4TH FEBRUARY 1887, No. 276 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Surgeon-Major A. M. BRANFOT, M.B., Superintendent, Lying-in Hospital, Madras, to the Secretary to Surgeon-General with the Government of Madras, dated Madras, 18th December 1886, No. 312:—

I have the honor to forward, for favor of sanction, a supplemental estimate, amounting to Rs. 47-1-8, from the Municipal Water Works Department, for wood-work required by the Sub-Engineer, Public Works Department, in charge of the hospital buildings, to support the brick-work of the walls on which the new pumps are to be attached. One pump has already been erected and appears satisfactory, except that the iron verandah railing must be placed further out in order to enable the pump to be worked properly and safely.

No. 427.

MEMORANDUM.

Forwarded to the Chief Secretary for the sanction of the Right Honorable the Governor in Council.

FORT ST. GEORGE,
21st December 1886.

(Signed) G. BIDIE,
Surgeon-General with the
Madras Government.

Approved and transferred to the Public Works Department, in continuation of endorsement No. 1036 C., dated 30th June 1886.

(By Order.)

FORT ST. GEORGE,
17th January 1887.

(Signed) W. S. MEYER,
Asst. Secy., P.D.

ORDER—dated 4th February 1887, No. 276 W., Public Works.

The estimate, amounting to Rs. 47, for additional wood-work required for fixing the new pumps at the Lying-in Hospital, is sanctioned as supplemental to the estimate of Rs. 948 sanctioned in G.O., No. 1858 W., dated 22nd July 1886.

2. The cost of the work will be met from the Minor Works grant to the Consulting Architect's division under Civil Buildings.

3. This sanction has been registered as Provincial, No. 170 W., of 1886-87, and classified as Civil Buildings, Original Works.

READ—the following letter from G. BIDIE, Esq., M.B., C.I.E., Acting Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 17th June 1886, No. O-173:—

I have the honor to submit, for the favorable consideration of the Right Honorable the Governor in Council, the accompanying letter and estimate from the Superintendent, Lying-in Hospital, amounting to Rs. 947-15-10, for replacing the inefficient pumps by others of a better kind, and for an iron tank for the nurses' quarters.

2. Now that the institution is undergoing general repairs, this seems a suitable time for supplying substantial pumps instead of the present inefficient ones, which are constantly needing repairs, and also for replacing the old and worn-out iron tank in the nurses' quarters.

ENCLOSURE.

From Surgeon-Major A. M. BRANFOOT, M.B., Superintendent, Government Lying-in Hospital, Madras, to the Secretary to the Surgeon-General with the Government of Madras, dated Madras, 4th June 1886, No. 145.

I have the honor to forward, herewith, an estimate for replacing the pumps in use in this hospital by others of a better kind, and for an iron tank for the nurses' quarters, amounting altogether to Rs. 947-15-10.

2. In explanation of the necessity for this estimate, I should say that, when the hospital was built, small rotatory pumps were put up by the municipality for forcing the water to the tank in each block. The use of these pumps appears now to have been experimental, and they have not fulfilled the expectations which the municipal engineers had of them, and now they have become next to unserviceable. A considerable sum (Rs. 74-12-11) has been spent during the last twelve months simply in repairs of these pumps, and, if it is possible, it would be better and cheaper in the end to remove them altogether and replace them by the better kind now estimated for. These cannot get out of order in the same way, and can always be efficiently repaired.

3. With regard to the iron tank, this is absolutely necessary for the water supply to the nurses' quarters as the one there is in holes, and cannot be repaired. If the one now estimated for is sanctioned, I am told that it will last, if painted from time to time, for an indefinite number of years.

4. As the sanctioned repairs to the buildings are now being carried out, it would be well if the water supply could be put in order at the same time.

No. 1036 C., Public.

Approved, and transferred to the Public Works Department for disposal.
(By Order.)

(Signed) E. S. LAFFAN,
Acting Under Secretary.

OOTACAMUND,
30th June 1886.

ORDER—dated 22nd July 1886, No. 1858 W., Public Works.

The estimate, amounting to Rs. 948, for providing new pumps and an iron tank at the lying-in hospital, Madras, is sanctioned for execution by the Madras municipality.

2. The cost will be met from the minor works grant to the Consulting Architect's division under Civil Buildings.

3. This sanction has been registered as Provincial, No. 70 W. of 1886-87, and classified as Civil Buildings, Original Works.
