Please state how you intend distributing the sum of Rs. 82,542, provided for in the Provincial Budget Estimate for 1887-88 for Temporary Establishment, among the several sub heads, such as, Engineer, Upper Subordinate, Lower Subordinate, Petty and Office Establishments.

Note.

From the accompanying statement it will be noticed that the sanctions accorded up to date under Temporary Establishment amount to Rs. 66039. The sanctions under Upper Subordinates amount to Rs. 22,510. This includes all the appointments up to date on account of Tank and Wards works. The sanctions under Office amount to Rs. 41,021. This includes Rs. 1,200 for accounts and provides for all the establishments proposed for the Tank Maintenance Scheme in the C. E.'s note printed with G. O. No: 1103 W d/21st April 1887.

No provision is necessary under Engineer as the E. Ees. and A. Ees for Tank and Estate works are ordered to be provided for from the Permanent Establishment. Mr. Harrington was however employed for some time and to cover the cost of his pay there will be a small provision required. When the actual sum paid on account is known the necessary provision can be made by reappropriation.

The lump sum provision in the Provincial Budget for 1887-88 for temporary establishment will therefore be distributed as shown below:—

Upper Subordinates	Rs 32,000
Office including Accounts	" 45,542
Petty	" 5,000
Total	Rs. 82,542

C. 7.6.87

W

From the accompanying statement it is clear that we are well within the Budget provision for the year under Temporary Est. After paying Mr. Harrington there will be a balance of about 14 000 Rs, and it is not anticipated that there will be any further demands for temporary establishment -

7.6.87.

Sir,

ENCLOSURE. 1

I have the honor to submit for Sanction a Statement of Proposition for temporary Establishment required for the Tanjore Divisional Office.

2. The Draftsman is required for completing the plans of the Cauvery and Vennar Regulator works which are reported to be partly finished. The Clerk is required for Copying

water registers of the last three years into books. The existing permanent staff have got sufficient work to do, and it is not possible to spare their services for this duty.

3. The Executive Engineer has applied to me for sanction to charge the pay of the establishment in question to works, and if it is impossible to make provision for them as temporary establishment this course will have to be followed, but the charge comes more legitimately under the head of establishment.

4. The Draftsman sanctioned in G. O. No. 3066 W^x of 19th November^x 1886 was dispensed with in accordance with G. O. No. 424 W dated 10th February 1887.
