The Chief Secretary remarks as follows on the draft order on this paper —

" The building is not Govt. property — I cannot see why it should be repaired from Provl. funds". —

If the Financial Dept considered that the request of the Dist. Board to have the Apothecary's Quarters repaired at the cost of Provincial funds was inadmissible, they might have refused it at once — Instead of which they

491W . 21-9-87

remitted it to the P.W.D. for disposal. This was considered tantamount to asking the P.W.D. to do the repairs, & the draft order was framed accordingly.

If the request be considered unreasonable, there can be no difficulty in refusing it.

For orders.

6.12.86

Transfer the S.E.'s letter to F.D. with informn & advn in that Depr.

7/1/87

The D.P.W. are the proper to say whether the building was a fort. one or not. The present informn is clearer than the former that it is not. I think the best course would be for D.P.W. to say so, & that funds will not be given pending further orders.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

letter from the President, District Board, Nilgiris dated 13th October 1886 No. 273.

In submitting copies of correspondence and resolutions of the District Board regarding the transfer of the Devala Hospital to this Board, I have the honor to state that the institution is under the management of a Committee formed of the residents of that part of the District & supported by private subscriptions.

2. Owing to the Collapse of the gold mining enterprize the income of the Hospital has fallen off a great deal and the Committee are anxious to transfer the institution to the District Board, as it is not likely they will be able to continue its maintenance from the means at their disposal.

3. The Secretary to the Committee informs me that there is a sum of Rs. 116 now remaining to the credit of the Hospital and that he expects a further sum of Rs. 254 from the subscribers;

in all Rs 370.

4. The Executive Engineer D. P. W. has submitted an estimate, amounting to Rs 340, for the repairs of the Apothecary's quarters attached to the Hospital.

The average cost of the Hospital establishment and Contingent charges per mensem excluding the Salary of the Apothecary which is paid from Provincial Funds - amount to Rs 84 - " - "

5. As this transfer was not expected when this circle Budget for the current year was framed no provision was made in it on this account nor is it likely that there will be any saving from the Budget allotments sufficient to meet present requirements.

6. As it is most desirable on public grounds that this Hospital should be maintained I beg that Government will be pleased to allot funds from Provincial for -

1. Repairs to the Apothecary's Quarters Rs 340.

7. The establishment and Contingent charges can be met from the funds in hand aided to a small extent if necessary by the District Board.

Financial Dept

Endorsement on the above.

To the Chief Secretary to Government.

Order thereon, 6th November 1886 No 1487 L.F. (Mis:)

The question of repairing the Apothecary's Quarters will be dealt with in the P.W. Dept.

2. With regard to the taking over of the Devala Hospital the Government observe that the Local Fund Budget is now balanced by means of grants from Provincial funds; and the District Board must clearly understand that Government will not increase their grants on account of the transfer of the hospital. On the contrary it is probable that in 1886-87 the amount of assistance now given to the local fund will have to be reduced.

In such circumstances it seems very inexpedient that the Board should assume new liabilities.

Sir,

In returning the G.O. No. 1487 L.G. 2 The planters of South East Wynaad appear to have spent 8185 Rupees upon the building which was supplemented by a grant of Rupees 3,000 from Government. So far as I can

can ascertain no expenditure has ever yet been made upon it by the P. W. Department.

3. Under these circumstances I request instructions whether the Executive Engineer should take over charge of the building and repair it from Provincial funds. It would seem that the District Board should keep it in order from Funds at their disposal.

SIR,

In returning the correspondence referred to me for remarks under your endorsement No 199 ~~999~~ dated 6th June ~~January~~ 1887, I have the honor to state that if Mr Anderson occupied the quarters provided for him at Devala from 12th December 1886 to 4th January 1887 and now only claims compensation for their being inferior, his claim would be admissible in the event of the quarters being admitted to be inferior, but if he did not occupy those quarters and had to make his own arrangements for house accommodation during the period, he is certainly entitled to the house rent of his rank viz Rupees 30 (thirty) per mensem.

2. I may state that the District Board have since undertaken the management of the hospital.

3. The delay in reply was occasioned in consequence of some references which had to be made

made to the Medical Officer Ootacamund.
