GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following paper :—

Extract from the Proceedings of the Government of India, in the Home Department (Public), under date Calcutta, the 8th March 1887, No. 15—574-615.

Read—again—

Resolution, No. 34—1593-98, dated 4th October 1886, directing the formation of a Commission to enquire into and report upon the question of the admission of natives of India to the various branches of the Public Service connected with the civil administration of the country.

Resolution.—

In the 3rd paragraph of the Resolution cited in the preamble, the reasons are given why the Public Service Commission should in the first instance limit its enquiry to the Covenanted Civil Service and to the judicial and executive branches of the Uncovenanted Service. It was at the same time stated that when the time came for extending the enquiry to the other branches of the Public Service, it might be convenient to reconstitute the Commission in order to enable it to deal with the remaining questions, which are more or less technical in their character and necessitate recourse to the professional opinion of experts.

2. His Excellency the Governor-General in Council now understands that a point in the labors of the Commission has been reached at which it will be convenient to take measures for the commencement of the second division of the enquiry. This embraces the question of the admission of natives of India and of Europeans to the following branches of the Public Service connected with the civil administration of the country, namely,—Accounts, Archæology, Customs, Education, Forests, Geological Survey, Jails, Mint, Opium, Pilot Service, Post Office, Police, Public Works, Registration, Salt, Surveys and Telegraphs.

3. Having given the matter his careful consideration, His Excellency in Council thinks that the enquiry into the preceding branches and departments of the Public Service may best be conducted by a sub-committee of members of the Public Service Commission, with the addition of professional colleagues. By this means continuity of action will be preserved, while the experience already acquired by members of the Commission will be turned to account. His Excellency in Council had proposed that this further enquiry should be entrusted to a sub-committee of two European and two Native members of the Commission with the temporary addition of provincial members to supply professional experience; but owing to the strain imposed on members of the Commission by their labors in connexion with the first portion of the enquiry, this arrangement has been found impracticable. It has therefore been decided, with a view to distribution of labor and the utilization of local knowledge, that the enquiry relating to the special branches of the Public Service enumerated in the preceding paragraph shall be conducted by a sub-committee consisting of six

members, one of whom, Sir Charles Turner, C.I.E., will also be President of the sub-committee. With him will be associated the Honorable J. W. Quinton, C.S.I., and the Hindu, the Muhammadan and the Eurasian members of the Commission, for such period as may be devoted to the inquiry in the province to which they belong. As the Public Service Commission does not contain a Muhammadan member from Madras or Bengal, nor an Eurasian member from Bombay or the North-Western Provinces, the Local Governments of those provinces will nominate as local member of the sub-committee a Muhammadan or Eurasian member as required. Finally, each Local Government will be requested to nominate to the sub-committee for duty while engaged within its jurisdiction a local member, selected from the department or branch of the Public Service which is being passed under review, whose duty it will be to bring his local knowledge and professional experience to the assistance of the committee in obtaining accurate and complete information on the special subject with which it is dealing, and in testing the evidence of witnesses on technical points.

4. The sub-committee thus constituted will exercise all the powers vested in the Public Service Commission by the Resolution cited in the preamble and by the orders passed in connection with it; and the Secretary of the Public Service Commission will also, so far as may be necessary and so far as his current duties under the Commission permits, act as Secretary of the sub-committee.

5. It will be the duty of the sub-committee to obtain and digest evidence on definite questions of fact to be placed before the Public Service Commission when it re-assembles later in the year. The subjects of the sub-committee's inquiry are, first, the present regulations of the various departments as to admission to the various grades and ranks in each; the conditions of service in each department, and the capacity for rendering efficient service therein, of the various classes who put forward claims to such employment. The professional or departmental member should bring clearly and accurately before the committee by means of evidence the existing organization of the department, its technical requirements, the professional attainments essential for efficient service in its various branches, and the results of local experience as to the comparative value of the services rendered by persons of various classes now employed in the department. It will be convenient that the sub-committee should closely restrict the scope of its inquiry to the practical issues which it is desired to elucidate.

His Excellency in Council desires that every class of Her Majesty's subjects in India shall have full opportunity to explain and illustrate its claims through representative witnesses on all the subjects of inquiry.

