From

Colonel J. Weldon,
COMMISSIONER OF POLICE,

To

The Inspector General
of Police,
Madras.

Sir,

I have the honour to forward
plans and estimates amounting to
Rupees 10290. for Constructing an upper
story to the shed now used by the
Deputy Commissioner of Police as his
office on the North Beach.

2. This work if sanctioned
will furnish accommodation for
which there is pressing need. It really
comprehends two absolutely essential
buildings, namely,

mainly, a decent Office for the Deputy
Commissioner of Police and a proper
Police Station for the Beach Police
who at present have no place in which
to transact business connected with
the Beach and Shipping.

3. Madras is becoming more a
port of call for Traders. Scarcely
a vessel arrives here that has not
some business to transact with our
Marine Police Division. So with the
mercantile community and it is but
fitting that something better and
more in keeping with neighbouring
buildings than the present dark
ill ventilated shed should be provided
as a Government Office.

4. This question has been now
long in abeyance. As reported in my letter
to Government, No. 61. dated 1st November
1886. the Harbour Trust Board are
pressing

pressing to reclaim a plot of ground
occupied by our Boatmen to the South
of the Pier. The verandah of the
proposed building will afford proper
shelter during bad weather or on other
occasions when all the men of the Beach
Division are required to be present for
duty while the little hut now used
as a make shift station-house can
be handed over to the Boat's Crews.

5. As the work is emergent I
trust Government may be pleased
to make a special grant and order
the immediate commencement of the
work.

I have the honour to be
Sir
Your most Obedient Servant.

Beloved.
Commissioner of Police.

NOTE OF REMARKS.

The accompanying estimate and plans provide for the addition of an upper story and for effecting other improvements to the existing *Police Station* at the *North Beach*, *Madras*. The estimate amounts to Rs. 10,290.

By the present arrangement the ground floor of the proposed building is to serve as a station for the *Marine Police* and is to consist of a constables' room, 20 ft. x 20 ft., a public room, 20 ft. x 20 ft., an inspector's room, 20 ft. x 9 ft., and a lock-up, 20 ft. x 9 ft., - with an open verandah, 5 ft. wide on the clear, running in front, and on each side. The north end of the verandah being formed into a bath room, 7 ft. x 6 ft. - The upper story is to accommodate

Deputy Commissioner of Police, and is to be done into a room for the Deputy Commissioner of Police, $20\frac{1}{2}$ ft. x $20\frac{1}{2}$ ft. a center room, $20\frac{1}{2}$ ft. x $20\frac{1}{2}$ ft., and a room for the clerks, $10\frac{1}{2}$ ft. x $20\frac{1}{2}$ ft. An open verandah, $7\frac{1}{2}$ ft. wide in the clear, is to run in front, and in rear - the north end of the rear verandah being walled in to serve as a bathroom, $7\frac{1}{2}$ ft. x $7\frac{1}{2}$ ft. A compound wall of brick in front, 330 feet in length (exclusive of two gateways, each $10\frac{1}{2}$ feet wide) and 5 feet high above ground level, with ornamental pedestals at intervals, is to form a rectangle $27\frac{1}{2}$ ft. x $81\frac{1}{2}$ ft., enclosing the building. The foundations of the existing walls which form the basis of the proposed structure, are $8\frac{1}{2}$ feet deep, and their basement is 12 feet high. The new masonry is to be, as is the old, of brick in mortar. The entire verandah, including front and rear verandahs, is to be roofed in with a terracing of brick and

²⁷⁰/₁₁
a layer of concrete 3 inches thick, three courses of flat tiles and three coats of plastering on top, with a plastered ceiling. This is also the description of roofing to be added for the front and rear verandahs of the upper story. The three rooms of the upper story are to be roofed in with triangular tiles over teak rafters and trusses. Sealing of teak planks is to run between rafters and rafters.

4. The proposed building appears well and fully to meet all requirements in this case and, subject to approval, may be accepted. Some of the minor details of the drawings now submitted are not strictly accurate but do not call for special notice. The scantlings of all the timbers for the proposed building are correct. The rates are fair. It is stated that the proposed work can, probably, be completed within six months from the date of its commencement.

5. The plans and estimate are countersigned by the Inspector

General

Police, and by the Commissioner
Police, and are approved in
the Judicial Department.

The plan and estimate
may be sanctioned
