Court at Tiruvalur is approved and transferred to the Public Works Department.

2. In accordance with paragraph 3 of the Chief Engineer's note, dated 2nd June last, recorded in G.O., dated 7th June 1887, No. 1528 W., it is presumed that the latrine will be constructed in accordance with the former type designs.

3. The Government do not think it necessary to provide a muntapam unless special circumstances can be adduced, which is not likely in a place like Tiruvalúr. The muntapam was advisedly omitted in the new type design.

(True Extract.)

(Signed) H. E. STOKES,
Acting Chief Secretary.

ORDER—dated 21st September 1887, No. 2491 W., Public Works.

With reference to paragraph 2 of the order in the Judicial Department, recorded above, the estimate of Rs. 12,500 for constructing a District Munsif's Court at Tiruvalúr in the Tanjore District has been increased to Rs. 13,500 to provide for a latrine in the compound of the Court, and is sanctioned for that amount. The current year's allotment to the work is Rs. 10,000.

2. The Superintending Engineer, VI Circle, will furnish the Examiner of Public Works Accounts with a copy of the abstract estimate.

3. This sanction has been registered as Provincial, No. 92 W. of 1887-88, and classified as Civil Buildings, Original Works.

(3) Purchase of a building for the Police Office at Tanjong.

2 The Estimate for the District
Munsiff's Court at Tirunelveli submitted
on

on the 2nd June/87 has not yet been sanctioned, and the Executive Engineer reports that he does not anticipate being able to spend more than Rs. 5000 upon the work, if the Estimate is sanctioned this or next month. The remaining Rs. 5000 can therefore be transferred to the Police Office in question.

3 From the Grant of Rs. 15000 for Item No. 2, Rs. 5000 were, in May No. 1098 T.J. of 9th September/87, recommended to be transferred to the District Jail at Trichinopoly; and the Executive Engineer does not expect to utilise more than Rs. 8000 unless Estimates to cover the whole balance Rs. 10000 are sanctioned and sent for execution by November. I would therefore propose that the balance of Rs. 750 still required for Item No. 3 may be conveniently met from this source.

4. I take the opportunity of requesting that, in case of the above proposals being approved, the next years demands for Items 1 & 2 will have to be increased in the Budget submitted from this Office.