Order—

Ordered, that a copy of the above Resolution be forwarded to the President and Members of the Commission.

Ordered also, that a copy of the Resolution be forwarded to all Local Governments and Administrations for information and guidance, and with the request that due facilities may be afforded to the sub-committee in the discharge of the duties entrusted to it; and to the several departments of the Government of India for information and communication to the heads of departments under them; and that copies be forwarded to the officers noted in the margin.

Order—dated 22nd March 1887, No. 427, Public.

The Right Honorable the Governor in Council is pleased to nominate the Muhammadan gentleman named in the margin as a local member of the sub-committee referred to in the foregoing resolution.

Muhammad Ishaq Sahib, Khan Bahadur, Assistant Paymaster of Carnatic Stipends and Acting Persian and Hindustani Translator to Government.

2. The following officers will also be nominated for duty on the sub-committee, while engaged within the Madras Presidency, as representatives of the several departments of the Public Service under this Government:—

H. F. Clogstoun, Esq., Accountant-General.
A. Rea, Esq., First Assistant, Archæological Survey, Madras.
The Collector of Sea-Customs, Madras.
The Director of Public Instruction.
C. G. Douglas, Esq., Deputy Conservator of Forests, Madras.
H. R. Grimes, Esq., Inspector-General of Jails.

With reference to the Resolution of the Government of India in the Home Department, No. $\frac{15}{574-615}$, dated the 8th March 1887, appointing a Sub-Committee of the Public Service Commission for the purpose of enquiring into the admission of Natives of India and of Europeans to certain departments and branches of the Public Service, I am directed to request that, with the permission of His Excellency the Governor General in Council, you will be good enough to furnish the Committee with full and detailed particulars under each of the following heads in regard to the Public Works and Telegraph Departments throughout India :—

(1) the present regulations of the Department as to admission to the various grades and ranks of which it is composed, and to promotion therein; or if no such regulations exist, a statement of the principles by which the Departmental or other authority invested with the duty is guided in making first appointments to, or promotions in, the Department;

(2) the conditions of service in the Department in regard to pay, pension, and furlough;

(3) the technical requirements of the Department, and the professional attainments essential for efficient service in its various Branches;

(4) the classes of the community who seek to be employed in the Department, and the comparative capacity of each for rendering efficient service therein; and

(5) the existing* organization and constitution of the Department.

From—MAJOR A. G. BEGBIE, R.E., Under Secretary to the Government of India,
Public Works Department,
To—The Secretary to the Public Service Commission.

With reference to your letters Nos. 149, dated 17th, and 189, dated 18th March 1886, requesting to be furnished with full and detailed particulars regarding the Establishments of the Public Works and Telegraph Departments, I am directed to enquire what is intended by the term "Department" as used in the letters cited above. Is it to be understood as applying only to the Superior Branches, that is to say, to Engineers recruited from the Royal Engineer Corps, the Royal Indian Engineering College, Coopers Hill, and the Indian Colleges, and to Telegraph Officers recruited from the Royal Indian Engineering College, or to the Subordinate Services as well; and if so, down to what limit, pecuniary or other?

2. I am to say that, on receipt of explanations on these points, the Government of India will itself supply the information asked for in clauses (1), (2) and (5), and in (3), so far as that clause relates to matters of fact, and not of opinion. In regard to so much of clause (3) as is matter of opinion, and to clause (4), the Government of India proposes to leave the Local Governments to tender, in the first instance, such views as they may hold, either in writing or by evidence of officers subordinate to them, according to their discretion. It is, however, the intention of the Government of India subsequently to nominate a professional or departmental member under paragraph 5 of Home Department Resolution No. $\frac{15}{574-615}$, dated 8th March 1887, to perform the functions therein indicated regarding such Branches of this Department as are directly under its own direct control, through the Director General of Railways or otherwise. The Commission will also be shortly informed what course it is intended to pursue regarding the local examination of officers of the Telegraph Department.

Sir,

Being on my way to Ganjam I beg to address this letter to you in the hope that you will be pleased to give it your favorable consideration.

I beg in the first instance to request that I may be permitted to appear before the Public Service Commission Subcommittee, when they arrive at Madras, for the purpose of giving my evidence on the subject of the block of Promotion to civilian subordinates of this department, a subject on which I have on two occasions memorialised the Madras Government and the Chief Engineer, Public Works Department, to no great advantage.

I beg also to request that you will be pleased to order, ~~cop~~ being given to me, copies of Mr. J. P. Davidson's letters which he wrote while he had charge of North Arcot Division, the one as covering letter to my second memorial which I submitted in Dec. 85 and the other, in reply to the Chief Engineer's memo. no. 1902 C dated 21st May 1886. I may state here that I applied to the present

Executive Engineer of that Division & he has refused to give them to me saying that I "must fight my own battle without extraneous help".

In the last place, I beg to be permitted to print at my own expence, in the form of a pamphlet, my two memorials, the G. [illegible] on the first one, Chief Engineer's memo. no. 1902 C. dated 21st May 86, and Mr. Davidson's two letters above referred to, all in one, and then to ~~[illegible]~~ send one copy to each of the members of the Public Service Commission Sub-Committee.

As I now learn that the Public Service Commission Sub-Committee are shortly to arrive at Madras for the purpose of inquiring into the grievances of Special Departments, I request that you will be pleased to forward this my humble application to the Chief Engineer Public Works Department, for permission to my appearing before the Sub-Committee at Madras at Government expense.

As

As one employed in the North Arcot District, I offered in my letter No. 608 Dated 20th January 1857, to do so at my own expense in Case the Executive Engineer was not disposed to recommend it otherwise, but now that I am transferred to the northern most limit of the Presidency, not accessible by Railway communication and that it will be utterly beyond my means to undertake this at my own expense, I beg to request that you will be pleased to support this application with your favorable recommendation.

PUBLIC DEPARTMENT.

Read—the following papers :—

From M.R.Ry. V. SUBRAMANIA SASTRI, Overseer, to the Deputy Chief Engineer, Public Works Department, Madras, dated Chepâk, 16th July 1887.

I beg to express my gratitude for your kindness in allowing me to stop here for the purpose of giving my evidence before the Public Service Commission Sub-Committee, and at the same time to request that I may be allowed to draw the allowance due to my rank as overseer, 2nd grade, for the days I remain in Madras. Especially now, owing to my transfer to Ganjam, I have been put to much expense and feel very much pinched in pocket; and living in Madras even makes the matter worse. I request that even if existing rules be against my getting any allowance, you will be pleased, as a special case, to recommend a liberal treatment being given to me in this matter, especially considering my present circumstances as above stated.

Office Note from the Deputy Chief Engineer, Public Works Department, to the Examiner, Public Works Accounts, dated Madras, 19th July 1887, No. 2397-C.

Please state what allowance can be granted to Overseer V. Subramania Sastri for the period he is detained here to give evidence before the Public Service Commission. He has been detained at his own request.

Office Note from the Examiner, Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 22nd July 1887, No. 374.

It seems to be open to Government to direct that the overseer shall be considered "on deputation" under rule (V) of section 57 of the Acting Allowance Code, as amended by Standing Order, No. 24 of 11th July 1884, and he will then draw his ordinary departmental pay, unless Government wish him to draw more, in which case they can grant him a deputation allowance at a rate not exceeding one-fifth of salary.

2. As similar cases will probably be occurring in other departments, and as uniformity may be desirable, I would suggest a reference to the Public Department.

To W.   No 621 d/ 6-10-87

Please state with reference to G.O. No. 2423 W. dated 8th. September 1887, whether the orders contained in G.O. No. 2149 W. dated 12th. August 1887 regarding the grant of Presidency House Rent and Presidency Allowance to Overseer V. Subramanya Sastry should be considered as cancelled, as under the former, the Overseer, having been permitted to attend the Commission, does not appear to be entitled to anything more than his ordinary official pay.

2. I also wish to be informed whether the term "ordinary official pay" includes an allowance (such as Presidency House Rent) which is claimable as a matter of course, and without any special sanction by an officer on duty at the Presidency.
